Dear Hero Hope Bolinger, Alyssa Roat, 2024-10-29 There's an app for everything even meeting a new nemesis Up and coming teen superhero Cortex is on top of the world at least until his villain dumps him If he's going to save his reputation he needs a new villain to fight and fast Meanwhile the villainous Vortex has once again gotten a little overeager and taken out a hero prematurely Will any young hero be able to keep up with her Maybe she should work on finding a steady relationship with an enemy she won't kill in the first round Enter Meta Match a nemesis pairing site for heroes and villains The two match right away and after throwing punches at each other behind coffee shops practicing their

fight choreography and hiring henchmen to do their bidding mostly just getting them coffee they realize they have a lot more in common than names that annoyingly rhyme After all they're still rising through the ranks in their respective circles and their reputations need good press But not everything in the superhero world is as it seems Can a hero really trust a villain to do the right thing And can a villain trust a hero not to screw them over As darkness from the past threatens them both they may need each other for the fight to come one with much higher stakes than their choreographed meet ups on weekends Told entirely through texts transcriptions and direct messages this darkly humorous chat fiction rom com goes behind the scenes of the superworld
