Lee Konstantinou, 2022-11-22 Considered by some to be the greatest novel of the twenty first century Helen DeWitt's brilliant
The Last Samurai tells the story of Sibylla an Oxford educated single mother raising a possible child prodigy Ludo
Disappointed when he meets his biological father the boy decides that he can do better Inspired by Akira Kurosawa's Seven
Samurai he embarks on a quixotic moving quest to find a suitable father The novel's cult classic status did not come easy it
underwent a notoriously tortuous publication process and briefly went out of print Lee Konstantinou combines a riveting
reading of The Last Samurai with a behind the scenes look at DeWitt's fraught experiences with corporate publishing He
shows how interpreting the ambition and richness of DeWitt's work in light of her struggles with literary institutions provides
a potent social critique The novel helps us think about our capacity for learning and creativity revealing the constraints that
capitalism and material deprivation impose on intellectual flourishing Drawing on interviews with DeWitt and other key
figures Konstantinou explores the book's composition and its history with Talk Miramax Books the publishing arm of Bob and
Harvey Weinstein's media empire He argues that The Last Samurai allegorizes its troubled relationship with the institutions
and middlemen that ferried it into the world What's ultimately at stake in Ludo's quest is not only who might make a good
father but also how we might fulfill our potential in a world that often seems cruelly designed to thwart that very possibility
