Soul Excavation: An Exploration and Discovery of Self Through Fear, Failure, and Quantum Physics Lesia Daria Kohut, 2022-11-11 Soul Excavation An Exploration and Discovery of Self Through Fear Failure and Quantum Physics is about one woman's transformational journey of living from fear anger and pain to discovering and choosing to live as the Infinite Power Creativity and Love she is at her core Lesia Kohut begins with her story of fear a brave candid exploration into how the turbulent relationship with her dad and confusing relationship with God early on in life lay the groundwork for three main limiting beliefs These beliefs were the foundation for several decades of living in fear anger pain and self doubt leading to attempted suicide alcoholism and believing there was something inherently wrong or broken with her In the second story she focuses on the failure grief and loss of identity felt during the painful emotional and financially crushing experience of closing down her dream turned nightmare organic sustainably minded gluten free bakery By the leap of faith story Lesia illustrates how her steadfast commitment to her Spiritual Consciousness Studies inspired and empowered her to anchor herself in knowing that no matter what personal financial and emotional challenges she and her family faced while moving across the country a few years ago she was always at choice as to how to move forward in life that she was the one creating her reality In the next part of the book Lesia explores the concept and impact of limiting beliefs focusing on the three main beliefs from her life You're not good enough You're not smart enough and You don't have what it takes She tells us how her Spiritual Studies including the more recent plunge into Quantum Physics helped her to become aware of her relationship with those long standing beliefs and to better understand and accept how and why they'd kept her feeling stuck for so long This awareness and understanding led to the profound realization that she was actually not her beliefs but that she was infinitely bigger and more powerful than the fear anger and pain she'd felt and the failures she'd experienced for most of her life Lesia explains how this renewed sense of faith and exciting understanding of reality from a quantum perspective has become the new foundation for how she now perceives and values her relationship with her dad and with God how she looks back on circumstances around the closing of her beloved bakery and how she moves forward in life today By sharing her journey from fear and failure to infinite possibilities Lesia

shows us that just because life has been a certain way up until now doesn't mean it has to be that way going forward. Death, A Love Story Janell Flores Bolte, 2024-08-29 It began happening almost immediately. The signs were clear and distinctly familiar. They came through music, dreams, nature, and sometimes even strangers. John was communicating from the other side. His death was not the end of our relationship. On the contrary, it revealed a new way of communicating. It was a deepening of the bond that had been forged during twenty years together as a couple and an epic cancer journey. Healing is a spiral, and there is no right way to pick up the pieces. There is only your way. And the path appears in the heart of every person who dares to look for it. Everyone has access to their loved ones who have crossed. You don't need to buy a crystal ball or hold seances unless you want to, because this book shares practical tools for bridging worlds since they do, in fact, exist simultaneously. In times of uncertainty, know this to be true: Love never dies.

Living Tantra Jan Day, 2021-11-09 Tantra originated in India many centuries ago but it's uniquely placed to help people use real life as grist to the mill for spiritual transformation. The purpose of the book is to articulate what Tantra can be in our modern times and how it can be applied to all aspects of our everyday life. Traditionally Tantra was a path that brought spirituality out of the caves and monasteries and into the life of householders. It didn't seek to separate sexuality and spirituality and to force people to make a choice but rather to integrate the life of family and relationship with spirituality. This includes sexuality but it's not all about sexuality and this is a rare book that applies Tantra to every aspect of life. Living Tantra is a body of work that aims to bring the essence and core message of tantra into relevance for our contemporary life and society as a path of spiritual growth and human development. It's based on her legendary workshops which book up via word of mouth and attracts attendees from across Europe and North America especially Sweden Austria USA Germany Spain and the Czech Republic. The exercises here come out of these workshops and mean that we can benefit from this work in our own homes. The principles of Living Tantra are to use all life all experience to learn and become more conscious of ourselves and the world around us to care more for ourselves each other and the world and to develop greater compassion. Tantra includes everything. It is the weaving together of all that is.
