Irvin, Julie Meltzer, Melinda Dukes, 2007-06-15 Literacy lies at the heart of student understanding and achievement Yet too many educators mistakenly assume that the reading writing speaking and thinking skills that students developed in elementary school are sufficient for the sophisticated learning tasks they face in middle and high school The result Disappointing test scores high dropout rates and students unprepared for higher education citizenship and the world of work Taking Action on Adolescent Literacy An Implementation Guide for School Leaders presents a structured approach to using literacy as a lever for overall school improvement Literacy instruction is not an add on authors Judith L Irvin Julie Meltzer and Melinda Dukes insist it s an ongoing essential All adolescent students no matter what their level of achievement can benefit from direct instruction in reading writing speaking and thinking And all secondary school leaders can improve students literacy and learning by following the five action steps outlined in this book 1 develop and implement a literacy action plan 2 support teachers to improve literacy instruction 3 use data to make curricular decisions 4 build capacity for shared leadership and 5 creatively allocate resources to support the literacy plan The book also offers strategies to help educators integrate literacy and learning across the content areas provide targeted interventions for students who are struggling the most and develop a supportive school environment that involves parents community members and district leaders Practical tools helpful resources and vignettes based on the authors extensive work in school districts nationwide make this an indispensable guide for principals central office administrators literacy coaches department chairs and other school leaders committed to helping students succeed Critical Writing Secondary Framework Joseph Burke, 2024-11-26

Every secondary education teacher could use a little guidance when it comes to teaching and assessing academic writing. Whether English, ESL, history, or even science, all teachers requiring students submitting reports of any sort can benefit from the tips and data presented in *Critical Writing in the Secondary Classroom*. Within these pages lies explanations of the importance of summative assessment beyond just formative assessment in the classroom, comparing benchmark data in order to measure skill growth and how to share this data with students. Parents as well can benefit from learning how their children would be assessed in their writing and understanding the concepts that lie at the heart of the teacher's grading scale. New to this edition, teachers can learn how to analyze the data of their students' writings without the use of EdTech and for free.

About the Author: Joseph Burke has taught in public education since 1995 within different districts in the states of Utah, Arizona, and California, mostly ELA at the high school level. He belongs to the professional associations National Council of Teachers of English and the National Education Association. Burke holds his BA from Brigham Young University and his graduate degree from Northern Arizona University. He is married with two children and currently resides in Utah.

Socially Responsible Literacy Paula M. Selvester, Deborah G. Summers, 2015-04-26. This book offers a new vision for teaching literacy to adolescents that moves beyond reading for its own sake and toward reading as a way to motivate students to connect with their world. The authors draw on the voices of adolescent readers to discover how teachers can encourage their students to explore their identities, face injustices, and contribute to their communities. Readers learn how to incorporate the core issues of a socially responsible pedagogy into their own curricula to support strong literacy skills across the content areas. Each chapter includes reflection questions that move the reader toward personal and professional development along with classroom applications that provide specific strategies and ideas for engaging literacy projects. This dynamic book outlines a socially responsible pedagogy that will assist teachers in creating meaningful experiences to motivate even the most disengaged students. It takes a critical approach to teaching and learning that recognizes the importance of explicitly addressing issues of power and identity, examines effective school-wide models that promote a climate of responsibility toward the larger society.

Writer Identity and the Teaching and Learning of Writing Teresa Cremin, Terry Locke, 2016-12-01. *Writer Identity and the Teaching and Learning of Writing* is a groundbreaking book which addresses what it really means to identify as a writer in educational contexts and the implications for writing pedagogy. It conceptualises writers' identities and draws upon empirical studies to explore their construction, enactment, and performance. Focusing largely on teachers' identities and practices as writers and the writer identities of primary and secondary students, it also encompasses the perspectives of professional writers and highlights promising new directions for research. With four interlinked sections, this book offers nuanced understandings of how writer identities are shaped and formed. Insights into how classroom practice changes when teachers position themselves as writers alongside their students. New understandings of what this positioning means for students' identities as writers and writing pedagogy and illuminating case studies mapping
