well as the context of work choreographer performer s and other creative agents **The Visual Music Film** Aimee Mollaghan,2016-01-23 Adopting an interdisciplinary approach The Visual Music Film explores the concept and expression of musicality in the visual music film in which visual presentations are given musical attributes such as rhythmical form structure and harmony *The Routledge Companion to Teaching Music Composition in Schools* Kirsty Devaney,Martin Fautley,Joana Grow,Annette Ziegenmeyer,2023-08-18 The Routledge Companion to Teaching Music Composition in Schools International Perspectives offers a comprehensive overview of teaching composing from a wide range of countries around the world Addressing the current state of composition pedagogy from primary to secondary school levels and beyond the volume explores issues including different curricular and extracurricular settings cultural aspects of composing aesthetics musical creativity the role of technology and assessment With contributors from over 30 countries this volume encompasses theoretical historical empirical and practical approaches and enables comparisons across different countries and regions Chapters by experienced educators composers and researchers describe in depth the practices taking place in different international locations Interspersed with these chapters interludes by the volume editors contextualize and problematize the teaching and learning of composing music The volume covers a range of contexts including formal and informal those where a national curriculum is mandated or where composing is a matter of choice and a range of types styles and genres of musical learning and music making Providing a wide ranging and detailed review of international approaches to incorporating music composition in teaching and learning this volume will be a useful resource for teachers music education researchers graduate and undergraduate students and all those working with children and young people in composing music Journal of the American Musicological Society American Musicological Society,1992 音乐与视觉,2014-10-16
