

DIRECTIONS :

- * Brush thoroughly after each use and wipe column rods with dry cloth at least once a week.
 - * Never oil for lubrication.
 - * Volatile silicon liquid may be used for cleaning. It also helps smoothen the movement of bead-counters but be sure to use dry cloth at all times.
 - * With a proper care the ABACUS can be used for ten to twenty years.
 - * Beads of new ABACUS may be felt to be oversliding, but after using it for a little while your hand grease infiltrates into wood and bamboo and will give an incredibly smooth operation.
