environment in which it emerged an environment which comprises the North Caucasus the whole of Russia and beyond It examines how post Soviet jihadism is also part of global processes in this case global jihadism explores how post Soviet jihadism bears the imprint of the preceding Soviet context especially in terms of symbols discursive tools interpretational frameworks and dissemination strategies and discusses how ironically Russian speaking jihadism is an expansionist idea for uniting all Russian regions on a supra ethnic principle but an idea that was not born in Moscow or St Petersburg Overall the book demonstrates that Russian speaking jihadism is a completely new ideology which nevertheless has its origins in the intellectual and cultural heritage of the Soviet era and in the broader trends of post Soviet society and culture *Bichaq Combat.
