Analyzing American Identity in Jhumpa Lahiri's "The Namesake" Amos Wesonga, 2018-09-13 Essay from the year 2017 in the subject Didactics for the subject English Literature Works language English abstract The Namesake is the first novel from Pulitzer winner Jhumpa Lahiri focusing on the division between assimilated American children and Indian migrants The author analyzes Ganguli family beginning with Ashoke's close confrontation with death when he gets through a train crash in his homeland India Apparently this took place when he was reading his cherished novel by Nikolai Gogol During his stay in the United States of America with his wife he chooses to name his newborn child Gogol which was a pet name Later this turns out to be his official name and Gogol is oblivious of the importance behind it Thus this piece analyses the American identity in the novel The Namesake by exploring the role of family culture and environment in shaping American identity

The Namesake - A Psychoanalytical Interpretation Jens Pfundstein, 2009 Seminar paper from the year 2008 in the subject English Language and Literature Studies Literature grade 1 3 Saarland University Anglistik Amerikanistik und Anglophone Kulturen course India the American Dream Fictional Examples 8 entries in the bibliography language English abstract In this paper we will attempt a psychoanalytically tinted interpretation of one if not the main character in Jhumpa Lahiri's The Namesake To be more specific we intend to concentrate on Gogol Ganguli As the novel is said to portray conflicts that haunt Gogol on his own winding path through divided loyalties comic detours and wrenching love affairs Lahiri reverse of the novel we should thus be allowed to ask what conflicts Is it true that there are several conflicts or is it possible that there exists only one major conflict With these questions in mind and the feeling that there is something in the text we are not explicitly told we decided to try a psychoanalytical interpretation of Gogol an interpretation which allows us to approach the text as follows We will first provide the definitions of the basic concepts and ideas As these concepts and ideas are not only abstract but contradictory to a certain degree we feel obliged to simplify and generalize these notions without

falsifying or distorting the basic concepts Secondly we will provide the reader with our line of argument In other words we will piece together the basic notions in order to form a coherent line of thought The third step consists of an application of this line of thought to the text which in turn is expected to yield new insights As we are convinced that this approach provides new insights we will deal with their implications in step four This then brings us to the conclusion of the paper which will take the form of a short summary of all our findings
