The New Strong-Willed Child James C. Dobson, 2014-08-22 More than 2.5 million copies sold Is a willful little darling driving you to distraction The New Strong Willed Child is the resource you need a classic bestseller completely rewritten updated and expanded for a new generation of parents and teachers seeking guidance on dealing with kids difficult behavior Find out what Dr James Dobson author of *Bringing Up Boys* and today's most trusted authority on parenting has to say about What makes strong willed children the way they are Shaping the will while protecting the spirit Avoiding the most common parenting mistake Setting boundaries with the defiant child Strong willed children and ADHD If you are struggling to raise and teach children and teens who are convinced they should be able to live by their own rules The New Strong Willed Child is a must read This new edition is part of Dr James Dobson's Building A Family Legacy initiative designed to help you overcome common frustrations and create peace in your home Challenging as they are to raise strong willed children can grow up to be men and women of strong character if lovingly guided with understanding and the right kind of discipline The Strong-willed Child James C. Dobson, 1978 Dealing with discipline of the strong willed child birth through adolescence

Summary of James C. Dobson's The New Strong-Willed Child Everest Media, 2022-06-13T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The strength of the will is a characteristic that some children seem to be born with These children are easy to raise and they never spit up on the way to church 2 The Strong Willed Child was written in 1978 and since then much has changed with regards to how we raise children The book was revised to reflect this new information 3 The author's original intent was to help parents raise strong willed children but today's parents are facing many more challenges than they did when the book was first written They need a well designed game plan to navigate through those challenges 4 The author's friend was a recreational pilot who flew toward his home base when he was younger He could not see the hazy runway below because of the sun's setting behind a mountain He flew his plane around in the blackness of the night afraid of death

James C. Dobson, 1978-01 Beyond Time-Out Beth A. Grosshans, Janet H. Burton, 2009-10-13 The covers of such magazines as Time and Newsweek have described parents as living in mayhem and madness with their children TV's Supernanny regularly captures kids wildly unbelievably out of control How did our families get to such a state Child psychologist Dr Beth Grosshans has the answer And mothers and fathers everywhere are listening In what is sure to become a much discussed blockbuster Dr Grosshans reveals why she believes nearly a half century of parenting advice with its emphasis on talking

exalting children's self esteem and time outs is largely to blame for today's lack of discipline Her innovative ideas and techniques challenge this prevailing culture proving that power and authority are as essential as love and good intentions to effective parenting She persuasively explains why kids can only grow up healthy and strong when firmly led by their parents experience and better judgment and provides a clear easy five step program to follow She enables parents to look at themselves clearly and identify their child rearing style they are often shocked to discover how their own behavior has inadvertently caused an imbalance in the family's structure Reading Beyond Time Out is akin to sitting with Dr Grosshans in her clinical office and her core truths about healthy parent child relationships are timeless **Practicing what the Doctor**

Preached Susan Bales Ridgely, 2017 James Dobson is well known to the secular world as a crusader for the Christian right But within Christian circles he is known primarily as a childrearing expert millions of American children have been raised on his message Practicing What the Doctor Preached looks at how Dobson's rigid authoritarian teachings are put into practice by actual families often in surprisingly flexible ways **The New Dare to Discipline** James C. Dobson, 2014-08-22 Much

needed answers to your toughest parenting questions Why are boundaries so important Do children really want limits set on their behavior My spouse doesn't seem to care about discipline why I am I stuck being the bad guy Is it okay to spank my child or will it lead him to hit others and become a violent person Join the millions of caring parents who have found answers in the wisdom of parenting authority and family counselor Dr James Dobson The New Dare to Discipline is a revised and updated edition of the classic bestseller designed to help you lead your children through the tough job of growing up This practical reassuring guide will teach you how to meet your children's needs of love trust affection and discipline This new edition is part of Dr James Dobson's Building A Family Legacy initiative **Beating the Devil Out of Them** Valerie

Bentz, 2017-07-28 Based on his studies of over 9 000 families Murray A Straus the foremost researcher on family violence in the world discusses the extent to which parents in the United States use corporal punishment such as spanking and slapping and its effects on their children The question of whether corporal punishment is an effective method of discipline is hotly debated Straus contends that this believed to be minor form of physical violence is precursor to much violence that plagues our world Children who are spanked quickly learn that love and violence can go hand in hand Since spanking is generally done by loving caring parents for the child's own good a child can learn that hitting is morally right Straus describes what he has learned through two decades of research children who are spanked are from two to six times more likely to be physically aggressive to become juvenile delinquents and later as adults to use physical violence against their spouses to have sadomasochistic tendencies and to suffer from depression Straus alerts parents to these risks and argues that spanking adversely affects not only the children who are subjected to it but society as a whole This groundbreaking book now available in paperback with a substantive new introduction and new concluding chapter is essential reading for parents as well as teachers lawyers and judges Professionals in fields such as social work child protection delinquency and criminology

psychology and politics will find it of critical importance The Strong-willed Child James C. Dobson,1993 **When God Doesn't Make Sense** James C. Dobson,2012-10-17 With more than one million copies sold *When God Doesn't Make Sense* is an immensely practical book for those who are struggling with trials and heartaches they can't understand Why does disease natural disaster divorce rejection death or some other sorrow seep into our lives when we are trying to serve the Lord It just doesn't seem fair This book deals unflinchingly with life's most troubling question Why Drawing on his long experience as a Christian psychologist and family counselor Dr Dobson brings hope to those who have almost given up *When God Doesn't Make Sense* also helps believers avoid the betrayal barrier the sense that God is abandoning them amid the storms of life Now with a new foreword by R T Kendall **Crimes of Punishment** Theodore L. Dorpat,2007 This groundbreaking book by an award winning psychoanalyst and forensic psychiatrist presents a comprehensive exploration of a timely but often taboo topic the failure of punishment to deter crime and violence an issue that affects us both individually and as a culture Written at the culmination of the author's fifty year career as a psychoanalyst forensic psychologist and scholar this wide ranging work identifies the origins of violence and investigates the surprising consequences of punishment from a multitude of perspectives In his treatment of the topic Dr Dorpat utilizes scientific research ethical reasoning and his vast clinical experience and insight He also suggests the benefits of new and emerging humane alternatives to the revenge punishment model currently entrenched in our society such as restorative justice In contrast to most contemporary measures these new approaches while still imprisoning dangerous individuals effectively stress reparation and forms of sanctioning other than incarceration When restitution replaces revenge everyone benefits *Crimes of Punishment* examines four key interrelated social methods of punishment These are 1 the corporal punishment of children 2 the incarceration of adults in prisons 3 capital punishment the death penalty and 4 emotional verbal abuse As he elucidates and analyzes each of these forms of punishment Dr Dorpat clearly and logically makes the case that punishment is not only ineffectual but that it also engenders more of what it ostensibly aims to stop violence and misbehavior Both children and adults who are subjected to punishment tend to become more violent individuals In covering the full scope of our contemporary justice system Dr Dorpat brings to the forefront those who are often overlooked or dismissed the victims of crime His concluding chapters present and clarify the psychological wounds and needs of these individuals and demonstrate how restorative justice is effective in attending to victims in an ethical and healing manner In a humane and ethically evolved society restitution replaces punishment Market Comparison *Crimes of Punishment* is unique in that it covers not just one but four different types of punishment the corporal punishment of children the incarceration of adults the death penalty and verbal emotional abuse Two earlier books written by psychiatrists expose the terrible conditions in America's prisons They are *The Crime of Punishment* New York Viking 1968 by Karl Menninger and *Prison Madness* by Terry Kupers San Francisco Jossey Bass 1999 This book differs in two important ways from the books written by Menninger and Kupers First *The Crimes of Punishment* covers other kinds of punishment

while those authors deal only with the punishment of incarceration Secondly the reforms they recommend are merely piecemeal modifications of the present criminal justice systems whereas Dr Dorpat argues for a radical change that includes the abolition of today s punitive prison Retributive Justice system and the establishment of a new and different system namely Restorative justice a system that has been developed over the past decade in Australia and New Zealand The Crimes of Punishment differs from Menninger s book in covering the many changes that have occurred in prisons since 1968 In several short chapters on restorative justice the book also explores this exciting new approach and serves as an informed introduction to a new important and effective moral approach to the treatment of criminals **Dialed In Jim**

Ramos,2024-09-03 Males are born Men are made Dialed In motivates and equips men to become spiritual leaders in their homes churches and communities as they stand strong in a dangerous world Popular podcaster Jim Ramos speaks to the hunger deep within the masculine soul in this practical exploration of Paul s letters to Timothy and Titus Men who wonder how to lead well in today s confusing culture will find Twenty key qualities of a man of God such as servanthood vigilance and faithfulness What it means to function at full capacity in every aspect of life Insights into why Paul s letters aren t just for pastors but for all of us What true masculinity looks like in God s eyes How men can live a life surrendered to Jesus Christ God made man to live at his highest level both spiritually and physically to carry the full weight of his masculine soul Including self assessments and questions for small groups Dialed In goes beyond vague principles to teach men how to become God s man and hear the words their souls crave Well done my good and faithful servant **The Anointed** Randall J.
