Junctures in Women's Leadership Linda Steiner,2025-06-17 The news industry is still dominated by men Yet women have exercised leadership in journalism and related media professions in a variety of ways from moral leadership to experimenting with structural and technological innovations and pioneering new formats to serve new audiences This book offers a robust account of women s leadership in journalism looking at what motivated women to become media leaders the obstacles they overcame and the strategies they used to solve problems and handle crises This book offers profiles of inspiring women in prominent media positions from the nineteenth century to today beginning with trailblazers like abolitionist publisher Mary Ann Shadd and Memphis Free Speech anti lynching editor Ida B Wells The book takes an in depth look at the leadership styles of well known media moguls like Oprah Winfrey and Washington Post publisher Katharine Graham Other chapters highlight women now emerging as media leaders such as digital media executive S Mitra Kalita and Iman Zawahry a Muslim hijabi filmmaker Bringing together cases from print broadcast public relations film and digital media this book offers useful insights into how to be an effective leader in an ever changing industry

Women who Opt Out Bernie D. Jones,2012 In a much publicized and much maligned 2003 New York Times article The Opt Out Revolution the journalist Lisa Belkin made the controversial argument that highly educated women who enter the workplace tend to leave upon marrying and having children Women Who Opt Out is a collection of original essays by the leading scholars in the field of work and family research which takes a multi disciplinary approach in questioning the basic thesis of the opt out revolution The contributors illustrate that the desire to balance both work and family demands continues to be a point of unresolved concern for families and employers alike and women s equity within the workforce still falls behind Ultimately they persuasively make the case that most women who leave the workplace are being pushed out by a work environment that is hostile to women hostile to children and hostile to the demands of family caregiving and that small changes in outdated workplace policies regarding scheduling flexibility telecommuting and mandatory overtime can lead to important benefits for workers and employers alike

Career Development and Systems Theory Wendy Patton,Mary McMahon,2006 The Systems Theory Framework was developed to produce a metatheoretical framework through which the contribution of all theories to our understanding of career behaviour could be recognised In addition it emphasises the individual as the site for the integration of theory and practice Its utility has become more broadly acknowledged through its application to a range of cultural groups and settings qualitative assessment processes career counselling and multicultural

career counselling For these reasons the STF is a very valuable addition to the field of career theory In viewing the field of career theory as a system open to changes and developments from within itself and through constantly interrelating with other systems the STF and this book are adding to the pattern of knowledge and relationships within the career field The contents of this book will be integrated within the field as representative of a shift in understanding existing relationships within and between theories In the same way each reader will integrate the contents of the book within their existing views about the current state of career theory and within their current theory practice relationship

Connerley, Jiyun Wu, 2015-07-27 This handbook provides an overview and synthesis of relevant literature related to the issue of the well being of working women This focus addresses a gap that currently exists in the quality of life and well being fields The work of the authors answers the following broad questions Does gender matter in the well being of working women Do prejudices against and stereotypes of women still play a role in inter personal interactions in the workplace that could hinder women from flourishing professionally Does the organizational context such as organizational culture reward systems and leadership contribute to the well being of working women What impact does the national context have on the well being of working women And finally how can public policies help enhance the well being of working women These are important issues for academics researchers and graduate students interested in gender issues in the fields of management sociology psychology social psychology economics and quality of life studies Policy makers and practitioners will also find this book beneficial Equitable treatment and outcomes for all regardless of gender remains a challenging goal to achieve with various barriers in different contexts and different cultures and this book provides strong coverage of this important topic of well being of working women

International Handbook of Giftedness and Talent K. A. Heller, F. J. Mönks, R. Subotnik, Robert J. Sternberg, 2000-12-18 The first edition of this popular reference work was published in 1993 and received critical acclaim for its achievement in bringing together international perspectives on research and development in giftedness and talent Scholars welcomed it as the first comprehensive volume in the field and it has proved to be an indispensable resource to researchers Since the first edition the scholarly field of giftedness and talent studies has expanded and developed welcoming contributions from researchers in related disciplines Several theoretical frameworks outlined in the first edition have now been empirically tested and a number of new trends have emerged The Second Edition of the International Handbook of Giftedness and Talent provides an invaluable research tool to academics researchers and students interested in the field of giftedness and talent The contributors are renowned in the field and the broad range of topics on giftedness that have been studied in the past century right up to the late 1990s are represented in this volume It is truly international in scope bringing together leading scholars and teachers from all around the world This new edition has been fully updated and rewritten and includes 22 completely new chapters It provides a comprehensive review and critical synthesis of significant theory a unique cross national perspective with contributions from over 100

distinguished authors covering 24 nations significant contributions from scholars working in related fields an increased focus on empirically supported scholarship and is arranged for quick and easy reference with comprehensive subject and author indexes *Athena Unbound* Henry Etzkowitz, Carol Kemelgor, Brian Uzzi, 2000-10-19 Why are there so few women scientists Persisting differences between women's and men's experiences in science make this question as relevant today as it ever was This book sets out to answer this question and to propose solutions for the future Based on extensive research it emphasizes that science is an intensely social activity Despite the scientific ethos of universalism and inclusion scientists and their institutions are not immune to the prejudices of society as a whole By presenting women's experiences at all key career stages from childhood to retirement the authors reveal the hidden barriers subtle exclusions and unwritten rules of the scientific workplace and the effects both professional and personal that these have on the female scientist This important book should be read by all scientists both male and female and sociologists as well as women thinking of embarking on a scientific career

Higher Education and the Reproductive Life Course Sarbani Banerjee, 2006 This study examines the impact of higher educational attainment on the changing lives of women both at the individual and the societal level The study focusses on the cross cultural contexts in one of the states in South India and the Netherlands Karnataka in the recent times is experiencing fertility transition while the Netherlands has already achieved fertility transition The two cultural contexts are both diverse and unique in character The author explores both the uniqueness as well as the similarities hence studying the impact of higher education on the changing lives of women as a continuum across cultures and societies Changes at the individual level are captured by distinguishing women into older and younger generations while changes at the societal level are captured through social change At the individual level we distinguish between the lived life course and the perceived life course At the societal level we focus on how higher educational attainment has enhanced women's position in the society The study uses secondary data from the National Family Health Survey 1998 1999 for the state of Karnataka and the Netherlands Family Fertility Survey OG 98 In addition to the secondary data in depth interviews were also conducted amongst women in Bangalore and Groningen Research Handbook of Diversity and Careers Adelina M.

Broadbridge, Sandra L. Fielden, 2018 This unique Research Handbook covers a wide range of issues that affect the careers of those in diverse groups age disability gender race religion sexuality and transgender as well as appearance International experts from a variety of backgrounds contribute chapters in their given fields reviewing current thinking practices initiatives and developments within the field as well as presenting a wide ranging and holistic coverage of the topic

Self-Employment Activities of Women and Minorities Ursula Apitzsch, Maria Kontos, 2008-02-08 The discussion on new forms of non privileged self employment of women and minorities is usually divided into separate discourses on women's opportunities on the one hand and ethnic business on the other The focus in the discussion about the special resources of migrant entrepreneurship has been above all on the assumed collective traditions of ethnic business and not on the individual

emancipative resources of the self employed This book has brought the two discourses together While women and migrants are most vulnerable to social exclusion on the labour market at the same time they are subjects of unrecognized resources for self employment that have to be taken into account under the special conditions of social citizenship policies in the European Union Children's Lives in Southern Europe Lourdes Gaitán,Yannis Pechtelidis,Catarina Tomás,Natália Fernandes,2020-02-28 This interdisciplinary book provides a sociological view of the contemporary experiences of children in Southern Europe Focusing on regions deeply affected by the 2008 economic crisis it offers a detailed investigation into the impact of economic downturn and austerity on the lives of children
