A World Of Bracelets:

A World of Bracelets Anne van Cutsem, Mauro Magliani, Lynn Levenberg, 2002 The Ghysels collection of ethnic jewellery is one of the world's largest and most comprehensive. It is the culmination of a passionate quest of over forty years for aesthetic beauty and authenticity. As such, it represents an invaluable repository of research, taste and discernment. We enthusiastically pursue our journey through the twists and turns of the Ghysels' wealth of adornments. After having explored the universe of rings and earrings in two prior books in this series, we now have the pleasure of discovering the universe of bracelets. These mainly unpublished bracelets, about 1200 of them, have been chosen piece by piece with great love and exquisite taste. They form a group of exceptional quality that displays a great variety of forms. Just as with rings and earrings, bracelets and anklets punctuate the phases of one's life. Small rings which tinkle with the least movement preserve children from evil spirits in the Near East. All self-respecting Jewish brides from Sana'a wear several pairs of bracelets with gossamer filigree. In order to ensure abundant progeny, a Bengal bride will be given a bracelet made from a shell. A flat ivory bracelet rewards a Sudanese elephant hunter of the Dinka tribe for his bravery. And when undertaking their final journey, both men and women surround themselves one last time with bracelets such as the jade ones found in Chinese tombs. The author guides us on a continent-by-continent tour, explaining the historic and cultural contexts in which these ethnic bracelets originated. Captions inform us of materials, dimensions, and uses. A glossary of technical terms, maps, and an index round off the descriptive information. **BOOK JACKET Title Summary field provided by Blackwell North America Inc. All Rights Reserved.**

Charms and Charm Bracelets: A Journey Through Time Pasquale De Marco, 2025-07-07 Charms and charm bracelets have been captivating people's hearts and imaginations for centuries. Write This Way Kelly Boswell, 2015-02-20 Modeling is one of the most effective of all teaching strategies, and yet many teachers overlook this powerful tool in writing instruction. When teachers think aloud and then craft a piece of writing in front of their students, they give student writers a peek into what is possible in their own writing. In this book, Kelly Boswell shows you how to transform student writers by infusing short bursts of purposeful teacher modeling. As students watch an adult writer think, talk, and write, they can develop the skills needed in order to create writing that is both polished and purposeful. Tony Stead, educator, internationally known literacy specialist, and author says, "Finally! Not just another book about how to teach writing, but one that targets the power of modeled writing." What a delight it is to read this professional resource that highlights the importance of this strategy as the cornerstone to successful teaching and learning of the writing process.

The Vikings in Poland Leszek Gardela, 2024-09-26 This pioneering work offers a meticulous exploration of Scandinavian presence in Viking Age Poland. Unveiling the complexities and controversies of past research and delving into the nuances of reciprocal interactions between Western Slavic and Scandinavian populations as revealed through archaeology and medieval texts, the book casts genuinely new light on a previously overlooked part of the Viking world. In setting the stage for these investigations, the monograph traces the evolution of Viking and Old Norse studies in Poland. It

covers the romanticisation of Norse culture and literature the dark days of the Second World War when archaeology was strongly driven by violent ideologies and the profound changes that occurred in academia after the fall of communism and Poland's accession to the European Union At the core of this book are thorough investigations into cross cultural interactions along the shores of the southern Baltic as well as in the interior of Poland Using first hand analyses of archaeological evidence from bustling ports of trade settlement sites silver hoards and burial grounds it is argued that the relationship between the local Western Slavic population and the Scandinavian migrants was highly complex but overall very symmetrical Crucial notions such as the construction of identity in diasporic communities ritual behaviour and the symbolic content of Viking Age material culture are also discussed at length offering new insights into Scandinavian and Slavic minds Enriched with high quality illustrations photographs as well as artistic reconstructions this book fills many blank spaces in the field of Viking studies and is intended both for professional audiences and general readers interested in the intricacies of our shared past

The Jewellery Of Roman Britain Dr Catherine Johns, Catherine Johns, 2013-02-01 This work provides a survey of the jewellery of Roman Britain Fully illustrated and accessible to both the specialist and amateur enthusiast it surveys the full range of personal ornament worn in Britain during the Roman period the 1st to 4th centuries AD It emphasizes the presence of two distinct cultural and artistic traditions the classical element introduced by the Romans and the indigeneous Celtic background The interaction of these traditions affected all aspects of Romano British life and is illustrated in the jewellery The meaning and significance of personal ornament in a wide range of cultures is discussed including such matters as symbolism and the display of wealth and status The principal types of Romano British jewellery are classified in detail drawing attention to those which can be relatively closely dated The coverage is not restricted to precious metal objects but includes jewellery made of base metals and materials such as bone jet and glass The final chapter is devoted to the techniques of manufacture a subject which has become better understood in recent years as a result of scientific advances The book should appeal to anyone who practices teaches or studies Roman archaeology together with all those with a professional or amateur interest in the history of jewellery and design *East of the Theater* Anastassios C.

Antonaras, 2023-01-13 Corinth has been an important site for the study of ancient glass since the pioneering work of Gladys Davidson Weinberg This volume presents the first attempt at Corinth to analyze the entire corpus of glass found in a single area that located just east of the Theater the focus of excavations conducted by the American School of Classical Studies in the 1980s These excavations revealed a north south street that flanked the Theater as well as a series of buildings to its east part of a residential neighborhood ranging in date from the Early Roman to the Early Byzantine period In this volume the first of the final reports from the East of Theater excavations the author presents the glass finds including over 450 cataloged examples of glassworking remains vessel glass and non vessel glass Significantly these finds reveal shifting patterns in vessel types manufacturing techniques and trade as well as evidence for local glass production throughout these periods Included
