A Window To Heaven When Children See Life In Death:

A Window to Heaven Diane M. Komp, 1992 As seen on ABC's 20/20 and featured in the March 1992 issue of Life Magazine this sensitive book tells of a doctor who finds faith through the dying children she treats Any believer who has asked questions about the innocent suffering of a child will relate to the author's honest quest for faith Window to Heaven Diane M. Komp, 1997-02-01 The New Children and Near-Death Experiences P. M. H. Atwater, 2003-11-06 Presents an in depth look at children who have experienced the near death phenomenon and the heightened abilities that these children exhibit Provides compelling evidence for the existence of a generation of children who represent the spiritual evolution of the human race Includes firsthand testimonies of children who have returned from near death The New Children and Near Death Experiences is the first book to provide from the view of the child an in depth study of children who have experienced the near death phenomenon and its aftereffects Atwater notes that the child who returns from a near death experience is not the same child as before but is a remodeled rewired reconfigured refined version of the original Presenting data to support her contention that these children have experienced structural chemical and functional changes in the brain she also shows how their greater empathic abilities as well as dramatically higher intelligence are qualities that are also present in children born since 1982 enhanced abilities that cannot be tied to simple genetics Atwater shows that understanding the near death experiences of children can help us prepare for a quantum leap in the evolution of humanity
