and future world Featuring essays drawn from a range of contexts including college composition and developmental reading and writing professional and legal writing middle school English dissertation projects academic conferences and an online writing group the collection outlines three ways writing can help us stay human caring for ourselves and others honoring the times and spaces of writing and promoting justice Each essay describes specific strategies for using writing as a means for staying human in inhuman times The authors integrate personal stories descriptions of classroom assignments and activities and current research in writing studies Their work shows that writing can contribute to personal social and political transformation by nurturing vulnerability compassion and empathy among students and instructors alike **Real-Life**
