Land Use In Early New Jersey A Historical Geography

Carolyn Merchant

Land Use In Early New Jersey A Historical Geography:

Land Use in Early New Jersey Peter O. Wacker, 1995 *The Delaware Valley in the Early Republic* Gabrielle M. Lanier, 2005-01-18 Gabrielle M Lanier challenges prevailing characterizations of the region as culturally monolithic and reassesses its role in the formation of a distinctly American identity through the history geography and architecture of three of the valley's diverse cultural landscapes Through narratives of individual lives aggregate data from tax rolls and censuses archival research and close analysis of the built vernacular environment Lanier examines the unique ethnic class and religious constitution of each subregion as well as its racial diversity political orientation economic organization and cultural imprint on the landscape Jacket *The American Revolution in New Jersey* James J. Gigantino, 2015-04-01 Winner of the 2016 New Jersey Studies Academic Alliance Authors Award for the Edited Works Category Battles were fought in many colonies during the American Revolution but New Jersey was home to more sustained and intense fighting over a longer period of time The nine essays in *The American Revolution in New Jersey* depict the many challenges New Jersey residents faced at the intersection of the front lines and the home front Unlike other colonies New Jersey had significant economic power in part because of its location between the major ports of New York and Philadelphia New people and new ideas arriving in the colony fostered tensions between Loyalists and Patriots that were at the core of the Revolution Enlightenment thinking shaped the minds of New Jersey's settlers as they began to question the meaning of freedom in the colony Yeoman farmers demanded ownership of the land they worked on and members of the growing Quaker denomination decried the evils of slavery and spearheaded the abolitionist movement in the state When larger portions of New Jersey were occupied by British forces early in the war the unity of the state was crippled pitting neighbor against neighbor for seven years The essays in this collection identify and explore the interconnections between the events on the battlefield and the daily lives of ordinary colonists during the Revolution Using a wide historical lens the contributors to *The American Revolution in New Jersey* capture the decades before and after the conflict as they interpret the causes of the war and the consequences of New Jersey's reaction to the Revolution **A New Jersey Anthology** Maxine N. Lurie, 2010 This anthology contains seventeen essays covering eighteenth century agrarian unrest the Revolutionary War politics in the Jackson era feminism and the women's movements slavery from the seventeenth to the nineteenth centuries strikes and labor struggles land use and regional planning issues Blacks in Newark the current political state of New Jersey and more The contributors are Michal R Belknap Lynn W Dorsett Gregory Evans Dowd Charles E Funnell Steve Golin Maxine N Lurie Richard P McCormick Gary Mitchell Simeon F Moss Marie Marmo Mullaney Mary R Murrin Gerald M Pomper Clement A Price Thomas L Purvis Daniel Schaffer Warren E Stickle III Maurice Tandler **A Geography of New Jersey** Charles A. Stansfield, 1998 The book is chock full of nuggets of information on all aspects of New Jersey from the beginning of the colonial period to the mid 1990s Harbans Singh Montclair State University This is an up to date comprehensive and well written text that will appeal to both

the student and the general reader I shall make it required reading for my course on the geography of the state Peter O Wacker professor of geography Rutgers University More than an ecological primer this book provides essential social and economic information Over one hundred figures and forty five tables capture details to support the straightforward prose and an annotated bibliography leads the reader on New Jersey Monthly While the second edition is similar to the first only with more up to date statistics improved maps and figures and organization the material covered is factually interesting Following an introduction there are several chapters on the physical geography These are followed by interesting chapters on managing physical environments human ecology and early European settlements including excellent sections on historical geography The number and informational content of the maps is far superior in the second edition The book is of value for use in either a high school or university regional geography class Stansfield must be commended for his writing style that holds the interest and for his knowledgeable selection of materials to be included The Pennsylvania Geographer New Jersey is the city in the garden It is a bundle of paradoxes a highly industrialized state famous for its seashore and mountain resorts fairly conservative politically it nonetheless pioneered state land use zoning and environmental protection legislation The only state to be characterized by the U S Census as entirely metropolitan New Jersey has the highest population density in the nation It is a highly suburbanized state that remains important agriculturally both very large and very small farms continue to multiply New Jersey is also a state where widespread suburbanization of residents shopping and jobs has affected the most remote corners At the same time massive immigration is revitalizing urban centers and dramatically changing the demographics of the state New Jersey represents both a microcosm of the United States and a leading indicator of future trends in the nation This updated edition of this classic text features nearly 100 maps and illustrations Charles A Stansfield Jr instructs readers on all aspects of New Jersey geography and provides a detailed analysis of the state s topography management of physical environments human ecology early European settlement cultural landscapes population characteristics race and ethnicity transportation agriculture industrial development recreation and tourism and regions Charles A Stansfield Jr is a professor of geography at Rowan University Glassboro New Jersey

New Jersey in the American Revolution Barbara J. Mitnick, 2007-03-12 This remarkably comprehensive anthology brings new life to the rich and turbulent late 18th century period in New Jersey Originally conceived for the state s 225th Anniversary of the Revolution Celebration Commission

Historical Archaeology of the Delaware Valley, 1600-1850 Richard Veit, David Orr, 2014-01-30 The Delaware Valley is a distinct region situated within the Middle Atlantic states encompassing portions of Delaware Pennsylvania New Jersey and Maryland With its cultural epicenter of Philadelphia its surrounding bays and ports within Maryland and Delaware and its conglomerate population of European settlers Native Americans and enslaved Africans the Delaware Valley was one of the great cultural hearths of early America The region felt the full brunt of the American Revolution briefly served as the national capital in the post Revolutionary period and sheltered burgeoning industries amidst

the growing pains of a young nation Yet despite these distinctions the Delaware Valley has received less scholarly treatment than its colonial equals in New England and the Chesapeake region In *Historical Archaeology of the Delaware Valley 1600 1850* Richard Veit and David Orr bring together fifteen essays that represent the wide range of cultures experiences and industries that make this region distinctly American in its diversity From historic period American Indians living in a rapidly changing world to an archaeological portrait of Benjamin Franklin from an eighteenth century shipwreck to the archaeology of Quakerism this volume highlights the vast array of research being conducted throughout the region Many of these sites discussed are the locations of ongoing excavations and archaeologists and historians alike continue to debate the region s multifaceted identity The archaeological stories found within *Historical Archeology of the Delaware Valley 1600 1850* reflect the amalgamated heritage that many American regions experienced though the Delaware Valley certainly exemplifies a richer experience than most it even boasts the palatial home of a king Joseph Bonaparte elder brother of Napoleon and former King of Naples and Spain This work thoroughly based on careful archaeological examination tells the stories of earlier generations in the Delaware Valley and makes the case that New England and the Chesapeake are not the only cultural centers of colonial America

Slavery and Freedom Among Early American Workers Graham Russell

Hodges,2016-07-01 Covering a chronological span from the seventeenth century to the Civil War the book reunites black and labor history including such major topics as the formation of slavery in the North the American Revolution blacks and the Workingmen s Movement and interracial marriage before the Civil War This book provides fascinating reading for students of American history labor history urban history and black history

The Columbia Guide to American Environmental History Carolyn Merchant,2005-09-14 How and why have Americans living at particular times and places used and transformed their environment How have political systems dealt with conflicts over resources and conservation This is the only major reference work to explore all the major themes and debates of the burgeoning field of environmental history Humanity s relationship with the natural world is one of the oldest and newest topics in human history The issue emerged as a distinct field of scholarship in the early 1970s and has been growing steadily ever since The discipline s territory and sources are rich and varied and include climactic and geological data court records archaeological digs and the writings of naturalists as well as federal and state economic and resource development and conservation policy Environmental historians investigate how and why natural and human created surroundings affect a society s development Merchant provides a context setting overview of American environmental history from the beginning of the millennium an encyclopedia of important concepts people agencies and laws a chronology of major events and an extensive bibliography including films videos CD Roms and websites This concise first stop reference for students and general readers contains an accessible overview of environmental history a mini encyclopedia of ideas people legislation and agencies a chronology of events and their significance and a bibliography of books magazines and journals as well as films videos CD ROMs and online resources In addition to providing a wealth of

factual information The Columbia Guide to American Environmental History explores contentious issues in this much debated field from the idea of wilderness to global warming How and why have Americans living at particular times and places used and transformed their environment How have political systems dealt with conflicts over resources and conservation This is the only major reference work to explore all the major themes and debates in the burgeoning field of environmental history Humanity s relationship with the natural world is one of the oldest and newest topics in human history The issue emerged as a distinct field of scholarship in the early 1970s and has been growing steadily ever since The discipline s territory and sources are rich and varied and include climatic and geological data court records archaeological digs and the writings of naturalists as well as federal and state economic and resource development and conservation policy Environmental historians investigate how and why natural and human created surroundings affect a society s development Merchant provides a context setting overview of American environmental history from the precolonial land use practice of Native Americans and concluding with twenty first concerns over global warming The book also includes a glossary of important concepts people agencies and legislation a chronology of major events and an extensive bibliography including films videos CD ROMs and websites This concise reference for students and general readers contains an accessible overview of American environmental history a mini encyclopedia of ideas people legislation and agencies a chronology of events and their significance and a bibliography of books magazines and journals as well as films videos CD ROMs and online resources In addition to providing a wealth of factual information The Columbia Guide to American Environmental History explores contentious issues in this much debated field from the idea of wilderness to global warming

Irish Immigrants in the Land of Canaan Kerby A. Miller, 2003 Publisher s description Irish Immigrants in the Land of Canaan is a monumental study of early Irish Protestant and Catholic immigration to America Through exhaustive research and analysis of the migrants letters and memoirs the editors explore why the immigrants left Ireland how they adapted to colonial and revolutionary America and how their experiences and attitudes shaped society culture and politics and created modern Irish and Irish American identities in America and Ireland alike

Encyclopedia of New Jersey Maxine N. Lurie, Marc Mappen, 2004 Contains nearly original articles along with illustrations and maps collecting a wealth of information about the state of New Jersey

From British Peasants to Colonial American Farmers Allan Kulikoff, 2014-02-01 With this book Allan Kulikoff offers a sweeping new interpretation of the origins and development of the small farm economy in Britain s mainland American colonies Examining the lives of farmers and their families he tells the story of immigration to the colonies traces patterns of settlement analyzes the growth of markets and assesses the impact of the Revolution on small farm society Beginning with the dispossession of the peasantry in early modern England Kulikoff follows the immigrants across the Atlantic to explore how they reacted to a hostile new environment and its Indian inhabitants He discusses how colonists secured land built farms and bequeathed those farms to their children Emphasizing commodity markets in early America Kulikoff shows that without British demand

for the colonists crops settlement could not have begun at all Most important he explores the destruction caused during the American Revolution showing how the war thrust farmers into subsistence production and how they only gradually regained their prewar prosperity **Taking Sides in Revolutionary New Jersey** Maxine N. Lurie,2022-08-12 Overview of the Revolution in New Jersey Chronology Patriots Part I The Adamant and Determined Patriots Part II In the Maelstrom Straddlers Trimmers and Opportunists The Society of Friends Called Quakers Pacifists and Participants Loyalists Part I The Irreconcilables Loyalists Part II Remained or Returned **Atlantic Highlands** Paul D. Boyd,2004 Described by explorer Henry Hudson s first mate in 1609 as a pleasant land to see this high point of the eastern seaboard has witnessed the full sweep of American history from its steep wooded slopes From the permanent settlements of the Navesink band of Lenape Indians through the passing of the Dutch and the founding of the second English town in New Jersey here in 1667 Atlantic Highlands became a prime Victorian resort during the Golden Age of the Jersey Shore Later as the axis of an extensive bootlegging operation during Prohibition with ties to big city mobsters the town s heritage grew as flamboyant as it was rich

Down and Out in Early America Billy G. Smith,2010-11-01 It has often been said that early America was the best poor man s country in the world After all wasn t there an abundance of land and a scarcity of laborers The law of supply and demand would seem to dictate that most early American working people enjoyed high wages and a decent material standard of living *Down and Out in Early America* presents the evidence for poverty versus plenty and concludes that financial insecurity was a widespread problem that plagued many early Americans The fact is that in early America only an extremely thin margin separated those who required assistance from those who were able to secure independently the necessities of life The reasons for this were many seasonal and cyclical unemployment inadequate wages health problems including mental illness alcoholism a large pool of migrants low pay for women abandoned families The situation was made worse by the inability of many communities to provide help for the poor except to incarcerate them in workhouses and almshouses The essays in this volume explore the lives and strategies of people who struggled with destitution evaluate the changing forms of poor relief and examine the political religious gender and racial aspects of poverty in early North America *Down and Out in Early America* features a distinguished lineup of historians In the first chapter Gary B Nash surveys the scholarship on poverty in early America and concludes that historians have failed to appreciate the numerous factors that generated widespread indigence Philip D Morgan examines poverty among slaves while Jean R Soderlund looks at the experience of Native Americans in New Jersey In the other essays Monique Bourque Ruth Wallis Herndon Tom Humphrey Susan E Klepp John E Murray Simon Newman J Richard Olivas and Karin Wulf look at the conditions of poverty across regions making this the most complete and comprehensive work of its kind The Highlands Richard G. Lathrop,2011-12-12 Think of the Highlands as the backyard and backstop of the Philadelphia New York Hartford metroplex A backyard that spans over three million acres across Pennsylvania New York and Connecticut the Highlands serves as recreational open space for the

metropolitan s burgeoning human population As backstop Highlands watersheds provide a ready source of high quality drinking water for over fifteen million people The Highlands is the first book to examine the natural and cultural landscape of this four state region showing how it s distinctive and why its conservation is vital Each chapter is written by a different leading researcher and specialist in that field and introduces readers to another aspect of the Highlands its geological foundations its aquifers and watersheds its forest ecology its past iron industry In the 1800s the Highlands were mined cutover and then largely abandoned Given time the forests regenerated the land healed and the waters cleared Increasingly however the Highlands are under assault again polluted runoff contaminating lakes and streams invasive species choking out the local flora and fauna exurban sprawl blighting the rural landscape and climate change threatening the integrity of its ecosystems The Highlands makes a compelling case for land use planning and resource management strategies that could help ensure a sustainable future for the region strategies that could in turn be applied to other landscapes threatened by urbanization across the country The Highlands are a valuable resource And now so is The Highlands

A Population History of North America Michael R. Haines, Richard H. Steckel, 2000-08-15 Professors Haines and Steckel bring together leading scholars to present an expansive population history of North America from pre Columbian times to the present Covering the populations of Canada the United States Mexico and the Caribbean including two essays on the Amerindian population this volume takes advantage of considerable recent progress in demographic history to offer timely knowledgeable information in a non technical format A statistical appendix summarizes basic demographic measures over time for the United States Canada and Mexico

New Jersey History, 2002

The Economy of Early America Cathy D. Matson, 2006-01-01 In recent years scholars in a number of disciplines have focused their attention on understanding the early American economy The result has been an outpouring of scholarship some of it dramatically revising older methodologies and findings and some of it charting entirely new territory new subjects new places and new arenas of study that might not have been considered economic in the past The Economy of Early America enters this resurgent discussion of the early American economy by showcasing the work of leading scholars who represent a spectrum of historiographical and methodological viewpoints Contributors include David Hancock Russell Menard Lorena Walsh Christopher Tomlins David Waldstreicher Terry Bouton Brooke Hunter Daniel Dupre John Majewski Donna Rilling and Seth Rockman as well as Cathy Matson

Across This Land John C. Hudson, 2020-02-11 A fascinating overview of the lands and peoples of the United States and Canada both past and present Based on decades of research and written in clear concise prose by one of the foremost geographers in North America John C Hudson s Across This Land is a comprehensive regional geography of the North American continent Dividing the terrain into ten regions which are then subdivided into twenty seven smaller areas Hudson s brisk narrative reveals the dynamic processes of each area s distinctive place specific characteristics Focusing on how human activities have shaped and have been shaped by the natural environment Hudson considers physical political and historical geography He also highlights related topics including

resource exploitation economic development and population change Praised in its first edition as a readable and reliable interpretation of United States and Canadian geography the revised Across This Land retains these strengths while adding substantial new material Incorporating the latest available population and economic data this thoroughly updated edition includes reflections on new developments such as resource schemes Native governments in Atlantic Canada and the role of climate change in the Arctic a new section focused on the US Pacific insular territories west of Hawaii evolving views of oil and gas production resulting from the introduction of hydraulic fracturing revised text and maps involving agricultural production based on the 2017 Census of Agriculture current place names more than 130 photographs The most extensive regional geography of the North American continent on the market Hudson s Across This Land will continue as the standard text in geography courses dealing with Canada and the United States as well as a popular reference work for scholars students and lay readers
