Gureja, 2025-07-30 It is no longer a matter of debate that the largest and fastest growing firms in the world today are those that concentrate on delivering high degree of customer satisfaction That explains why more and more companies are adopting customer First policy as part of the company s operations However according to IDC White Paper 2022 authored by Alan Webber Most companies remain painfully unaware of the gap between the experience they believe they are providing and the experience the customer actually receives This phenomenon is not new
