American Religious Responses To Kristallnacht

Maria Mazzenga

American Religious Responses To Kristallnacht:

American Religious Responses to Kristallnacht Maria Mazzenga, 2009 Based on work conducted by scholars as part of a Summer Research Workshop organized by the Center for Advanced Holocaust Studies United States Holocaust Memorial Museum in Washington D C in 2007 this book takes a fresh look at how American Protestants Catholics and Jews responded to the Nazi persecution of Jews in Germany and German occupied territory in the 1930s The essays focus specifically on American religious responses to the November 9 10 1938 anti Jewish pogrom known as Kristallnacht Today understood as the first act of the Holocaust because of its systematized brutality against Germany's Jews Kristallnacht generated a dramatic response among mainline Protestants Catholic clerical and lay leaders Orthodox Jews Protestant fundamentalists and Jewish War Veterans Together the essays represent the first examination of multi religious group responses to the beginnings of one of the pivotal moral events of the twentieth century the Holocaust They possess implications for the history of anti-Semitism globally and in the U S the history of interfaith cooperation and religious belief in America the influence of American ideals on religious thought and the impact of historical events on Jewish and Christian theology

American Religious Responses to Kristallnacht M. Mazzenga, 2009-07-20 This book examines how American Protestants Catholics and Jews responded to the persecution of Jews in Germany and German occupied territory in the 1930s The essays focus on American religious responses to Kristallnacht and represent the first examination of multi religious group responses to the beginnings of the Holocaust

Jews and Protestants Irene Aue-Ben David, Aya Elyada, Moshe Sluhovsky, Christian Wiese, 2020-08-24 The book sheds light on various chapters in the long history of Protestant Jewish relations from the Reformation to the present Going beyond questions of antisemitism and religious animosity it aims to disentangle some of the intricate perceptions interpretations and emotions that have characterized contacts between Protestantism and Judaism and between Jews and Protestants While some papers in the book address Luther's antisemitism and the NS Zeit most papers broaden the scope of the investigation Protestant Jewish theological encounters shaped not only antisemitism but also the Jewish Reform movement and Protestant philosemitic post Holocaust theology interactions between Jews and Protestants took place not only in the German lands but also in the wider Protestant universe theology was crucial for the articulation of attitudes toward Jews but music and philosophy were additional spheres of creativity that enabled the process of thinking through the relations between Judaism and Protestantism By bringing together various contributions on these and other aspects the book opens up directions for future research on this intricate topic which bears both historical significance and evident relevance to our own time

America and the Holocaust Rafael Medoff, 2022-05 2023 Choice Outstanding Academic Title The first comprehensive volume to teach about America's response to the Holocaust through visual media *America and the Holocaust: A Documentary History* explores the complex subject through the lens of one hundred important documents that help illuminate and amplify key episodes and issues Each chapter pivots on five key documents two in image form and three in

text form Individual introductions that contextualize the documents are followed by explanatory text analysis of historical implications and suggestions for further reading A concluding state of the field essay documents how scholars have arrived at the presented information A complementary teacher s guide with questions for discussion is available online The twenty chapters address a broad range of subjects and events among them America s response to Hitler s rise U S public opinion about Jews immigration policy the Wagner Rogers bill to save children American rescuers news coverage of atrocities American Jewish and Christian responses to the Holocaust the campaign for U S rescue action the question of bombing Auschwitz and liberation Viewing real documents as a means to understanding core issues will deepen reader involvement with this material High school and college students as well as general readers of all levels of knowledge will be engaged in understanding this crucial chapter in American history and weighing questions regarding mass atrocities in our own era

Poland and the Holocaust in the Polish-American Press, 1926-1945 Magdalena Kubow,2020-07-23 Contrary to the common notion that news regarding the unfolding Holocaust was unavailable or unreliable news from Europe was often communicated to North American Poles through the Polish language press This work engages with the origins debate and demonstrates that the Polish language press covered seminal issues during the interwar years the war and the Holocaust extensively on their front and main story pages and were extremely responsive professional and vocal in their journalism From Polish Jewish relations to the cause of the Second World War and subsequently the development of genocide related policy North American Poles had a different perspective from mainstream society on the causes and effects of what was happening New research for this book examines attitudes toward Jews prior to and during the Holocaust and how information on such attitudes was disseminated It utilizes selected Polish newspapers of the period 1926 1945 predominantly the *Republika Gornik* as well as survivor testimony *Religion und Politik in den Vereinigten Staaten von Amerika* Norbert Finzsch,Stefanie Coché,2012 **Uncommon Allies** Alan M. Shore,2024-08-15 On March 27 1933 representatives from across the American religious spectrum came to Madison Square Garden united in a shared purpose to speak out against the rise of fascism in Germany and Adolph Hitler s seizure of power This rally the first of several held at the Garden before during and after World War II represents an unexplored moment of Jewish and Christian relations challenging assumptions about Christian leaders indifference to the Jewish plight and their guilt as the realities of the Holocaust came to light In *Uncommon Allies* Alan Shore uses an impressive range of primary and secondary sources including English and Yiddish newspapers of the time and neglected histories of various religious organizations to shine a light on these pivotal rallies From the groundbreaking 1933 rally to a series of events in 1943 as the reality of Hitler s Final Solution came to light and ending in a postwar rally in 1945 as religious groups struggled with finding a way to help displaced and struggling Jews Shore unearths the united religious front in the face of the horror of Nazism Each rally is vividly presented and analyzed in terms of its background planning execution content and press coverage Tracing the impact of these rallies through the years Shore

draws a clear line to the partnership between Christian and Jewish Zionists and the rhetorical use of Judeo Christian values

Returning to Tillich Russell Re Manning, Samuel Andrew Shearn, 2017-12-04 Fifty years after his death in 1965 the essays in this collection return to Paul Tillich to investigate his theology and its legacy with a focus on contemporary British scholarship Originating in a conference held in Oxford in 2014 the book contains 16 original contributions from a mixture of junior and more established scholars most of whom have a connection to Britain The contributions are diverse but four themes emerge throughout the volume Several essays are concerning with a characterisation of Tillich's theology In dialogue with recent emphases on the radical Tillich some essays suggest a more conservative estimation of Tillich's theology rooted in the Idealist and classical Christian platonic traditions whilst in constant engagement with changing existential situations Secondly and perhaps reflecting the context of religious diversity and theories of religious pluralism in Britain many essays engage Tillich's approach to non Christian religions Thirdly some essays address the importance of existentialist philosophy for Tillich notably via an engagement with Sartre Finally a number of essays take up the diagnostic potential of Tillich's theology as a resource for engaging contemporary challenges

Jewish Consumer Cultures in Nineteenth and Twentieth-Century Europe and North America Paul Lerner, Uwe Spiekermann, Anne Schenderlein, 2022-01-22 This book investigates the place and meaning of consumption in Jewish lives and the roles Jews played in different consumer cultures in modern Europe and North America Drawing on innovative original research into this new and challenging field the volume brings Jewish studies and the history and theory of consumer culture into dialogue with each other Its chapters explore Jewish businesspeople's development of niche commercial practices in several transnational contexts the imagining marketing and realization of a Jewish national homeland in Palestine through consumer goods and strategies associations between Jews luxury and gender in multiple contexts and the political dimensions of consumer choice Together the essays in this volume show how the study of consumption enriches our understanding of modern Jewish history and how a focus on consumer goods and practices illuminates the study of Jewish religious observance ethnic identities gender formations and immigrant trajectories across the globe

The Oxford Handbook of World War II G. Kurt Piehler, Jonathan A. Grant, 2023 World War II dramatically transformed human life and society resulting in the deaths of 100 million people and shaping the worldview and psyches of generations The Oxford Handbook of World War II broadens traditional narratives of the war and in the process changes our understanding of this epic conflict Spanning the rise and fall of the Versailles system to the postwar reintegration of veterans and the eventual commemoration of the conflict and its victims The Oxford Handbook of World War II marks a landmark contribution to the historical literature of war

Open Hearts, Closed Doors Nicholas T. Pruitt, 2021-06-22 A history of mainline Protestant responses to immigrants and refugees during the twentieth century Open Hearts Closed Doors uncovers the largely overlooked role that liberal Protestants played in fostering cultural diversity in America and pushing for new immigration laws during the forty years following the passage of the restrictive Immigration

Act of 1924 These efforts resulted in the complete reshaping of the US cultural and religious landscape During this period mainline Protestants contributed to the national debate over immigration policy and joined the charge for immigration reform advocating for a more diverse pool of newcomers They were successful in their efforts and in 1965 the quota system based on race and national origin was abolished But their activism had unintended consequences because the liberal immigration policies they supported helped to end over three centuries of white Protestant dominance in American society Yet Pruitt argues in losing their cultural supremacy mainline Protestants were able to reassess their mission They rolled back more strident forms of xenophobia substantively altering the face of mainline Protestantism and laying foundations for their responses to today's immigration debates More than just a historical portrait this volume is a timely reminder of the power of religious influence in political matters *God's Marshall Plan* James D. Strasburg, 2021 Spiritual conquest World chaos The lonely flame For Christ and country Reviving the heartland Battleground Europe God's Marshall plan Spiritual rearmament

As the Witnesses Fall Silent: 21st Century Holocaust Education in Curriculum, Policy and Practice Zehavit Gross, E. Doyle Stevick, 2015-03-16 This volume represents the most comprehensive collection ever produced of empirical research on Holocaust education around the world It comes at a critical time as the world observes the 70th anniversary of the liberation of Auschwitz We are now at a turning point as the generations that witnessed and survived the Shoah are slowly passing on Governments are charged with ensuring that this defining event of the 20th century takes its rightful place in the schooling and the historical consciousness of their peoples The policies and practices of Holocaust education around the world are as diverse as the countries that grapple with its history and its meaning Educators around the globe struggle to reconcile national histories and memories with the international realities of the Holocaust and its implications for the present These efforts take place at a time when scholarship about the Holocaust itself has made great strides In this book these issues are framed by some of the leading voices in the field including Elie Wiesel and Yehuda Bauer and then explored by many distinguished scholars who represent a wide range of expertise Holocaust education is of such significance so rich in meaning so powerful in content and so diverse in practice that the need for extensive high quality empirical research is critical This book provides exactly that *Double Agent* Peter Duffy, 2014-07-22 An account of a virtually unknown pre World War II counterespionage operation describes how naturalized German American agent William G Sebald became the FBI's first double agent and was a pivotal figure in the arrests of 33 enemy agents for the Nazis *Lessons and Legacies*, 1991 In the courtroom and the classroom in popular media public policy and scholarly pursuits the Holocaust its origins its nature and its implications remains very much a matter of interest debate and controversy Arriving at a time when a new generation must come to terms with the legacy of the Holocaust or forever lose the benefit of its historical social and moral lessons this volume offers a richly varied deeply informed perspective on the practice interpretation and direction of Holocaust research now and in the future In their essays the authors an international group including eminent senior

scholars as well those who represent the future of the field set the agenda for Holocaust studies in the coming years even as they give readers the means for understanding today's news and views of the Holocaust whether in court cases involving victims and perpetrators international national and corporate developments or fictional documentary and historical accounts Several of the essays such as one on nonarmed amidah or resistance and others on the role of gender in the behavior of perpetrators and victims provide innovative and potentially significant interpretive frameworks for the field of Holocaust studies Others for instance the rounding up of Jews in Italy Nazi food policy in Eastern Europe and Nazi anti Jewish scholarship emphasize the importance of new sources for reconstructing the historical record Still others including essays on the 1964 Frankfurt trial of Auschwitz guards and on the response of the Catholic Church to the question of German guilt bring a new depth and sophistication to highly charged sharply politicized topics Together these essays will inform the future of the Holocaust in scholarly research and in popular understanding Publisher's description [Were the Popes Against the Jews?](#) Justus George Lawler, 2012-01-31 How many people know that a modern pope publicly referred to Jews as dogs that two other modern popes called the Jewish religion Satan's synagogue that at the beginning of the twentieth century another pope refused to save the life of a Jew accused of ritual murder even though the pope knew the man was innocent Lastly how many people know that only a decade before the rise of Hitler another pope supported priests who called for the extermination of all the Jews in the world The answer has to be great numbers of people since those accusations appeared in David I Kertzer's *The Popes Against the Jews* 2001 a book which had been lauded in major journals and newspapers in the U S and the U K and which by 2006 had been translated into nine foreign languages while Kertzer himself according to his Website had become America's foremost expert on the modern history of the Vatican's relations with the Jews It is thus undeniable that very many people in very many countries have heard of the appalling misdeeds and misstatements mentioned above even though in fact not one of them was ever perpetrated by any pope But *Were the Popes Against the Jews* is not only about the disclosure of these shocking slanders however fascinating and important such an exposé is In the broader perspective it is about the power of ideology to subvert historical judgments whether the latter concern the origins of anti-Semitism and the papacy the distortion of documents to indict Pius XII or the fabrication of Pius XI as codependent collaborator with Mussolini the announced subject of Kertzer's next book Justus George Lawler's confrontation with ideologues will gratify all who are seeking not triumph over opponents but peace and justice for all

Religion and Politics in America Frank J. Smith, 2016-07-11 There has always been an intricate relationship between religion and politics This encyclopedia provides a comprehensive overview of the interrelation of religion and politics from colonial days to the present Can a judge display the Ten Commandments outside of the courthouse Can a town set up a nativity scene on the village green during Christmas Should U S currency bear the In God We Trust motto Should public school students be allowed to form bible study groups Controversies about the separation of church and state the proper use of religious

imagery in public space and the role of religious beliefs in public education are constantly debated This work offers insights into contemporary controversies regarding the uneasy intersections of religion and politics in America Organized alphabetically the entries place each topic in its proper historical context to help readers fully grasp how religious beliefs have always existed side by side and often clashed with political ideals in the United States from the time of the colonies The information is presented in an unbiased manner that favors no particular religious background or political inclination This work shows that politics and religion have always had an impact on one another and have done so in many ways that will likely surprise modern students

Transforming Interreligious Relations Lefebure, Leo D.,2020-11-18 This book focuses on recent Roman Catholic engagement with other religious traditions in the United States and the significance of this experience of religious pluralism for Christian theology

Jewish Responses to Persecution: 1938-1940 Alexandra Garbarini,2011-08-16 Published in association with the United States Holocaust Memorial Museum Jewish Responses to Persecution Volume II 1938 1940 is the second volume of the five volume set within the series Documenting Life and Destruction Holocaust Sources in Context This volume brings together in an accessible historical narrative a broad range of documents including diaries letters speeches newspaper articles reports Jewish identity cards and personal photographs from Jews in Nazi dominated Europe and beyond Europe s borders The volume skillfully illuminates the daily lives of a diverse range of Jews who suffered under Nazism their coping strategies and their efforts to assess the implications for the present and future of the persecution they faced during this period Volume II begins with Kristallnacht in 1938 and continues through the Jewish flight out of Germany the onset of World War II the forced relocation of the Jews of Europe to the East and the formation of Jewish ghettos particularly in Poland The twelve chapters divided into four parts track the trajectory of German expansion and anti Jewish policies chronologically attesting to a clear progression of persecution over time and space At the same time they reflect the vast differences in the responses of Jewish communities groups and individuals within and beyond the Germans grasp differences that resulted both from the unevenness of the Reich s policy toward Jews as well as the varied backgrounds traditions expectations and life histories of Jews affected by German policy This volume raises essential questions such as What was the spectrum of Jewish perceptions and actions under Nazi domination How did Jews affected directly or others standing on the outside view the situation In what ways were Jews able to influence their own fate under persecution What role did Jewish tradition play in how the present and future were interpreted The answers inherent in the documents are often varied or inconclusive nonetheless these sources add considerably to our understanding of the Holocaust

Jewish Responses to Persecution: 1938-1940 Jürgen Matthäus,Mark Roseman,Alexandra Garbarini,Emil Kerenji,Jan Lambertz,Avinoam Patt,2010 Volume II begins with Kristallnacht in 1938 and continues through Jewish flight out of Germany the onset of World War II the forced relocation of the Jews of Europe to the East and the formation of Jewish ghettos particularly in Poland
