Cosmos and Republic Wolfgang R. Heuer, 2023-08-22 In 20 essays inspired by Hannah Arendt's analysis of crisis-ridden modernity Wolfgang R. Heuer addresses aspects of depoliticization and the loss of politics and thus of freedom. The wide-ranging essays are grouped in five sections: When Politics Vanishes, The Call of Responsibility, Images and Emotions, Federations, and From Plurality to Cosmos. They lead to the insight that the crises of our time require a common change of perspective towards ecological and political sustainability, the unity of Cosmos and Republic. *The Parsifal Pursuit* Patrick McMenamin, Michael McMenamin, 2018-05-04 By the spring of 1931 a conspiracy is underway in Germany to assassinate President Hindenburg and restore the Kaiser's son to the throne, threatening the peace of Europe. At the behest of her godfather Winston Churchill, the adventurous journalist Mattie McGary, a rising star in William Randolph Hearst's press empire and her lover Bourke Cockran Jr., a New York law school professor and former Army counterintelligence agent, get involved. A brutal struggle opposes the old Germany and the new, the reactionary industrialists backing Kaiser Wilhelm II versus the racist radicals behind the Nazis and their leader Adolf Hitler. Winston Churchill is drawn into the fray. An epic quest to recover an ancient Christian artifact, the Spear of Destiny, is underway. The spear was used by Roman centurion Longinus to pierce the side of Christ to end His suffering on the cross. But the spear long on display at Vienna's Hofburg Museum is suddenly missing. Hitler wants it every bit as much as the Kaiser and Winston Churchill. Mattie travels to the Austrian Alps on a danger-filled search for the spear. When Cockran joins her, both their lives and their romance are in jeopardy because of the handsome and mysterious leader of her expedition who saves her life and seeks to seduce her. Will she find the spear and retain Cockran's love? Churchill, Hitler, Kaiser Wilhelm II, Eugenics, The Spear of Destiny, The Order of the New Templars, Anti-Semitism, Nazi. *From Lumumba to Gbagbo* K. Martial Frindéthié, 2016-03-17 In recent years the Euro-American powers have made multiple armed incursions into Africa. The election of President Obama, greeted by most Africans as providential for their centuries-old troubled relations with the West, instead inaugurated a destructive coalition against Africa. In places like Côte d'Ivoire, Egypt, and Libya, the United Nations, the International Criminal Court, the World Bank, and the International Monetary Fund have supported military intrusions, arbitrary imprisonments, deportations, and political assassinations under the guise of bringing freedom and democracy to benighted Africa. The destabilization of Africa, the division of the continent into lawless zones controlled by thuggish warlords, the displacement of millions of refugees, and the systematic sacking of Africa's resources are telling. In Africa, the West was not on a goodwill mission. This book examines the West's policy of aggression in Africa over the last 50 years as a legacy of colonialism with human and economic costs that are radicalizing African nationalists. **Obituaries in the Performing Arts, 2019** Harris M. The Old Man of The Mountain: The 'Trial of the Assassin' Theodore Josiha Haig,2015-10-15 The Old Man of the Mountain The Trial of the Assassin He was a powerful influencing reference as Britain s Bernard Lewis who would become the foremost authority on Islamic history and traditions traced the origins of the Assassin sect in the Shi ite branch of Islam and began to chronicle both their doctrines and the life of their enigmatic founder the legendary Old Man of the Mountain The Assassins were the first group to make planned systematic and long term use of murder as a political weapon and their ideals and methods have since found many imitators Bernard Lewis was just about to publish in 1967 one of his first books entitled the The Assassins Once published it was to be the most comprehensive readable and authoritative account of history s first terrorists When Lewis book was published Dr Ahmed Abdulla did take some exceptions on one major historical account but in

all he was very pleased with the historical context of Lewis factual history Where they differed would continue to be preserved and concealed unknowingly in Lewis account as one of the most guarded secrets in the history of the assassin s legacy Ahmed and Iran s self imposed exiled Ayatollah Khomeini allegedly were two of the very few Shi ites in the world that knew about this well guarded secret As descendants of the Old Man each was entrusted with continuing to pass the legacy down through history until the call would come to carryout the assassination However it was the one called Ahmed didn t want to get because it was diametrically in opposition to his principles of democracy tolerance and religion

Military Organizations for Homeland Defense and Smaller-Scale Contingencies Kevin D. Stringer, 2006-10-30 History has often confirmed that it is not superior weapons but superior organizations that are the most effective factor in achieving military success In light of this consideration Kevin D Stringer s new work proposes how the U S military can best be restructured to conduct military operations other than war as they are known in doctrinal terms Such reform is central to meeting the demands of homeland defense and smaller scale contingencies including nation building and stability operations Foreign military formations present models for peace operations irregular warfare and other missions as well as counterterrorism law enforcement and border control The models considered drawn from tactical units in Britain Denmark Germany Israel Norway Rhodesia Russia and Switzerland are selected as best practice examples for transforming the U S Armed Forces for future missions both at home and abroad The author describes the categories of military operations other than war in the context of force structure requirements for homeland defense and irregular warfare Each chapter aligns foreign tactical organizations with these military operations to identify appropriate formations to enhance the U S Army This issue of future organizational structure is crucial to the debate over the Quadrennial Defense Review the Pentagon report to Congress on emerging threats and the future role of the National Guard Changes in existing force structure will have significant implications for the conduct of stabilization operations in Iraq and Afghanistan as well as responses by the active and Reserve components to domestic emergencies

The Guardian Index ,2003 **Reinhard Gehlen: Hitler's Spymaster** Norman Ridley, 2025-03-30 Eleven years after Reinhard Gehlen the head of Adolf Hitler s Eastern Front military intelligence unit emerged from hiding to hand himself over to US forces he had with the help of the American CIA created a legend for himself as founder and first president of the West German Secret Service In this role he employed many of the same Wehrmacht and SS officers he had served with during the Second World War All through the steady progression of his career before and during the Second World War Gehlen had been far too industrious and committed to court the limelight Then after the defeat of Germany when he transferred his allegiance to the CIA and later became head of the Bundesnachrichtendienst he became a man whom Hugh Trevor Roper s described as someone who always moved in the shadows For some the German intelligence network that Gehlen had controlled since 1942 was part of an unbroken tradition going back to the days of Bismarck For a great many in Gehlen s organisation the Cold War was merely an extension of an anti Soviet campaign that

had begun on 22 June 1941 when Hitler launched Operation Barbarossa After the war Gehlen had emerged unscathed from Hitler s bunker and no war crimes charges were ever brought against him His name and those of 350 of his Wehrmacht command were redacted from the official lists of German prisoners of war Gehlen protected and employed men like Heinrich Schmitz who had been part of Einsatzgruppe A the murder squad that massacred so many including communist functionaries and Jewish women men and children in the Baltic States Though Gehlen had remained loyal to Hitler right to the end once state authority collapsed he wasted little time in making contact with the Americans and offered to place his vast intelligence resources at their disposal in the new fight against Soviet communism While German generals Heinz Guderian and Franz Halder placed great store by Gehlen s reports on the tactical level Hitler called them defeatist and gave them barely a glance when making his disastrous strategic decisions Allen Dulles head of the CIA did not repeat Hitler s mistake but Gehlen deeply resented the way that his reports to Dulles were mishandled It became Gehlen s ambition initially to head up a completely independent West German foreign intelligence service However it was not until 1951 that talks to establish a West German intelligence service at federal level began In the immediate post war years Gehlen tirelessly made his case to defend the harbouring of former Wehrmacht and SS personnel in his organisation and battled to prove his worth to the Americans This book looks at Gehlen s life from his early career in the chaos of Weimar through his elevation to General Staff intelligence officer on the Russian Front It describes how he survived the defeat of the Third Reich and offered himself to the Americans as a foil against the Soviet Union in the Cold War In doing so it closely examines Gehlen s record to separate fact from his self serving fictions
