

American Medical Technologists (AMT) Chapter 10 Test (Ready 85%)

Organizations such as the American Association of Medical Assistants (AAMA) and the Association of Medical Technologists (AMT) have creeds or standards of conduct that address ethical and moral behavior for medical assistants. Match the statement with the name of its creed or standard of conduct. -

AMT Standards of Practice

The professional shall place the health and welfare of the patient above all else

AAMA Medical Assistant Code of Ethics

Participate in additional service activities aimed toward improving the health and well-being of the community

AAMA Creed

I believe in the principles and purposes of the profession of medical assisting

A constant sore spot in the physician-patient relationship is the amount of time patients spend waiting in reception and exam rooms. -

True

Health care costs in the United States are high and rising; they currently account for approximately 5 percent of the gross domestic product, with forecasts estimating it will be approximately 10 percent by 2024. -

False

What former health care payment system contributed to the rise of health care costs, which prompted the creation of managed care models of health care? -

FFS

Medical transplants are divided into three categories, depending on the tissue used. Match the transplant to its definition. -

Autograft

transplant of a person's tissue from one part of the body to another

Homograft

transplant from one person to another

Heterograft

transplant of animal tissue into a human

A main provision of The Uniform Anatomical Gift Act is that "Any individual of sound mind and 18 years of age or more may give all or any part of his body...the gift to take effect upon death." -

True

Which of the following statements about transplants are true? -
