Snapshot Photography Catherine Zuromskis,2021-08-24 An examination of the contradictions within a form of expression that is both public and private specific and abstract conventional and countercultural Snapshots capture everyday occasions Taken by amateur photographers with simple point and shoot cameras snapshots often commemorate something that is private and personal yet they also reflect widely held cultural conventions The poses may be formulaic but a photograph of loved ones can evoke a deep affective response In *Snapshot Photography* Catherine Zuromskis examines the development of a form of visual expression that is both public and private Scholars of art and culture tend to discount snapshot photography it is too ubiquitous too unremarkable too personal Zuromskis argues for its significance Snapshot photographers she contends are not so much creating spontaneous records of their lives as they are participating in a prescriptive cultural ritual A snapshot is not only a record of interpersonal intimacy but also a means of linking private symbols of domestic harmony to public ideas of social conformity Through a series of case studies Zuromskis explores the social life of snapshot photography in the United States in the latter half of the twentieth century She examines the treatment of snapshot photography in the 2002 film *One Hour Photo* and in the television crime drama *Law and Order Special Victims Unit* the growing interest of collectors and museum curators in vintage snapshots and the snapshot aesthetic of Andy Warhol and Nan Goldin She finds that Warhol s photographs of the Factory community and Goldin s intense and intimate photographs of friends and family use

the conventions of the snapshot to celebrate an alternate version of family values In today s digital age snapshot photography has become even more ubiquitous and ephemeral and significantly more public But buried within snapshot photography s mythic construction Zuromskis argues is a site of democratic possibility **Heritage Quest** ,1994 **Alabama Heritage** ,1992 **Great Lives from History: Lewis Howard Latimer - Charles Proteus Steinmetz** ,2010 Provides in depth critical essays on important men and women in all areas of achievement from around the world and throughout history and includes 409 essays covering 413 individual inventors including 27 women From publisher s note p vii Vermont History News ,1990 *Living Blues* ,1994 New Mexico Historical Review Lansing Bartlett Bloom,Paul A.
