Americas Midlife Crisis The Future Of A Troubled Superpower

IM Harris

Americas Midlife Crisis The Future Of A Troubled Superpower:

America's Midlife Crisis Gary R. Weaver, Adam Mendelson, 2008-11-06 America's Midlife Crisis examines the culture of America at a crucial point in its history and development. Along the way, something happened to the fundamental nature of American culture: a midlife crisis. From the founding of the republic through the many conflicts over the years from the Puritan roots to recent waves of immigration from race to religion, America's Midlife Crisis examines the values, beliefs, and behavior of an increasingly complex society that is struggling with its place in the new world order. There has been a seismic shift far beyond normal cyclic changes in cultural and political trends in the United States. Following 9/11, no longer as confident in the protection of two vast oceans, a powerful military structure, and a dominant economy, the U.S. government instituted policies and practices that have produced results exactly opposite of what was intended. Rather than making America safer, they have generated great consternation about its intentions, further enraging America's critics and confusing and alienating its longtime allies. America's Midlife Crisis shows how a superpower got to this point and what this midlife crisis means for the nation's future.

A Thorn in Transatlantic Relations M. Hampton, 2013-07-31 Americans and Europeans perceive threat differently. Americans remain more religious than Europeans and generally still believe their nation is providentially blessed. American security culture is relatively stable and includes the deeply held belief that existential threat in the world emanates from the work of evil doers. The US must therefore sometimes intervene militarily against evil. The European Union (EU) security culture model differs from traditional European iterations and from the American variant. The concept of threat as evil lost salience as Western Europe became more secularist. Threats became problems to manage and resolve. The upsurge in anti-immigrant and anti-foreigner sentiment in the midst of economic crisis undermines this model.

The Global Intercultural Communication Reader Molefi Kete Asante, Yoshitaka Miike, Jing Yin, 2013-06-26 The Global Intercultural Communication Reader is the first anthology to take a distinctly non-Eurocentric approach to the study of culture and communication. In this expanded second edition, editors Molefi Kete Asante, Yoshitaka Miike, and Jing Yin bring together thirty-two essential readings for students of cross-cultural, intercultural, and international communication. This stand-out collection aims to broaden and deepen the scope of the field by placing an emphasis on diversity, including work from authors across the globe examining the processes and politics of intercultural communication from critical historical and indigenous perspectives. The collection covers a wide range of topics: the emergence and evolution of the field; issues and challenges in cross-cultural and intercultural inquiry; cultural wisdom and communication practices in context; identity and intercultural competence in a multicultural society; the effects of globalization and ethical considerations. Many readings first appeared outside the mainstream Western academy and offer diverse theoretical lenses on culture and communication practices in the world community. Organized into five themed sections for easy classroom use, The Global Intercultural Communication Reader includes a detailed bibliography that will be a crucial resource for today's students of

intercultural communication **Foreign Service Journal** ,2008 **The SAGE Encyclopedia of Intercultural Competence** Janet M. Bennett,2015-03-23 In 1980 SAGE published Geert Hofstede s Culture s Consequences It opens with a quote from Blaise Pascal There are truths on this side of the Pyrenees that are falsehoods on the other The book became a classic one of the most cited sources in the Social Science Citation Index and subsequently appeared in a second edition in 2001 This new SAGE Encyclopedia of Intercultural Competence picks up on themes explored in that book Cultural competence refers to the set of attitudes practices and policies that enables a person or agency to work well with people from differing cultural groups Other related terms include cultural sensitivity transcultural skills diversity competence and multicultural expertise What defines a culture What barriers might block successful communication between individuals or agencies of differing cultures How can those barriers be understood and navigated to enhance intercultural communication and understanding These questions and more are explained within the pages of this new reference work Key Features 300 to 350 entries organized in A to Z fashion in two volumes Signed entries that conclude with Cross References and Suggestions for Further Readings Thematic Reader s Guide in the front matter grouping related entries by broad topic areas Chronology that provides a historical perspective of the development of cultural competence as a discrete field of study Resources appendix and a comprehensive Index The SAGE Encyclopedia of Intercultural Competence is an authoritative and rigorous source on intercultural competence and related issues making it a must have reference for all academic libraries

Congressional Record United States. Congress,1980 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873

Generations William Strauss,Neil Howe,1991 History of Americas Future **Readers' Guide to Periodical Literature** Anna Lorraine Guthrie,Bertha Tannehill,Neltje Marie Tannehill Shimer,1904 An author subject index to selected general interest periodicals of reference value in libraries After America's Midlife Crisis Michael Gecan,2009-08-28 A longtime community organizer outlines a way to reverse the fifty year decline in social mobility and economic progress Michael Gecan a longtime community organizer offers in this book a disturbing conclusion the kinds of problems that began to afflict large cities in the 1970s have now spread to the suburbs and beyond The institutional cornerstones of American life are on an extended decline No longer young no longer without limitations or constraints the country is facing a midlife crisis Drawing on personal experiences and the stories of communities in Illinois New York and other areas Gecan draws a vivid picture of civic political and religious institutions in trouble from suburban budget crises to failing public schools Gecan shows that the loss of social capital has followed closely upon institutional failure He looks in particular at the two main support systems of social mobility and economic progress for the majority of working poor Americans in the first half of the

last century the Roman Catholic school system and the American public high school As these institutions that generated social progress have faded those depending on social regression prisons jails and detention centers have thrived Can we reverse the trends Gecan offers hope and a direction forward He calls on national and local leadership to shed old ways of thinking and face new realities which include not only the substantial costs of change but also its considerable benefits Only then will we enjoy the next rich phase of our local and national life America's Expiration Date Cal Thomas,2020-01-21 A warning and a wake up call to learn history so we are not doomed to repeat it A must read for anyone who longs for a promising future for our great nation What is wrong with America today Is it possible that America could crumble and our democracy fail Questions like these plague Americans and cause us to be anxious about the future of the land that we love Individuals may come to different conclusions but there seems to be a common thread the deep seated feeling that we need to improve our country Our culture is increasingly immoral the family structure is threatened from all sides and government programs consistently overreach creating massive debt In this powerful and prophetic book nationally syndicated columnist and trusted political commentator Cal Thomas offers a diagnosis of what exactly is wrong with the United States by drawing parallels to once great empires and nations that declined into oblivion Citing the historically proven 250 year pattern of how superpowers rise and fall he predicts that America s expiration date is just around the corner and shows us how to escape their fate Through biblical insights and hard hitting truth he reminds us that real change comes when America looks to God instead of Washington Scripture rather than politics is the GPS he uses to point readers to the right road a road of hope life and change Because he says if we re willing to seek God first learn from history and make changes at the individual and community level we can not only survive but thrive again This powerful timely and much needed perspective is a must read for anyone who longs for a promising future for our great nation **Suicide of a Superpower** Patrick J. Buchanan,2011-10-18 Buchanan s latest polemic exposes the risks America faces today and what those dangers will mean for the country s future He warns against not only the dangers that the country faces under Obama but also the risk of sliding into irrelevancy that the Republican party faces if it chooses to forget its core values Men at Midlife John Clay,1989
