

The background of the book cover is a photograph of a garden. In the foreground, there are several small red plastic pots containing young green seedlings. A wooden garden path leads from the bottom center towards the background. To the right, there is a green circular object, possibly a garden hose reel. The background is filled with lush green foliage and trees, creating a soft, out-of-focus effect. A solid red horizontal bar is located at the very top of the cover.

potential effectiveness of proposed interventions needs to be assessed not only against existing historical evidence but also against the competing roles society expects schools to play and the working life realities for those charged with implementing public health policies in schools
