Amorous Literations Love Affair Words:

Speaking of Love: The Love Dialogue in Italian and French Renaissance Literature Reinier Leushuis, 2017-03-27 Re evaluating the dialogue's place in the literary landscape of the Italian and French Renaissance Speaking of Love presents the love dialogue at the intersection of a revival of the form and the period sphilosophies of love and desire Between 1540 and 1580 authors such as Speroni Tullia d Aragona the Venetian poligrafi Tyard Le Caron Pasquier Taillemont Marguerite de Navarre and Louise Lab feature interlocutors not only deliberating on love but imitating the experience of love in their dynamics of speaking These love dialogues allow early modern ideologies and discourses of love to be imitated by the reader and rival lyric poetry in conveying amorous experience validating dialogue as an authentic literary form rather than a tool of philosophical thinking "Wandering" In Literature, a Mere Word? Julian Scutts, 2016-01-06 This book does not find its starting point in a theory but in the recognition that the word Wanderer and other forms based on the common root of the verbs to wander and wandern recur with conspicuous frequency in the writings of Goethe and English Romantic poets such as William Wordsworth and Lord Byron A notable scholar Professor L A Willoughby sought an explanation for this phenomnon in Carl G Jung's theory of the unconscious but Willoughby's sole ambit of reference was what he termed Goethe's poetry This restriction could not allow the scope necessary for the study of the collective aspect of the mind s power and influence This study poses the attempt to widen the survey of wandering to a comparison of texts found in a wide variety of authors including Milton Shakespeare and William Blake A Dictionary of Sexual Language and Imagery in Shakespearean and Stuart Literature Gordon Williams, 2001-09-13 Providing an alphabetical listing of sexual language and locution in 16th and 17th century English this book draws especially on the more immediate literary modes the theatre broadside ballads newsbooks and pamphlets The aim is to assist the reader of Shakespearean and Stuart literature to identify metaphors and elucidate meanings and more broadly to chart through illustrative quotation shifting and recurrent linguistic patterns Linguistic habit is closely bound up with the ideas and assumptions of a period and the figurative language of sexuality across this period is highly illuminating of socio cultural change as well as linguistic development Thus the entries offer as much to those concerned with social history and the history of ideas as to the reader of Shakespeare or Dryden and Romance in Contemporary British Literature Jean-Michel Ganteau, Susana Onega, 2013-01-17 Drawing on a variety of theoretical approaches including trauma theory psychoanalysis genre theory narrative theory theories of temporality cultural theory and ethics this book breaks new ground in bringing together trauma and romance two categories whose collaboration has never been addressed in such a systematic and in depth way The volume shows how romance strategies have become an essential component of trauma fiction in general and traumatic realism in particular It brings to the fore the deconstructive powers of the darker type of romance and its adequacy to perform traumatic acting out and fragmentation It also zooms in on the variations on the ghost story as medium for the evocation of trans generational trauma as well as on the therapeutic drive

of romance that favors a narrative presentation of the working through phase of trauma Chapters explore various acceptations and extensions of psychic trauma from the individual to the cultural analyzing narrative texts that belong in various genres from the ghost story to the misery memoir to the graphic novel. The selection of primary sources allows for a review of leading contemporary British authors such as Peter Ackroyd Martin Amis Ian McEwan Salman Rushdie Graham Swift Sarah Waters and Jeanette Winterson and of those less canonical such as Jackie Kay Alan Moore and Dave Gibbons Justine Picardie Peter Roche and Adam Thorpe The French Language and British Literature, 1756-1830 Marcus Tomalin, 2016-03-31 From the 1750s to the 1830s numerous British intellectuals novelists essayists poets playwrights translators educationalists politicians businessmen travel writers and philosophers brooded about the merits and demerits of the French language The decades under consideration encompass a particularly tumultuous period in Anglo French relations that witnessed the Seven Years War 1756 1763 the American War of Independence 1775 1783 the Revolutionary and Napoleonic Wars 1792 1802 and 1803 1815 respectively the Bourbon Restoration 1814 1830 and the July Revolution 1830 not to mention the gradual expansion of the British Empire and the complex cultural shifts that led from Neoclassicism to Romanticism In this book Marcus Tomalin reassesses the ways in which writers such as Tobias Smollett Maria Edgeworth William Wordsworth John Keats William Cobbett and William Hazlitt acquired and deployed French This intricate topic is examined from a range of critical perspectives which draw upon recent research into European Romanticism linguistic historiography comparative literature social and cultural history education theory and translation studies This interdisciplinary approach helps to illuminate the deep ambivalences that characterised British appraisals of the French language in the literature of the Romantic period **Erotic Sentiments in Indian Literature** Ahamad Hussain, 1982

Defining Genre and Gender in Latin Literature Garth Tissol, William Wendell Batstone, 2005 The Roman confrontation and assimilation of Greek literature entailed a scrutiny critique and adaptation of generic assumptions This book considers the ways in which major genres among them comedy lyric elegy epic and the novel were redefined to accommodate Roman concerns and the ways in which gender plays a role in generic definition and authorial self definition Both of these areas of research have been important to William S Anderson throughout his career This collection of essays by his students helps readers to understand the nature of Roman literary self definition as it honors Professor Anderson s own achievements in this field Traditional Japanese Literature Haruo Shirane, 2012 Traditional Japanese Literature features a rich array of works dating from the very beginnings of the Japanese written language through the evolution of Japan s noted aristocratic court and warrior cultures It contains stunning new translations of such canonical texts as The Tales of the Heike as well as works and genres previously ignored by scholars and unknown to general readers

Festivals in Latin Literature

Anke Walter, 2025-04-26 Festivals feature prominently in Latin literature even in works that are not explicitly dedicated to festive days like Ovid s Fasti Festivals in Latin Literature

explores the role of festivals in elegiac lyric and epic poetry as well as historiography In all of these festivals play a more pervasive role than has so far been realised Tibullus elegiac oeuvre rests on an interplay between amatory and festive poetics that even has a political meaning to it and Propertius uses festivals in his fourth book of elegies to question from an amatory perspective the memory typically associated with some key Roman festivals In the poetry of Sulpicia and Ovid s Tristia festivals allow voices that are otherwise marginalised to shape their own fame and commemoration Horace s Odes and the Carmen saeculare rest on an intriguing interplay of festivity in the private sphere which forms but a fleeting and precious moment and the monumentality of public festivals in which the poet styles himself as a master of Roman time Post Vergilian Latin epicists use festivals to explore the fragility of human identity in a world dominated by the gods in Ovid s Metamorphoses and to question further the commemoration connected with festive days In particular Statius in his Thebaid undermines the foundational importance of festivals in the Aeneid vividly staging the problematic meaning of festivals that convey a premature commemoration of an epic conflict that is unspeakable nefas Finally in Livy s ab urbe condita and Tacitus Histories festivals both provide structure and capture long term developments in Roman history including Rome s rise to power and the collapse of its morals while situating both works in broader historiographical and intertextual dialogues The book sheds new light on these authors and works uncovering their unique festive poetics It demonstrates that Latin literature adds important new aspects to our general understanding of festivals which as seen throughout the book offer even richer avenues of creating meaning and shaping or questioning commemoration than is often assumed Classical Arabic Literature ,2013 NYU Press and NYU Abu Dhabi NYUAD announce the establishment of the Library of Arabic Literature LAL a new publishing series offering Arabic editions and English translations of the great works of classical Arabic literature The translations rendered in parallel text format with Arabic and English on facing pages will be undertaken by renowned scholars of Arabic literature and Islamic studies and will include a full range of works including poetry poetics fiction religion philosophy law science history and historiography Unprecedented in its scope LAL will produce authoritative and fiable editions of the Arabic and modern lucid English translations introducing the treasures of the Arabic literary heritage to scholars and students as well as to a general audience of readers Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1896 **Spatial Politics in Contemporary London Literature** Laura Colombino, 2013-06-19 This book analyses the spatial politics of a range of British novelists writing on London since the 1950s emphasizing spatial representation as an embodied practice at the point where the architectural landscape and the body enter into relation with each other Colombino visits the city in connection with its boundaries abstract spaces and natural microcosms as they stand in for all the conflicting realms of identity its interstices and ruins are seen as inhabited by bodies that reproduce internally the external conditions of political and social struggle The study brings into focus the fiction in which London provides not a residual interest but a strong psychic phenomenological grounding and where the awareness of the physical reality of

buildings and landscape conditions shape the concept of the subject traversing this space Authors such as J G Ballard Geoff Dyer Michael Moorcock Peter Ackroyd Iain Sinclair Geoff Ryman Tom McCarthy Michael Bracewell and Zadie Smith are considered in order to map the relationship of body architecture and spatial politics in contemporary creative prose on the city Through readings that are consistently informed by recent developments in urban studies and reflections formulated by architects sociologists anthropologists and art critics this book offers a substantial contribution to the burgeoning field of literary urban studies LUX: Studies in Greek and Latin Literature Myrto Aloumpi, Antony Augoustakis, 2024-10-21 This volume of essays in honor of Lucia Athanassaki offers a great variety of chapters on a number of topics in Greek and Latin literature and genres from Greek epic and lyric poetry to Greek drama and late antiquity Greek historiography and Latin lyric poetry The Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1894 Erotic **Literature** Donald McCormick, 1992 This essential sourcebook is the first guide to all literature covering erotic but not pornographic or scatological themes prose and poetry ancient and modern published and unpublished which deserve to be called classics From Ovid to Erica Jong this collection shows how eroticism the joyfully erotic crops up in a multitude of ways throughout world history and literature Includes a glossary of erotic terms and a useful bibliography Lippincott's Magazine of Popular Literature and Science, 1876 The Word From Paris John Sturrock, 1999-12-17 In this accessible guide to the literature and thought of 20th century France Sturrock clarifies the various intellectual movements that have marked the recent history of French writing including Existentialism Structuralism and the OuLiPo Irish Literature Patricia Coughlan, Tina O'Toole, 2008 Feminist perspectives on Irish literature The Saturday Review of Politics, Literature, Science and Art ,1862
