East Rea Matsangou,2023-08-28 The Manichaeans of the Roman East is the first monograph that synthesizes an enormous body of primary material to reconstruct the history of East Roman Manichaeans from the time their first missionaries arrived in the territory of the Roman East until the disappearance of Manichaeism from the Eastern Roman Empire Through her systematically comparative and intertextual investigation of the sources Matsangou provides a number of original approaches to issues such as the classification of Manichaeism the socio religious profile and lifestyle of East Roman Manichaeans the triggers of the severe anti Manichaean persecutions She thoroughly analyses the relationship between Manichaean and Christian ascetics for the first time suggesting a possible Manichaean impact on the rise of ascetic manifestations among Christian ascetics monks and individuals in society By considering the dimensions of the phenomenon of crypto Manichaeism and using the concept of entryism borrowed from politics as a theoretical model Matsangou makes intriguing hypotheses suggesting an alternative explanation for the disappearance of Manichaeism from the Roman East

Ferdinand Hahn,2022-01-01 The Titles of Jesus in Christology was recognised as a major contribution to Christological study when it was first published in German in 1963 Its translation into English a few years later cemented this status Hahn undertakes a massive and detailed examination of the various traditions that led to the use of names for Jesus that we now recognise as characteristic of the very early Church Moreover he carefully distinguishes between the different Christological

conceptions present in these differing branches of primitive Christianity and embodied in the terms they produced His analysis and categories have been followed by many later scholars who built on his detailed study of the peculiarities of the different titles given to Jesus by the different communities that followed him
