*Arcana Coelestia* Emanuel Swedenborg, 1961      **Born of Water and the Spirit** John Williamson Nevin, Philip Schaff, Emanuel Gerhart, 2016-03-29 Born of Water and the Spirit presents essays on the sacraments by the three major representatives of Mercersburg Theology John Nevin Philip Schaff and Emanuel Gerhart It focuses on Mercersburg's doctrine of baptism and Christian nurture attempts to correct putative deficiencies of the major Reformed trajectories e.g. New England and Princeton and vigorously critiques the anti sacramental animus of revivalistic evangelicalism Mercersburg understood baptism as initiating a person adult or infant into the sacramental life of the church Baptism and Eucharist were objective spiritually real actions that made what Nevin called the mystical presence of Jesus Christ present to Christians bringing transformative power into their lives The present critical edition carefully preserves the original texts while providing extensive introductions annotations and bibliography to orient the modern reader and facilitate further scholarship The Mercersburg Theology Study Series is an attempt to make available for the first time in attractive readable and scholarly modern editions the key writings of the nineteenth century movement known as the Mercersburg Theology An ambitious multiyear project it aims to make an important contribution to the scholarly community and to the broader reading public who can at last be properly introduced to this unique blend of American and European Reformed and Catholic theology

The Wisdom of Many, the Vision of One Marvin D. L. Lansverk, 1994 This book is a full length study of Blake's most famous and arguably his most central literary device the proverb It begins with an investigation into the paradox of how the poet most known for his hatred of generalization and prudence could make such frequent use of proverbs which as the wisdom of many are historically closely tied to careful generalization Arranged in two sections the book first sets Blake's radically new visionary proverbs into a brief literary history examining proverbs in the Bible Bunyan Swedenborg and Milton It concludes with a detailed study of the function of the proverbs in Blake's prophetic works A central aspect of this function is ultimately shown to be the Godlike creation of Blake's Bible of Hell a Bible which turns out to be chiefly comprised of his systematically rewritten versions of the biblical Wisdom books      *The New Christianity*, 1953      *Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971* New York Public Library. Research Libraries, 1979      *The Encyclopedia of American Religions* J. Gordon Melton, 1978      **Arcana Coelestia, Volume 11** Emanuel

Swedenborg, 2013-11-08 This is an exposition of the internal or spiritual sense of the books of Genesis and Exodus according to the law of correspondences It unfolds the spiritual significance of the creation of the stories of Adam and Eve and of the deluge of the lives of the patriarchs of the captivity of the chosen people in Egypt and of their deliverance therefrom and of their subsequent history of the ritual of the Jewish religion its sacrifices and observances and in general traces the foreshadowing through both books of the incarnation and glorification of the Lord Jesus Christ Many passages from other parts of the Word are also fully explained Relations of things heard and seen in the spiritual world are interspersed

explaining the process of dying and of man's resuscitation and conscious entrance into the interior life the nature of the soul of heaven and heavenly joy and of hell its nature and its miseries It also treats of the Grand Man or the whole angelic heaven and the correspondence of the societies therein with the different organs and senses of the body the origin and correspondence of diseases the spirits and inhabitants of the various planets and of other earths in the starry heavens All of which are related to a true understanding of the Divine Word This is book 11 out of 12 and covers Exodus 22-28

**New-Church Messenger**, 1959     A Disclosure of Secrets of Heaven Contained in Sacred Scripture Or the Word of the Lord Emanuel Swedenborg, 2008 The first volume of Secrets of Heaven Swedenborg's magnum opus offers a unique insight into the spiritual message of the Bible Opening with the creation story Swedenborg describes how each step in the process relates to our growth and development as spiritual people He traces the inner history of the peoples described in the Bible and connects their story to our own trials and tribulations showing how the Flood represents the spiritual devastation that urges us to begin our regeneration     *Chrysalis*, 1988     **From Gabriel to Lucifer** Valery Rees, 2012-12-04 Fiery the angels fell slow thunder rolled around their shores burning with the fires of Orc Whether in recent popular culture or back across countless centuries angels have perpetually enthralled mystified and even terrified us Every single angel is terrible wrote the German Romantic poet Rilke and so I hold myself back from the dark bird cry of my anguished sobbing For some in the sceptical post Enlightenment West angels may be no more than metaphors poetic devices to convey at least for those with a religious sensibility an active divine interest in creation But for others angels are absolutely real beings manifestations of cosmic power and energy with the capacity either to enlighten or annihilate those whose awestruck paths they cross Valery Rees here offers the first comprehensive history of these beautiful enigmatic and sometimes dangerous beings whose existence and actions have been charted across the eons of time and civilizations From the ancient Sumerian and Akkadian winged figures to Egyptian representations of Maat Persian genii Arab djinn biblical cherubim daemons of Hermes Trismegistus and Milton's defiant fallen angels From Gabriel to Lucifer reveals a mesmerising trajectory of angelic belief Whether exploring the feverish visions of Ezekiel and biblical cherubim the Islamic archangels Jibra'il Azra'il Mika'il and Israfil the austere and haunting icons of Andrei Rublev or Wim Wenders Wings of Desire and the more benign idea of the ever watchful guardian angel the author shows that the very ubiquity of these implacable celestial messengers reveal something fundamental if not about God and the devil then about ourselves our perennial preoccupation with how to depict the transcendent     Catalogue of the Writings of Emanuel Swedenborg and Collateral Literature Swedenborg Foundation, 1937     Recording for the Blind & Dyslexic, ... Catalog of Books, 1996     **Forgotten Firebrand** John R. McKivigan, 2018-07-05 The reformer James Redpath 1833-1891 was a focal figure in many of the key developments in nineteenth century American political and cultural life He befriended John Brown Samuel Clemens and Henry George and toward the end of his life was a ghostwriter for Jefferson Davis He advocated for abolition civil rights Irish nationalism

women s suffrage and labor unions In *Forgotten Firebrand* the first full length biography of this fascinating American John R McKivigan portrays the many facets of Redpath s life including his stint as a reporter for the New York Tribune his involvement with the Haitian emigration movement and his time as a Civil War correspondent Examining Redpath s varied career enables McKivigan to cast light on the history of journalism public speaking and mass entertainment in the United States Redpath s newspaper writing is credited with popularizing the stenographic interview in the American press and he can be studied as a prototype for later generations of newspaper writers who blended reportage with participation in reform movements His influential biography of John Brown justified the use of violent actions in the service of abolitionism Redpath was an important figure in the emerging professional entertainment industry in this country Along with his friend P T Barnum Redpath popularized the figure of the impresario in American culture Redpath s unique combination of interests and talents for politics for journalism for public relations brought an entrepreneurial spirit to reform that blurred traditional lines between business and social activism and helped forge modern concepts of celebrity
