Archetype of the Apocalypse Edward F. Edinger, 1999 A Jungian psychologist provides an explanation of the psychic forces underlying contemporary issues such as the violence in our society the psychological meaning of AIDS and the increase in world terrorism 20 photos 20 illustrations

Archetype of the Apocalypse Edward F. Edinger, 2002 The collective belief in Armageddon has become more powerful and widespread in the wake of recent terrorist attacks Edward Edinger looks at the chaos predicted by the Book of Revelation and relates it to current trends including global violence AIDS and apocalyptic cults

The Oxford Handbook of Divine Revelation Balázs M. Mezei, Francesca Aran Murphy, Kenneth Oakes, 2021 This Handbook offers a systemic approach to the notion of revelation in its various theoretical contexts It provides in depth coverage of the theoretical and historical fields in which the notion of revelation is discussed

The Maya Book of Life Michael Owen, 2011-03 THE MAYA BOOK OF LIFE UNDERSTANDING THE XULTUN TAROT is the companion book to the Xultun Tarot Classic Edition It explores the archetypes and alchemy of the major arcana of the Xultun Tarot through indigenous teachings and the analytical psychology of C G Jung and casts new light on the meaning of 2012 The Xultun Tarot was created by Peter Balin in 1976 based on images from Maya history and culture Taken from a single painting it is the only tarot deck where the major arcana form a complete picture This picture is a symbolic image of the alchemical marriage of spirit and matter and a map of what Jung called the individuation process Only 500 copies of the original Xultun Tarot were ever printed Now Kahurangi Press xultun.com has recreated this classic long out of print deck true to its original large size and vibrant colours together with a book that explains the profound symbolism of the cards Michael Owen is a clinical psychologist in private practice and author of Jung and the Native American Moon Cycles He lives in New Zealand

Crossing the Event Horizon Jonathan Zap, 2012-02-24 Crossing the Event Horizon provides evidence that we are both individually and collectively hurtling toward an evolutionary event horizon Using the tools of Jungian psychology the nature of the singularity is defined by its myriad manifestations emerging from the collective unconscious These include dreams motifs and themes found in art science fiction and fantasy literature and films religious cults and the paranormal especially near death experiences and UFO encounters Key aspects of the Singularity Archetype include Logos Beheld visually comprehended linguistic intent often associated with a collective telepathic network Homo gestalt a new species where individuality is conserved but also telepathically networked and a parallelism between the individual event horizon of death and eschaton the collective event horizon of the species Apocalypticism is analyzed as an example of the Singularity Archetype pathologizing A study of the Heaven's Gate saucer suicide cult illustrates what can happen when people become possessed by the Singularity Archetype and are driven by it into delusory projections The Singularity Archetype is viewed apocalyptically by the ego and as a transcendent evolutionary event by the Self and the duality of these views is explored in many examples The evolutionary origins of the ego and its metamorphosis as it approaches the event horizon are explored

Evolutionary theory which relates to the Singularity Archetype through a number of dynamic paradoxes is discussed Many popular books and movies are analyzed as permutations of the Singularity Archetype including Avatar Childhood s End Village of the Damned Powder and 2001 A Space Odyssey The Singularity Archetype is a primordial image of human evolutionary metamorphosis which emerges from the collective unconscious How the Archetype Manifests a Composite Picture A rupture of plane event occurs usually threatening the survival of the individual and or species The event is a shock that disrupts the equilibrium of body physical world and also individual collective psyche It is an ontological shock that will be viewed as the worst thing possible by individual collective ego There is another rupture of plane that may actually be the same rupture as above but seen from a cosmic rather than a personal view The shock is revealed to be a transcendent evolutionary event The revelation of the transcendent aspect will often involve spiral motifs and unusual lights Consciousness and communication metamorphose and with them core aspects ego individuality connection to linear time corporeality gender identification social order etc fundamentally transform There is a vision or actualization of release from some or all limits of corporeal incarnation and the emergence of glorified bodies which have enhanced powers and various degrees of etherialization More visual and telepathic modes of consciousness and communication emerge and this is part of a transformation of individuality into Homo gestalt a new species where individual psyches are networked telepathically The Singularity Archetype may be experienced and even actualized to various degrees by an individual through transcendent and or anomalous experiences such as near death experiences NDEs UFO abduction close encounter experiences kundalini and psychotropic episodes As with encounters with all archetypes individuals and groups attach idiosyncratic material to it such as particular end dates and scenarios Another way of defining the Singularity Archetype in its collective form is as a resonance flowing backward through time of an approaching Singularity at the end of human history The Singularity Archetype relates to both the evolutionary event horizon of the species and for the individual the event horizon of death

Pathways to Wholeness Renn Butler, 2019-06-06 The exploration of the psyche in non ordinary states of consciousness provides access to powerful transformative experiences that can lead us towards a more complete experience of being human the realization of a deeper identity while also yielding extraordinary insights into the ultimate nature of reality In this book Renn Butler explains how to use archetypal astrology as a guide to the transpersonal journey Described by Stanislav Grof as the Rosetta Stone of consciousness research archetypal astrology is based on a correspondence between planetary alignments and archetypal patterns in human experience Here by drawing on the work of Grof and Richard Tarnas Butler systematically describes the archetypal themes and qualities associated with each of the major planetary combinations studied in astrology and considers how these themes might manifest and be supported in deep psychological self exploration Based on thirty years of research Pathways to Wholeness is an indispensable reference book for explorers of the inner worlds Pathways to Wholeness Explores the intersection between Grofian transpersonal psychology and archetypal astrology

Describes the nature of the planetary archetypes in astrology Explores the archetypal meaning of all the main planetary combinations as applied to everyday life perinatal psychology and transpersonal experience Provides illuminating case studies and vignettes Illustrated with mandala drawings The World of Myth David Adams Leeming,2019 The bestselling anthology of world mythology updated and revised in a new Third EditionOrganized thematically this text offers one of the most wide ranging collections of the myths from cultures around the world including Aztec Greek African Australian Indigenous Japanese Muslim Hittite Celtic Chinese and Persian Apocalypse and Post-Politics Mary Manjikian,2012-03-16 Mary Manjikian s *Apocalypse and Post Politics* The Romance of the End advances the thesis that only those who feel the most safe and whose lives are least precarious can engage in the sort of storytelling which envisions erasing civilization Apocalypse themed novels of contemporary America and historic Britain then are affirmed as a creative luxury of development Manjikian examines a number of such novels using the lens of an international relations theorist identifying faults in the logic of the American exceptionalists who would argue that America is uniquely endowed with resources and a place in the world both of which make continued growth and expansion simultaneously desirable and inevitable In contrast Manjikian shows apocalyptic narratives explore America as merely one nation among many whose trajectory is neither unique nor destined for success *Apocalypse and Post Politics* ultimately argues that the apocalyptic narrative provides both a counterpoint and a corrective to the narrative of exceptionalism Apocalyptic concepts provide a way for contemporary Americans to view the international system from below from the perspective of those who are powerless rather than those who are powerful This sort of theorizing is also useful for intelligence analysts who question how it all will end and whether America s decline can be predicted or prevented *Post Apocalyptic Comics* Ethan Parker,2025-03-10 *Post Apocalyptic Comics* explores our fascination with dystopian societies and survival in the face of societal collapse as portrayed in comics and graphic novels The book examines how these narratives often dismissed as mere entertainment actually reflect our deepest cultural anxieties Comics offer a unique lens through which to examine human resilience and the moral dilemmas that arise when civilization crumbles providing a powerful commentary on our values and fears One intriguing facet is the evolution of survival strategies depicted ranging from lone wolf approaches to collaborative community building after catastrophic events The study analyzes the representation of dystopian societies and the power structures they create It also considers how these narratives function as cultural barometers reflecting anxieties related to nuclear proliferation environmental degradation and global pandemics Using a diverse range of comic books and graphic novels and balancing formal analysis with engaging writing the book progresses from introducing core concepts to exploring survival strategies dystopian representations and the ethical quandaries faced by characters Ultimately the book aims to provide a deeper understanding of the cultural significance of post apocalyptic comics and their relevance to contemporary issues **The Revelation of St John** Ernst Wilhelm Hengstenberg,1851 The Revelation of St. John E. W. Hengstenberg,2005-05-05

From the Preface The Revelation of St John was for a long time a shut book to me That it was necessary here to lay open a new path that neither the course pursued in the older ecclesiastical nor that of the modern Rationalistic exposition was to be followed I never entertained a doubt The title shows that this work is intended for all who search the Scriptures The remarks contain little of a grammatical nature The text will present no difficulties to cultivated readers even though not theologians if they are only animated by the earnest desire to become thoroughly acquainted with the contents of the book I commend this work the deficiencies of which I deeply feel to Him who has given me strength to execute it thus far and who has rendered it to myself a source of edification and comfort

Apocalyptic Grace Stephen Powell, 2011-05-20 Here is a unique exploration of the five eras or Worlds of cultural socioeconomic psychological spiritual evolution Stephen Powell a seasoned anthropologist and psychotherapist illuminates the hunter gatherer horticultural agrarian and industrial technological epochs in unexpectedly fresh and timely ways Foremost the diversity of these Worlds is still within us all World One reaching back to 50 000 BCE was a time of widely accepted shamanic assumptions World Two 10 000 to 3500 BCE developed small scale horticulture and tribal cohesion but also unprecedented social conformity World Three from about 3500 BCE experienced the global rise of caste structured hierarchies with the World Religions as cultural compensation Beginning in the 1600s World Four developed a mechanistic secularized worldview accentuated by individualism popular culture and a capitalist agenda Finally Powell describes the beginnings of a new fifth set of world assumptions a world without borders Here we may start to integrate humanitarian aspects of the preceding Worlds embracing multiculturalism without losing cultural integrity Moreover the wisdom traditions from each time appear to hold seed truths of the profound changes that mark the end time and the beginning of each World Apocalyptic Grace leads the reader on a stunning survey of this remarkable journey

The Snake and the Rope: A Jungian View of Hinduism George R. Elder, 2025-02-15 It is obvious that our culture is undergoing a major transition as are our religions that traditionally carry a culture s values even its vitality Thus it is essential that we understand how religion functions when it is alive and well Studying it elsewhere in another time and place helps us to be objective about the religious life And this survey of Hinduism serves that purpose Since our own religious traditions assume a pre modern world view it is important that we try to interpret them in a modern way Otherwise we lose their wisdom C G Jung s psychology of religion is the most creative interpretation of religion that we have today I show to what extent Jung wrote about Hinduism understood it and how we can apply his insights to our own psycho religious circumstances The Snake and the Rope A Jungian View of Hinduism is a companion to my book The Self and the Lotus A Jungian View of Indian Buddhism 2 vols that is also published by BookLocker

The Revelation of st. John, expounded, tr. by P. Fairbairn Ernst Wilhelm Hengstenberg, 1851

What are They Saying about New Testament Apocalyptic? Scott M. Lewis, 2004 Scott Lewis begins his volume focusing on New Testament apocalyptic with Albert Schweitzer s famous 19th century book The Quest for the Historical Jesus that concludes that both the worldview and the message of Jesus were

thoroughly apocalyptic And he brings us to the present with the heated debates generated by the historical Jesus research of the last 20 years and the rebirth of apocalyptic fervor at the beginning of the new millennium The book focuses on five areas

- 1 the attempts since Schweitzer to define the apocalypse genre and its constituent eschatology and theology
- 2 the debate over the question concerning the nature of Jesus teaching and proclamation and whether the apocalyptic statements attributed to him are genuine or products of the early church
- 3 the apocalyptic nature of Paul's proclamation and the central role it plays in his moral exhortation ecclesiology and spirituality
- 4 the nature of the message of the Book of Revelation and the different approaches to its interpretation
- 5 the application of apocalyptic theology and eschatology to the life of the church in the form of preaching ethics spirituality and social justice and
- 6 a concluding reflection

A special concern of the book is the reappropriation of the apocalyptic tradition by the modern church in a manner that avoids the many misuses of this genre in the past To this end it is most important that apocalyptic theology be recognized for what it is a theology of hope rather than a theology of fear

Apocalyptic Movements in Contemporary Politics C. Aldrovandi, 2014-05-27 This book explores Israeli Religious Zionism and US Christian Zionism by focusing on the Messianic and Millenarian drives at the basis of their political mobilization towards a Jewish colonization of the occupied territories Screened Out Carla B. Johnston, 2016-07-01 A comparison of the cultural and political institutional dimensions of war's impact on Greece during the Peloponnesian War and the United States and the two Koreas North and South during the Korean War It demonstrates the many underlying similarities between the two wars

Karl Kraus, Apocalyptic Satirist Edward Timms, 1989-01-01 This is a fascinating study of the life and work of Karl Kraus brilliant Austrian writer satirist and personality of fin de siècle Vienna This encyclopaedic study of his life his work and his generation will be of great interest to both the enthusiast and the general student of European culture Drawing on unfamiliar sources Edward Timms analyses Kraus's involvement in the fundamental ideological issues of his time and shows that Kraus's political position caught between traditional Habsburg loyalties and new democratic commitments was far more complex than has previously been suspected A major landmark in Kraus studies and an important contribution to our understanding of the culture of the early twentieth century It abounds in discoveries and insights Times Higher Education Supplement Timms's lucid prose his masterly organization of the voluminous material he treats his excellent translations of the documents he cites and his broad readable portrayal of Viennese fin de siècle culture makes this study accessible to the average reader and a pleasure for the literary professional An example of German studies at its best European Studies Journal This study which takes us to the end of the Great War is unquestionably the most detailed and thoughtful book about him in any language Edward Timms account skilfully interweaves his life times and work The Listener Timms successfully weaves a colourful and thoroughly researched and documented account of essential cultural currents in Habsburg Vienna around his central figure Copious illustrations and photographs enhance a most enjoyable text making this an ideal introduction to Kraus and his work Choice Edward Timms is lecturer in German at

the University of Cambridge and a fellow of Gonville and Caius College

A Depth Psychological Study of the Peace

Symbol Michelle Rivera-Clonch, 2023-07-05 This engaging new book uncovers the cultural context behind the peace symbol's emergence, its growing significance in the 1960s, and its ongoing presence in today's worldwide grassroots and nonviolent social action protests. Since its debut in 1958, the peace symbol has become a ubiquitous presence in broadcasted images of protest and resistance, yet most citizens are unaware of the symbol's history or psychological evolution. It is a unique modern symbol in that it is at once an omnipresent and yet entirely unknown entity. This noteworthy text engages readers in fresh and thought-provoking ways around the interdependent relationships of peace and war, recognition and secrets, symbol and chaos, and action and inaction, to name a few. In this book, Rivera-Clonch brings a depth psychological analysis to Post World War II's escalating nuclear tensions and rhetoric and links it to today's increasing consciousness around social injustices and nonviolent activism. This is a timely and relevant interdisciplinary case study exploring the peace symbol through the dimensions of cultural secrets and psychological shadow, nuclearized storytelling and symbology, and grassroots nonviolent social action. *A Depth Psychological Study of the Peace Symbol* will be of interest to Jungian and depth psychologists as well as students and scholars of peace studies and psychology.

Dark Religion Vladislav Šolc, George J. Didier, 2018-12-01

Jungian analysts Vlado Solc and George J. Didier set out to explore the psychological dynamics and causes of religious fundamentalism and fanaticism. The book offers an in-depth psychological analysis of what happens when a person becomes possessed by the unconscious energies of the Self. *Dark Religion* also reveals that spirituality is an inherent dimension of human life and one of its most essential needs. It only becomes dark when it denies, ignores, or separates itself from its vital roots. The authors coin the term *dark religion* to describe all forms of fanatical, radical, and extreme religions. Their study shows how dark religion leads to profound conflicts on both the personal and cultural level, including terrorism and wars. The book surveys the vast contemporary cultural and religious landscapes while discovering the emergent forms of spiritual praxis in light of postmodernism and the rise of fundamentalism in the new millennium.
