Architects Notebook The Treasure House Of Idea:

Time and Memory Jo Alyson Parker,Paul André Harris,Michael Crawford,2006-09-01 The nature of time has haunted humankind through the ages Some conception of time has always entered into our ideas about mortality and immortality and permanence and change so that concepts of time are of fundamental importance in the study of religion philosophy literature history and mythology On one aspect or another the study of time cuts across all disciplines The International Society for the Study of Time has as its goal the interdisciplinary and comparative study of time This volume presents selected essays from the 12th triennial conference of the International Society for the Study of Time at Clare College Cambridge The essays are clustered around themes that pertain to the constructive and destructive nature of memory in representations and manipulations of time The volume is divided into three sections Inscribing and Forgetting Inventing and Commemoration wherein the authors grapple with the nature of memory as a medium that reflects the passage of time **Vizcaya** Witold Rybczynski,Laurie Olin,2007-01-04 Like its palatial contemporaries Biltmore and San Simeon Vizcaya represents an achievement of the Gilded Age when country houses and their gardens were a conspicuous measure of personal wealth and power In Vizcaya the authors use illustrations historic photographs and narrative to document this extraordinary house and landscape **Rubber Stamp Sourcebook** David Ward,1995 *Architectural Digest* ,2009 The international magazine of fine interior design **The New York Times Index** ,2005 *Encounter* ,1975 Encounter Stephen Spender,Irving Kristol,1975 *Inland Architect* ,1999 *Gerard Manley Hopkins and His Poetics of Fancy* Kumiko Tanabe,2015-09-10 This book explores the poetics of fancy in the works of Gerard Manley Hopkins a term often paired with imagination in well known Romantic poetics It sheds new light on this concept which is described positively in Hopkins s poetics and later becomes the essence of his idiosyncratic concept of inscape as shown here Chapter One discusses the influence of Coleridge and Ruskin on Hopkins s poetics of fancy Hopkins s experiments in the language of inspiration produced by fancy before his conversion to Catholicism his idea of inscape as revealed by fancy and the relation between his fancy and the aesthetics of Romantic poets such as Keats and Wordsworth Chapter Two focuses on the concept of fancy in Hopkins s predecessors William Shakespeare and Alfred Lord Tennyson who along with Coleridge and Ruskin had a major influence on the writer leading him to pen the play Floris in Italy and the sonnet series The Beginning of the End in order to experiment with the language of inspiration which he argued only fancy could produce This chapter also discusses Hopkins s interest in J E Millais and the impact of the Pre Raphaelites in the development of his poetics of fancy Hopkins s fancy as metalanguage the contrast between his fancy and the impressionism of Walter Pater and the role of fancy in Hopkins s sonnets Chapter Three treats Hopkins s conversion to Catholicism and his views on Catholic art including his interest in William Butterfield and the Gothic Revival as well as the abrupt parallelism between Christ and fancy in The Wreck of the Deutschland Hopkins s poetic diction is a condensed evocation of art and nature with fancy as the source of his inspiration His metaphors are not ordinary figures

expressing the attributes of things but are autonomous and have their nature within themselves Hopkins s poetic idiosyncrasy is generated by the parallelism between distinctive and autonomous images which repeat the surprise and ecstasy of the poet contemplating art and nature He endeavoured to achieve the poetry of inspiration with his emphasis on fancy as the basis of his poetic diction so as to reinstate it as the source of a new Realism Hopkins s fancy foregrounds the discontinuous nature of a new poetic diction which demonstrates unfettered combinations between autonomous images and signs in metalanguage in advance of semiotic literary theories **Midnight Rambles** David J. Goodwin,2023-11-07 A micro biography of horror fiction s most influential author and his love hate relationship with New York City By the end of his life and near financial ruin pulp horror writer Howard Phillips Lovecraft resigned himself to the likelihood that his writing would be forgotten Today Lovecraft stands alongside J R R Tolkien as the most influential genre writer of the twentieth century His reputation as an unreformed racist and bigot however leaves readers to grapple with his legacy Midnight Rambles explores Lovecraft s time in New York City a crucial yet often overlooked chapter in his life that shaped his literary career and the inextricable racism in his work Initially New York stood as a place of liberation for Lovecraft During the brief period between 1924 and 1926 when he lived there Lovecraft joined a creative community and experimented with bohemian living in the publishing and cultural capital of the United States He also married fellow writer Sonia H Greene a Ukrainian Jewish migr in the fashion industry However cascading personal setbacks and his own professional ineptitude soured him on New York As Lovecraft became more frustrated his xenophobia and racism became more pronounced New York s large immigrant population and minority communities disgusted him and this mindset soon became evident in his writing Many of his stories from this era are infused with racial and ethnic stereotypes and nativist themes most notably his overtly racist short story The Horror at Red Hook set in Red Hook Brooklyn His personal letters reveal an even darker bigotry Author David J Goodwin presents a chronological micro biography of Lovecraft s New York years emphasizing Lovecraft s exploration of the city environment the greater metropolitan region and other locales and how they molded him as a writer and as an individual Drawing from primary sources letters memoirs and published personal reflections and secondary sources biographies and scholarship Midnight Rambles develops a portrait of a talented and troubled author and offers insights into his unsettling beliefs on race ethnicity and immigration Municipal Journal ,1959 *Art Books* ,1950 Including an international directory of museum permanent collection catalogs Australian Books in Print 1995 Thorpe, D. The Great Houses of London David Pearce,2001-11 The Great Houses of London is an account of extraordinary

buildings most of which no longer exist of such great designers as Robert Adam and of the enormously rich English aristocratic grandees who commissioned these houses When Queen Victoria remarked to her neighbor the Duchess of Sutherland I have come from my house to your palace she was by no means exaggerating The palaces of the nobility were second only to churches in architectural and aesthetic significance and defied comparison with the chateaux of France or the palazzi of Venice Filled with astonishing French and English furniture generally equipped with a large private picture gallery to display priceless paintings bought on the Grand Tour staffed by between 50 and 60 servants these houses expressed the taste and aspiration of a single person and usually one rich and powerful enough to have his own way A distinguished designer large rooms for entertaining formally an imposing facade to impress passers by and visitors were the background for the endless balls and costume and garden parties and formal dinners that made the dazzling London Season one of the high points for European royalty and society from June through August This book the only publication on a fascinating subject covers some 40 major home and 100 lesser ones starting in the 13th century in the walled city of London and moving on to the then suburbs of Bloomsbury Holborn Soho Piccadilly and St James finishing in Park Lane from which the aristocrats were driven by the noises of motor traffic This is a book that will fascinate architects decorators Anglophiles and social historians **Landfall** Charles Brasch,1968 **Journal of the American Institute of Architects** ,1922 Cincinnati Magazine ,2008-12 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region **Renaissance Warrior and Patron** R.
