A Handbook Of Greek Literature From Homer To The Age Of Lucian:

A Handbook of Greek Literature Herbert Jennings Rose, 1996 A brief yet comprehensive survey of Greek literature from Homer to Lucian Rose's stated intention for this companion volume to *A Handbook of Latin Literature* was that it be a work that covers the whole field is of moderate length yet not so short as to include the principle authors only *A Handbook of Greek Literature (Routledge Revivals)* H.J. Rose, 2014-06-17 First published in 1934 this book covers a broad array of ancient Greek literature taking into account the most acknowledged of the Greek authors as well as those less well known H J Rose presents the latest findings of the time in terms of research into Greek literature and covers subjects from Homer Comedy and Poetry to Philosophy Science and the Empire **A Handbook of Greek Literature** Herbert Jennings Rose, 1934 *A Handbook of Greek Literature from Homer to the Age of Lucian* Herbert J. Rose, 1951 *A Handbook of Greek Literature* H. I. Rose, 1950 **A Handbook of Greek Literature (Routledge Revivals)** H.J. Rose, 2014-06-17 First published in 1934 this book covers a broad array of ancient Greek literature taking into account the most acknowledged of the Greek authors as well as those less well known H J Rose presents the latest findings of the time in terms of research into Greek literature and covers subjects from Homer Comedy and Poetry to Philosophy Science and the Empire **Where Christ Is Present** John Warwick Montgomery, Gene Edward Veith, 2015-06-01 Five hundred years ago the church of Jesus Christ underwent a Reformation A lot happened after Martin Luther posted his 95 theses on the castle church door in Wittenberg But the fallout was not simply the start of Protestantism The Roman Catholic Church also recast itself in response to Luther's call for reforms And contrary to common belief Martin Luther did not set out to start a new church Rather he was trying to reform the church that already existed by reemphasizing its essence namely the good news the gospel that Jesus forgives and saves sinners The unity of the church was broken when the pope rejected this call for reform and excommunicated Luther starting a chain of events that did lead to the institutional fracturing of Christendom and to a plethora of alternative Christian theologies But as many including conservative Catholics now admit the church did in fact need reforming Today the church including its Protestant branches also needs reforming Some of the issues in contemporary Christianity are very similar to those in the late Middle Ages though others are new But if Luther's theology can be blamed however unfairly for fragmenting Christianity perhaps today it can help us recover the wholeness of Christianity The religious climate in the early 21st century is simultaneously highly religious and highly secularized It is a time of extraordinary spiritual and theological diversity In the spirit of the anniversary we are observing this book will propose the kind of Christianity that is best suited for our day The remedies offered here are available by way of the same theology that was the catalyst for reforming the church five hundred years ago **History, Law, and Christianity** John Warwick Montgomery, 2014-08-14 A stirring defense of the faith by one of Christianity's ablest defenders this is a re issue of the classic *History and Christianity* expanded to include Dr Montgomery's essay *Christianity Juridically Defended* Dr John

Montgomery scholar theologian and apologist for the faith developed this book from a seminar he presented at the University of British Columbia. Readable and convincing, the book is divided into four sections. Section One deals with four basic errors usually committed by those who attack the historicity of the New Testament. Section Two defends the accuracy of the New Testament documents using tests which are commonly applied to any ancient document. Section Three, entitled *God Closes In*, is a powerful defense of the truly divine and truly human nature of Christ. Section Four clearly shows that if Jesus were not the Son of God, the only other alternatives are either liar or lunatic. The last section contains Dr. Montgomery's essay, *Christianity Juridically Defended*. The book includes the transcript of a panel discussion in which Dr. Montgomery convincingly argues from the above four points to demonstrate their application for the reader. Here is excellent material for class discussion or individual study, particularly suited to helping young people combat humanistic concepts of the Bible and Christianity.

Crisis in Lutheran Theology, Vol. 1 John Warwick Montgomery, 2018-01-27. All three volumes of *Crisis in Lutheran Theology* deal with the issue of biblical inerrancy: that the Bible is completely true and accurate not only when it speaks to ideas of religious belief but also when it speaks about factual elements of history and science properly understood. This issue rocked the Lutheran Church Missouri Synod back in the late 1960s and early 1970s, prompting the release of the first two volumes. Volume 1 consists of essays by John Warwick Montgomery himself and is addressed primarily to theologians. Though obviously addressing themselves primarily to Lutheranism, the materials are to a large degree equally applicable to many of the other Christian communions and will be found to be extremely valuable in assessing the needs of a variety of denominations.

The Genre of Acts and Collected Biography Sean A. Adams, 2013-10-17. Uses genre theory to explore the composition and purpose of Acts, concluding that it is a work of collected biography.

Greek and Latin Literature John Higginbotham, 2024-08-28. *Greek and Latin Literature 1969* examines the two ancient literatures using a comparative method that recognizes the links between them. Most Latin genres owe something to their Greek forebears. How far was Virgil influenced by Homer? Cicero by Demosthenes? Horace by Sappho and Alcaeus? How far did their techniques differ? How far did they share the same interests? Each contributor to this volume aims to answer such questions.

The Oxford Handbook of Greek and Roman Comedy Michael Fontaine, Adele C. Scafuro, 2014-04. *The Oxford Handbook of Greek and Roman Comedy* marks the first comprehensive introduction to and reference work for the unified study of ancient comedy. From its birth in Greece to its end in Rome, from its Hellenistic to its Imperial receptions, no topic is neglected. The 41 essays offer cutting-edge guides through comedy's immense terrain.

The Classical Greek Reader Kenneth John Atchity, Rosemary McKenna, 1998. The wonders of the Greek world are presented in a modern, accessible manner, perfect for those looking to refresh their acquaintance with the classics and for those who have yet to explore the exciting intellectual energy of ancient Greece. Atchity focuses not only on the big names but also on the less familiar voices: the women, doctors, storytellers, herbalists, and romance writers of the time. 43 photos.
