Kingdoms of Faith Brian A. Catlos, 2018-07-05 Prior accounts have portrayed Islamic Spain either as a paradise of enlightened tolerance or as the site where civilisations clashed Award winning historian Brian A Catlos taps a wide array of original sources to paint a more complex picture showing how Muslims Christians and Jews together built a sophisticated civilisation that transformed the Western world even as they waged relentless war against each other and amongst themselves Religion was often the language of conflict but seldom its cause a lesson we would do well to learn in our own time Kingdoms of Faith rewrites Spain s Islamic past from the ground up evoking the cultural splendour of al Andalus and the many forces that shaped it
