A History Of Religion In 512 Objects Bringing The Spiritual To Its Senses:

A History of Religion in 512 Objects S. Brent Plate, 2015-03-10 A leading scholar explores the importance of physical objects and sensory experience in the practice of religion A History of Religion in 5 Objects takes a fresh and much needed approach to the study of that contentious yet vital area of human culture religion Arguing that religion must be understood in the first instance as deriving from rudimentary human experiences from lived embodied practices S Brent Plate asks us to put aside for the moment questions of belief and abstract ideas Instead beginning with the desirous incomplete human body he asks us to focus on five ordinary objects stones incense drums crosses and bread with which we connect in our pursuit of religious meaning and fulfillment As Plate considers each of these objects he explores how the world's religious traditions have put each of them to different uses throughout the millennia Religion it turns out has as much to do with our bodies as our beliefs Maybe even more

Theology Timothy Dwight, 1818 **The Literary World**, 1891 **The Jew, the Arab** Gil Anidjar, 2003 This book argues that in Christian Europe the question of the enemy has for millennia been structured by the historical relation of Europe to both Arab and Jew It provides a philosophical understanding of the background of the current conflict in the Middle East American Renaissance Literary Report, 1991 *Earthly Things* Karen Bray, Whitney Bauman, 2023-10-03 Globalization and climate weirding are two of the leading phenomena that challenge and change the way we need to think and act within the planetary community Modern Western understandings of human beings animals and the rest of the natural world and the subsequent technologies built on those understandings have thrown us into an array of social and ecological crises with planetary implications *Earthly Things Immanence New Materialisms and Planetary Thinking* argues that more immanent or planetary ways of thinking and acting have great potential for re thinking human technology animal Earth relationships and for addressing problems of global climate weirding and other forms of ecological degradation Older and often marginalized forms of thought from animisms shamanisms and other religious traditions are joined by more recent forms of thinking with immanence such as the universe story process thought emergence theory the new materialisms NM's object oriented ontologies OOO's affect theory and queer theory This book maps out some of the connections and differences between immanent frameworks to provide some eco intellectual commons for thinking within the planetary community with a particular emphasis on making connections between more recent theories and older ideas of immanence found in many of the world's religious traditions The authors in this volume met and worked together over five years so the resulting volume reveals sustained and multifaceted perspectives on thinking and acting with the planet
