Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world **The Romani Gypsies** Yaron Matras, 2015-01-06 Who are the Romani people Romani society Customs and traditions The Romani language The Roms among the nations Between romanticism and racism A modern Romani identity Appendix The mosaic of Romani groups The Politics of a Disillusioned Europe André Liebich, 2021-11-16 Moving from the fall of the Berlin Wall in 1989 to the present day this book traces the trajectory of the six East Central European former satellites of the Soviet Union Poland Hungary the Czech Republic Slovakia Romania Bulgaria that have joined the European Union It seeks in particular to explain these countries disenchantment with the return to Europe in spite of their significant advances The book proceeds country by country and then devotes chapters to some contemporary issues such as minorities migration and the relations of these new members with the European Union as a whole The book eschews theory and is intended for a general audience including students at all levels in political science and history classes devoted to the EU and to contemporary Europe and to an academic and practitioner audience interested in world affairs and the evolution of the European Union The book strives to fill a persistent knowledge gap in the English speaking world concerning East Central Europe and to offer fresh insights about the region in the context of contemporary geopolitics The Roma Cafe Istvan Pogany, 2004-04-20 The plight of Eastern Europe s Roma is one of the greatest challenges facing the continent Largely hidden this book offers an eye opening poignant and intriguing analysis of the diverse problems facing Central and Eastern Europe s gypsy populations including the largely unacknowledged legacy of the Roma Holocaust Engaging with a broad range of issues including racism stereotyping and political and economic transition in ex Communist states Istvan Pogany challenges the most common preconceptions about the Roma He looks at the specifics of individual Romani lives particularly in Hungary and Romania Highlighting the difficulties that all marginal peoples face

Pogany explains how the Roma have been devastated by the economic transition from Communism to open markets since 1989 Poverty lack of education as well as widespread anti Roma discrimination and inadequate legal protection have left the Roma facing intense hardship since the collapse of welfare states However this book is not just a catalogue of the challenges that the Roma face it is also a celebration of Roma cultures and of the acceptance of difference something that is more important than ever in our multicultural societies *Encyclopedia of Modern Ethnic Conflicts* Joseph R. engage with an idea of a mythologized homeland and in turn the vital role played by music in the organization development and reception of Russia Abroad **Mapping Marriage Law in Spanish Gitano Communities** Susan

Drummond, 2011-11-01 Comparative law and legal anthropology have traditionally restricted themselves to their own fields of inquiry Mapping Marriage Law in Spanish Gitano Communities turns this tendency on its head and investigates what happens when the voices of each discipline are invited to speak to each other Susan Drummond forges this hybrid form of comparative work through small and large scale studies of Gitano marriage law as it emerges in a Western European state in a modern urban centre and in particular communities and families Drummond's mapping of Gitano marriage law is grounded in ethnographic fieldwork in Andalucia The study draws initially from the tradition of comparative law to focus on the emergence of Spanish state family law in a predominantly national and international context Drummond then adopts the role of legal anthropologist to examine a particular legal culture that exists within and also beyond the Spanish state that of the Gitanos and the transnational Roma Ultimately she brings the international national and cultural dimensions of law into play with one another and contemplates how all of these influences bear on the spirit of Andalusian Gitano marriage law The result is an ethos of marriage law in a thoroughly mixed legal jurisdiction Mapping Marriage Law in Spanish Gitano Communities will appeal to scholars and students in comparative law and legal anthropology as well as readers interested in Roma studies in general and the Gitanos in particular The Politics of Space and Place Bob Brecher, Nicola Clewer, Doug

Else, 2013-01-03 What might an analysis of politics which focuses on the operation of power through space and place and on the spatial structuring of inequality tell us about the world we make for ourselves and others From the national border to the wire fence from the privatisation of land to the exclusion and expulsion of persecuted peoples questions of space and place of who can be where and what they can do there are at the very heart of the most important political debates of our time Bringing together an interdisciplinary collection of authors deploying diverse perspectives and methodological approaches this book responds to the pressing demand to reflect on and engage with some of the key questions raised by a political analysis of space and place Its chapters chart the ways in which inequality and exclusion are played out in spatial terms exploring the operations of power and resistance at the micro level of the individual home and small community analysing modes of securitisation and fortification utilised in the interests of wealth and power and documenting the ways in which space and place are being transformed by changing socio economic and cultural demands As well as analysing the ways in which forms of exclusion and persecution are manifest spatially the chapters in this book also attend to the forms of resistance and contestation which emerge in response to them Resistance is found in the persistence of those who build and rebuild their homes and communities in a world which seems bent on their exclusion At the same time life on the peripheries can give rise to new conceptions of citizenship and public space as well as to new political demands which seek to re claim space and contest the dominant order Bringing together scholars working in fields as diverse as political science geography

international studies cultural anthropology architecture political philosophy and the visual arts this book offers readers access to a range of contemporary case studies and theoretical perspectives Relevant timely and thoroughly accessible this text offers an integrated approach to what can be a dauntingly diverse area of study and will be of interest not only to those working in fields such as architecture political theory and geography but also to non specialists and students **Jewish**

Resistance to 'Romanianization', 1940-44 S. Ionescu, 2015-04-24 Ionescu examines the process of economic Romanianization of Bucharest during the Antonescu regime that targeted the property jobs and businesses of local Jews and Roma Gypsies and their legal resistance strategies to such an unjust policy **The Romani Movement** Peter Vermeersch, 2007-12-01 The collapse of communism and the process of state building that ensued in the 1990s have highlighted the existence of significant minorities in many European states particularly in Central Europe In this context the growing plight of Europe s biggest minority the Roma Gypsies has been particularly salient Traditionally dispersed possessing few resources and devoid of a common kin state to protect their interests the Roma have often suffered from widespread exclusion and institutionalized discrimination Politically underrepresented and lacking popular support amongst the wider populations of their host countries the Roma have consequently become one of Europe s greatest losers in the transition towards democracy Against this background the author examines the recent attempts of the Roma in Central Europe and their supporters to form a political movement and to influence domestic and international politics On the basis of first hand observation and interviews with activists and politicians in the Czech Republic Hungary and Slovakia he analyzes connections between the evolving state policies towards the Roma and the recent history of Romani mobilization In order to reach a better understanding of the movement s dynamics at work the author explores a number of theories commonly applied to the study of social movements and collective action Reflections on 1989 in Eastern Europe Terry Cox, 2013-09-13 This book presents a selection of recent research on the events and developments of 1989 in Eastern Europe It offers a mix of detailed examinations of the events of 1989 in Eastern Europe thoughtful and considered appraisals of developments and middle range theoretical discussions of patterns of cause and effect The authors range in their approaches from detailed examinations of government and ruling party papers from the archives some of it originally labelled top secret to personal observations and oral history based on interviews with participants to analysis of survey data and official statistics In their chosen focus the essays range from explorations of the emerging crisis in the communist regimes that led to the events of 1989 reflections and insights into the events and changing mood during 1989 itself and examinations of some of the consequences and legacies of 1989 This book was published as a special issue of *Europe Asia Studies* **Nomadic Peoples and Human Rights** Jérémie Gilbert, 2014-03-26 Although nomadic peoples are scattered worldwide and have highly heterogeneous lifestyles they face similar threats to their mobile livelihood and survival Commonly nomadic peoples are facing pressure from the predominant sedentary world over mobility land rights water resources access to natural resources

and migration routes Adding to these traditional problems rapid growth in the extractive industry and the need for the exploitation of the natural resources are putting new strains on nomadic lifestyles This book provides an innovative rights based approach to the issue of nomadism looking at issues including discrimination persecution freedom of movement land rights cultural and political rights and effective management of natural resources Jeremie Gilbert analyses the extent to which human rights law is able to provide protection for nomadic peoples to perpetuate their own way of life and culture The book questions whether the current human rights regime is able to protect nomadic peoples and highlights the lacuna that currently exists in international human rights law in relation to nomadic peoples It goes on to propose avenues for the development of specific rights for nomadic peoples offering a new reading on freedom of movement land rights and development in the context of nomadism

Encountering Race in Albania Chelsi West Ohueri, 2025-06-15 *Encountering Race in Albania* is the first book to interrogate race and racial logics in Albania Chelsi West Ohueri examines how race is made remade produced and reproduced through constructions of whiteness blackness and otherness She argues that while race is often limited to Western processes of modernity that exclude Eastern Europe racialization processes are global and the ethnography of everyday Albanian socialities makes visible how race operates Historical and political science frameworks prevail in the study of post Cold War East European societies yet as West Ohueri shows anthropological and ethnographic knowledge can equip scholars to ask questions that they might otherwise not consider illustrating how racialization is ongoing and enduring in a period that she terms the communist afterlife

Encountering Race in Albania through the unexpected optic of Albania a small formerly communist country in Southeast Europe offers significant insights into broader understandings of race in a global context

[The Nomadic Subject](#) Jean Ryan Hakizimana, 2009-10-02 This volume is an exploration of the image that is the Traveller Gypsy the nomad the migrant and the outsider Other within the frames of articulation that are the present day flows of cultural diaspora and mass globalisation Mass media dissemination and the combination of a range of complex social and cultural forces and movements have all served to rupture and blur the borders of the post Enlightenment modern nation state Nowhere is this more evident than in the case of postcolonial diasporas such as Travellers Roma and other traditionally nomadic groups groups whose migrations have served to accelerate the reconfiguring of hitherto dominant cultural narratives This book explores the manner whereby the migrant experience as relating to Ireland and as relating to Irish Travellers and Roma has been analysed and represented While the essays in this volume have a particular focus on the experiences of Irish migrants and the people sometimes referred to as the old Irish or the new Irish they also have a strong resonance with other recent explorations of the hybrid and diverse discourses that are the narratives of many Western countries today
