

Holiness Manifesto

Wesleyan Holiness Study Project, Azusa, California, February 2006.

The Crisis We Face

There has never been a time in greater need of a compelling articulation of the message of holiness. Pastors and church leaders at every level of the church have come to a dead end in seeking ways to revitalize their congregations and denominations. What we are doing is not working. Membership in churches of all traditions has flat-lined. In many cases, churches are declining. We are not even keeping pace with the biological growth rate in North America. The power and zeal of churches has been drained by the incessant search for a better method, a more effective fad, a newer and bigger program to yield growth. In the process of trying to find the magic method for growing healthy vibrant churches, our people have become largely ineffective and fallen prey to a generic Christianity that results in congregations indistinguishable from the culture around them. Churches need a clear, compelling message that will replace the ‘holy grail’ of methods as the focus of our mission. Our message is our mission!

Further, we are awash with leaders of churches who have become hostages to the success mentality of numeric and programmatic influence. They have become so concerned about ‘how’ they do church that they have neglected the weightier matter of ‘what’ the church declares. We have inundated the ‘market’ with methodological efforts to grow the church. In the process, our leaders have lost the ability to lead. They cannot lead because they have no compelling message to give, no compelling vision of God, no transformational understanding of God’s otherness. They know it and long to find the centering power of a message that makes a difference. Now more than ever, they long to soak up a deep understanding of God’s call to holiness—transformed living. They are tired of putting their trust in methods. They want a mission. They want a message!

People today are looking for a future without possessing a spiritual memory. They beg for a generous and integrative word from Christians that makes sense and makes a difference. If God is going to be relevant to people, we have a responsibility to make it clear to them. We have to shed our obsession with cumbersome language, awkward expectations and intransigent patterns. What is the core, the center, the essence of God’s call? That is our message, and that is our mission!

People in churches are tired of our petty lines of demarcation that artificially create compartments, denominations and divisions. They are tired of building institutions. They long for a clear, articulate message that transcends institutionalism and in-fighting among followers of Jesus Christ. They are embarrassed by the corporate mentality of churches that defend parts of the gospel as if it were their own. They want to know the unifying power of God that transforms. They want to see the awesomeness of God’s holiness that compels us to oneness in which there is a testimony of power. They accept the fact that not all of us will look alike; there will be diversity. But they want to know that somewhere churches and leaders know that we are one—bound by the holy character of God who gives us all life and love. They want a message that is unifying. The only message that can do that comes from the nature of God, who is unity in diversity.

Therefore, in this critical time, we set forth for the church’s well being a fresh focus on holiness. In our view, this focus is the heart of scripture concerning Christian existence for all times—and clearly for our time.

A Holiness Manifesto With Achieving Faith:

A Holiness Manifesto with Achieving Faith, 2014 *The Holiness Manifesto* Kevin W. Mannoia, Don Thorsen, 2008-04 Does the concept of holiness hold any relevance for Christians in the twenty first century Or is it rather a relic of the past with little to offer in today s postmodern world The contributors to this book firmly insist that holiness is indeed relevant no matter the age in which we live Moreover it is essential to following Christ in the twenty first century The essayists are all members of the Wesleyan Holiness Study Project a gathering of scholars and leaders who have met since 2004 to explore the mission of the churches of the Holiness movement The book begins with two compelling ecumenical statements articulating the holiness message for today s church *The Holiness Manifesto* and *Fresh Eyes on Holiness* These are followed by a dozen penetrating essays grouped in three parts 1 the understanding of holiness in Scripture 2 holiness in historical and theological perspective and 3 holiness in relation to various practical aspects of ministry The book concludes with appendixes offering five considered descriptions of holiness The fastest growing segments of the church worldwide have their roots in the Wesleyan Holiness tradition Catholic Orthodox and other Protestant denominations are discovering its relevance to their own traditions and practices *The Holiness Manifesto* offers an ideal overview to those wishing to understand more about this extremely influential movement Contributors Jim Adams Barry Callen Lisa L Dorsey Roger Green Jon Huntzinger Cheryl Bridges John Craig Keen David W Kendall William Kostlevy Diane Leclerc Kevin W Mannoia James Earl Massey George McKinney Thomas A Noble Jonathan S Raymond C Stevens Schell Howard A Snyder Don Thorsen Lynn Thrush Kenneth L Waters Sr **The Pursuit of Holiness in Late Medieval and Renaissance Religion** Heiko A. Oberman, Charles Edward Trinkaus, 2022-07-11 **Pentecostalism, Secularism, and Post Christendom** Bradley Truman Noel, 2015-12-14 If only we were a Christian country again Christians particularly those in the West often lament their loss of influence in modern politics and culture It seems that everywhere one turns Christendom in the West is dealt another blow with Christian reactions ranging from withdrawal and entrenchment to cries of persecution and talks of organized resistance Pentecostalism Secularism and Post Christendom seeks to address these concerns via an examination of Classical North American Pentecostalism as it wrestles with the very real challenges posed by the increasing post Christian ethos of Western culture In addition to providing a number of concrete steps Pentecostals may take in their efforts to better understand and connect with modern culture this work will argue that counter intuitively the death of Christendom if properly addressed may in fact herald the arrival of the Church s finest hour *The Manifesto*, 1890 *A Nazareth Manifesto* Samuel Wells, 2015-06-15 *A Nazareth Manifesto* is an eloquent and impassioned ecumenical proposal for re envisioning Christianity s approach to social engagement away from working for the people to being with them Questions the effectiveness of the current trend of intervention as a means of fixing the problems of people in distressed and disadvantaged circumstances Argues that Jesus spent 90% of his life simply being among the people of Nazareth sharing their hopes and struggles

therefore Christians should place a similar emphasis on being alongside people in need rather than hastening to impose solutions

Called into Communion Susan B. Carole, 2013-03-20 This book illuminates the experiential and theocentric dimensions of holiness theology It acknowledges two strands of thought in current holiness theology Wesley's Christian perfection and entire sanctification as propagated in the early days of the American Holiness Movement It honors the contribution of both these strands by identifying the deep harmony in the holiness message of John Wesley and Phineas Bresee Using insights from Wesley and Bresee the author develops a paradigm for holiness theology from the standpoint of its transcendent goal Called into Communion explicates entire sanctification as revelatory and salvific a necessary threshold experience for complete openness to God This approach illuminates the rootedness of holiness theology in the triune fellowship of holy love The communion perspective affirms holiness theology as the underlying theological principle for a missional ecclesiology since participation in God characterizes the church as a doxological fellowship of holy love and determines the church's redemptive action Seminarians and pastors will find in this book a new perspective on the holiness message It extends the horizon of reflection to the grace that seeks out and enables human partners for a transformative fellowship of genuine reciprocity with God

My Neighbour's Faith John Azumah, 2009-05-26 Nowhere else in the world have both Islam and Christianity been more instrumental in shaping the history of a people and their way of life than in Africa African Muslims and Christians have a lot in common including kinship ties shared languages and citizenship Yet despite the centuries of deep historical links and harmonious existence between the two religions new challenges threaten this harmony Conflicts involving Christians and Muslims in places like Sudan Nigeria and Ivory Coast are common These conflicts are fueled primarily by ignorance stereotyping and prejudice which in turn breed fear suspicion and even hatred in some cases leading to violence My Neighbour's Faith sheds light on the beliefs and teaching of Islam by addressing matters of contemporary importance to Christians and the wider non Muslim audience It presents the human face of Islam the face of a close relative a neighbour a teacher and even a head of state in a balanced and critical way that gives a credible view of Islam

The Influence of Early Keswick Theology of Sanctification in the Socio-ethical Life of the East African Revival

Movement Robinson Kariuki Mwangi, 2025-03-31 Sanctification is an essential part of every Christian life But how do its differing theologies shape our Christian walk and wider socio ethic contexts Grounded in the East Africa Revival Movement EARM this work seeks to answer how the Keswick theology of sanctification contributes to the socio ethical understanding of walking in the light and consequently influences the mission of the Anglican Church in the Mount Kenya region Dr Robinson Kariuki Mwangi uses careful exegetical analysis to understand the biblical roots of revival and calls us to action in showing what our faith stands for integrating practical theology with pastoral practice Scholars of theology and lived Christianity will find the observations in this work informative for further study **A Plain Account of Christian Faithfulness** Rob A.

Evangelical Magazine and Missionary Chronicle, 1816 **The History of the War** Hewson Clarke, 1816 **Facing the Other** Nigel Zimmermann, 2016-03-31 What is the significance of the body What might phenomenology contribute to a theological account of the body And what is gained by prolonging the overlooked dialogue between St John Paul II and Emmanuel Levinas Nigel Zimmermann answers these questions through the agreements and the tensions between two of the most important thinkers of the twentieth century John Paul II the Polish pope philosopher and theologian and Emmanuel Levinas the French Jewish philosopher of Lithuanian heritage were provocative thinkers who courageously faced and challenged the assumptions of their age Both held the human person in high regard and did their thinking with constant reference to God and to theological language Zimmermann does not shirk from the challenges of each thinker and does not hide their differences However he shows how they bequeath a legacy regarding the body that we would overlook at significant ethical peril We are called Zimmermann argues to face the other In this moment God refuses a banal marginalisation and our call to responsibility for the other person is issued in their disarming vulnerability In the body philosophy theology and ethics converge to call us to glory even in the paradox of lowly suffering The Popular Scottish Biography: Being Lives of Eminent Scotsmen. The Unity Project John Maulhardt, 2020-01-09 Our world today seems to be spiraling out of control Fears of a renewed cold war the proliferation of nuclear weapons fake news and disinformation along with an impending environmental apocalypse all combine to push us toward a sense of hopelessness and ennui But even though it is hidden far below the surface mankind's past is actually slowly evolving for the better And now we find ourselves at perhaps a crucial point in our history where we have a powerful concoction made up of brilliant innovators powerful spiritual reconcilers and the necessary technological tools that could accelerate that path dramatically forward All

that is needed is the right catalyst to ignite this formula into an unstoppable chain reaction of peace and democratic prosperity This is a story of how a simple indigenous man of the earth called by the simple peaceful spirituality of his people sparks a worldwide movement that leads to a much better planet Combining a cast of many of today s real life people of vision in conjunction with the use of today s amazing technological advancements our hero leads an epic struggle to overcome not only the world s dark forces but the dark forces of unworthy self doubt within himself We trust that you will find this simple hope filled fantasy not really so fanciful after all but actually quite plausible and perhaps even inspirational and motivational Judaism Disrupted Michael Strassfeld,2023-02-14 I can t remember the last time I felt pulled to underline a book constantly as I was reading it but Judaism Disrupted is exactly that intellectual spiritual and personal adventure You will find yourself nodding wrestling and hoping to hold on to so many of its ideas and challenges Rabbi Strassfeld reframes a Torah that demands breakage reimagination and ownership Not only did I learn so much from Strassfeld s 11 principles I was changed by them Abigail Pogrebin author My Jewish Year 18 Holidays One Wondering Jew How do you hold on to faith in a modern world Rabbi Michael Strassfeld digs deep into the Jewish tradition to help us get to the root of the matter our need to create connection to our past to our present to each other To connect with the unity underlying the universe that draws us all together Judaism Disrupted is about the future of Judaism starting now Do the time honored traditions of rabbinic Judaism meet our spiritual needs Do we feel spiritually sated after a Shabbat service Is there another way to be a Jew It s time for a new Judaism Strassfeld outlines a path that leads to a new Judaism a new framework with practices that you can start putting into use right away to live a life of meaning Judaism Disrupted is Judaism revitalized
