A Land Of Two Peoples Martin Buber On Jews And Arabs:

A Land of Two Peoples Martin Buber, 2025-05-06 A new edition of Martin Buber's many writings on Arab Jewish relations in Palestine with updated forewords by two preeminent Palestinian and Jewish scholars The theologian and philosopher Martin Buber 1878 1965 was committed to radical socioeconomic reconstruction in pursuit of international peace His voluminous writings on Arab Jewish relations in Palestine interweave his religious and philosophical teachings with his politics each essential to Buber's vision of democratic and religious life *A Land of Two Peoples* collects the letters talks and essays in which Buber advocated for a binationalism that reconciled Arabs and Jews as a solution to the conflict in the Middle East As relevant today as when it was first published nearly fifty years ago this edition of *A Land of Two Peoples* includes two forewords from the preeminent Jewish and Palestinian scholars Paul Mendes Flohr and Raef Zreik **Jews and Leftist**

Politics Jack Jacobs, 2017-03-24 This volume considers the political implications of Judaism the relationships of leftists and Jews contemporary anti Zionism and the importance of gender **German-Jewish Thought Between Religion and**

Politics Christian Wiese, Martina Urban, 2012-03-30 Since the Enlightenment period German Jewish intellectuals have been prominent voices in the multi faceted discourse on the reinterpretation of Jewish tradition in light of modern thinking Paul Mendes Flohr one of the towering figures of current scholarship on German Jewish intellectual history has made invaluable contributions to a better understanding of the religious cultural and political dimensions of these thinkers encounter with German and European culture including the tension between their loyalty to Judaism and the often competing claims of non Jewish society and culture This volume assembles essays by internationally acknowledged scholars in the field who intend to honor Mendes Flohr's work by portraying the abundance of religious philosophical aesthetical and political aspects dominating the thinking of those famous thinkers populating German Jewry's rich and complex intellectual world in the modern period It also provides a fresh theoretical outlook on trends in Jewish intellectual history raising new questions concerning the dialectics of assimilation In addition to that the volume sheds light on thinkers and debates that hitherto have not been accorded full scholarly attention *Martin Buber's Social and Religious Thought* Laurence J.

Silberstein, 1990-12-01 Moore focuses on Buber's central message about what it means to be a human being a person of faith and what mankind can do to overcome the eclipse of God Shofar Solid well researched and sympathetic might well spur a person to go back and read Buber Commonwealth *The Existential Philosophy of Etty Hillesum* Meins G. S.

Coetsier, 2014-01-09 In *The Existential Philosophy of Etty Hillesum* Meins G S Coetsier breaks new ground by demonstrating the Jewish existential nature of Etty Hillesum's spiritual and cultural life in light of the writings of Martin Buber Emmanuel Levinas and Dietrich Bonhoeffer Hillesum's diaries and letters written between 1941 and 1943 illustrate her struggle to come to terms with her personal life in the context of the Second World War and the Shoah By finding God under the rubble of the horrors she rediscovers the divine presence between humankind while taking up responsibility for the Other as a way to

embrace justice and compassion In a fascinating accessible and thorough study Coetsier dispels much of the confusion that assails readers when they are exposed to the bewildering range of Christian and Jewish influences and other cultural interpretations of her writings The result is a convincing and profound picture of Etty Hillesum s path to spiritual freedom

Martin Buber's Myth of Zion S. Daniel Breslauer,2019-03-14 The book provides an insightful study of the Jewish theologian Martin Buber and combines a review of the unconventional Zionism he proposed with a sensitivity to myth as the basis of an inclusive civil religion The multifaceted nature of this work examines Buber s embrace of myth and his application of myth to both biblical studies and political theory It pays special attention to the way Buber s thinking about Zion applied to religious ethical issues such as ecology education ritual and as a continuing theme throughout the book to the conflict between those Buber called Jews and Arabs in the land of Palestine

Approaches to Jewish-Arab Interreligious Dialogue and Peacebuilding: Theory and Practice Mollov, M. Ben,2024-10-01 Religion in its most negative form has and can be the basis of conflict escalation and terror However religion in its more noble and elevated forms can also be a force for peacebuilding particularly between Jews and Arabs If the slow but steady progress toward Israel s acceptance into Middle East continues an interreligious dimension will clearly accompany it as the Abraham Accords demonstrates Yet as the region continues to evolve and new challenges emerge new peacebuilding strategies will be required Approaches to Jewish Arab Interreligious Dialogue and Peacebuilding Theory and Practice follows the genre of scholars and practitioners who have contended that the religious contribution to conflict resolution and peacebuilding has been sorely overlooked particularly in the Middle East Based on the author s rich professional experience this book delves into the complexities of Jewish Arab relations by examining both the theoretical frameworks and practical initiatives that seek to bridge divides through religious dialogue Covering topics such as the Arab Israeli conflict Jewish political tradition and religious diplomacy this book is an essential resource for academicians scholars practitioners in peacebuilding policymakers government officials religious leaders and communities students and educators and more

Plowshares into Swords Arno J. Mayer,2021-01-05 A critical history of Israel and the Arab Israeli conflict Eminent historian Arno J Mayer traces the thinkers leaders and shifting geopolitical contexts that shaped the founding and development of the Israeli state He recovers for posterity internal critics such as the philosopher Martin Buber who argued for peaceful coexistence with the Palestinian Arabs A sense of limits is the better part of valour Mayer insists Plowshares into Swords explores Israel s indefinite deferral of the Arab Question the strategic thinking behind the building of settlements and border walls and the endurance of Palestinian resistance

Loot Adam Raz,2024-09-24 During the 1948 War Israeli fighters and residents alike plundered Palestinian homes shops businesses and farms This bitter truth was then suppressed or forgotten over the coming years Tens of thousands took part in the pillage of Palestinian property stealing the belongings of their former neighbours The implications of this mass looting go far beyond the personality or moral fibre of those who took part Plundering served a political agenda by helping to empty the country of

its Palestinian residents In this context it was part of the prevailing policy during the war one designed to crush the Palestinian economy destroy villages and to confiscate and sometimes destroy crops and harvests remaining in the depopulated zones The participating Jewish public became a stakeholder motivated to prevent Palestinian residents from returning to the villages and cities they had left These ordinary people were mobilized in the push for the segregation of Jews and Arabs in the early years of statehood With painstaking original research into primary sources Adam Raz has brought to light a tragic moment in the history of a conflict that roils the region and the wider world As the details of the Nakba are understood and documented redress for Palestinian grievances comes closer to reality *When Peace Is Not Enough* Atalia Omer,2013-05-27 The state of Israel is often spoken of as a haven for the Jewish people a place rooted in the story of a nation dispersed wandering the earth in search of their homeland Born in adversity but purportedly nurtured by liberal ideals Israel has never known peace experiencing instead a state of constant war that has divided its population along the stark and seemingly unbreachable lines of dissent around the relationship between unrestricted citizenship and Jewish identity By focusing on the perceptions and histories of Israel's most marginalized stakeholders Palestinian Israelis Arab Jews and non Israeli Jews Atalia Omer cuts to the heart of the Israeli Arab conflict demonstrating how these voices provide urgently needed resources for conflict analysis and peacebuilding Navigating a complex set of arguments about ethnicity boundaries and peace and offering a different approach to the renegotiation and reimagination of national identity and citizenship Omer pushes the conversation beyond the bounds of the single narrative and toward a new and dynamic concept of justice one that offers the prospect of building a lasting peace *Anti-Zionism and Antisemitism* Alvin H. Rosenfeld,2019-01-09 Seventeen essays by scholars examining the links between anti-Semitism and attitudes toward Israel in the current political climate How and why have anti-Zionism and antisemitism become so radical and widespread This timely and important volume argues convincingly that today's inflamed rhetoric exceeds the boundaries of legitimate criticism of the policies and actions of the state of Israel and conflates anti-Zionism with antisemitism The contributors give the dynamics of this process full theoretical political legal and educational treatment and demonstrate how these forces operate in formal and informal political spheres as well as domestic and transnational spaces They offer significant historical and global perspectives of the problem including how Holocaust memory and meaning have been reconfigured and how a singular and distinct project of delegitimization of the Jewish state and its people has solidified This intensive but extraordinarily rich contribution to the study of antisemitism stands out for its comprehensive overview of an issue that is both historical and strikingly timely

Connecting with the Enemy Sheila H. Katz,2016-11-08 Highlights the significance of those Israelis and Palestinians who have chosen connection and dialogue as a practical alternative to the use of force Euphrates Institute Thousands of ordinary people in Israel and Palestine have engaged in a dazzling array of daring and visionary joint nonviolent initiatives for more than a century They have endured despite condemnation by their own societies repetitive failures of diplomacy

harsh inequalities and endemic cycles of violence Connecting with the Enemy presents the first comprehensive history of unprecedented grassroots efforts to forge nonviolent alternatives to the lethal collision of the two national movements Bringing to light the work of over five hundred groups Sheila H Katz describes how Arabs and Jews children and elders artists and activists educators and students garage mechanics and physicists and lawyers and prisoners have spoken truth to power protected the environment demonstrated peacefully mourned together stood in resistance and solidarity and advocated for justice and security She also critiques and assesses the significance of their work and explores why these good will efforts have not yet managed to end the conflict or occupation This previously untold story of Palestinian Israeli joint nonviolence will challenge the mainstream narratives of terror and despair monsters and heroes that help to perpetuate the conflict It will also inspire and encourage anyone grappling with social change peace and war oppression and inequality and grassroots activism anywhere in the world A profoundly important study of the history and ongoing efforts for Israeli Palestinian peace by ordinary Israelis and Palestinians A genuinely balanced perspective Stephen Zunes author of Tinderbox U S Middle East Policy and the Roots of Terrorism Sovereignty Julie Evans,Ann Genovese,Alexander Reilly,Patrick Wolfe,2012-11-30 Unparalleled in its breadth and scope Sovereignty Frontiers of Possibility brings together some of the freshest and most original writing on sovereignty being done today Sovereignty s many dimensions are approached from multiple perspectives and experiences It is viewed globally as an international question locally as an issue contested between Natives and settlers and individually as survival in everyday life Through all this diversity and across the many different national contexts from which the contributors write the chapters in this collection address each other staging a running conversation that truly internationalizes this most fundamental of political issues In the contemporary world the age old question of sovereignty remains a key terrain of political and intellectual contestation for those whose freedom it promotes as well as for those whose freedom it limits or denies The law is by no means the only language in which to think through imagine and enact other ways of living justly together Working both within and beyond the confines of the law at once recognizes and challenges its thrall opening up pathways to alternative possibilities to other ways of determining and self determining our collective futures The contributors Indigenous and non Indigenous alike converse across disciplinary boundaries responding to critical developments within history politics anthropology philosophy and law The ability of disciplines to connect with each other and with experiences lived outside the halls of scholarship is essential to understanding the past and how it enables and fetters the pursuit of justice in the present Sovereignty Frontiers of Possibility offers a reinvigorated politics that understands the power of sovereignty explores strategies for resisting its lived effects and imagines other ways of governing our inescapably coexistent communities Contributors Antony Anghie Larissa Behrendt John Docker Peter Fitzpatrick Kent McNeil Richard Pennell Alexander Reilly Ben Silverstein Nin Tomas Davina B Woods The One-State Solution Virginia Tilley,2010-02-24 A clear trenchant book on a topic of enormous importance Overall this is a

courageous plunge into boiling waters If it helps propel forward a debate that has hardly begun in this country it will have performed a signal scholarly and political function Tony Judt New York University a pioneering text As such it will take pride of place in a brewing debate Gary Sussman Tel Aviv University The One State Solution demonstrates that Israeli settlements have already encroached on the occupied territory of the West Bank and Gaza Strip to the extent that any Palestinian state in those areas is unviable It reveals the irreversible impact of Israel's settlement grid by summarizing its physical demographic financial and political dimensions Virginia Tilley explains why we should assume that this grid will not be withdrawn or its expansion reversed by reviewing the role of the key political actors the Israeli government the United States the Arab states and the European Union Finally the book addresses the daunting obstacles to a one state solution including major revision of the Zionist dream but also Palestinian and other regional resistance and offers some ideas about how those obstacles might be addressed Virginia Tilley is Chief Research Specialist in the Democracy and Governance Division of the Human Research Council in Cape Town South Africa

Between Zionism and Judaism Shalom Ratzabi, 2021-10-25 This work provides a vivid picture of the dichotomy between the ideology preached by the radical circle of the Brith Shalom Society and the nationalism of early twentieth century Palestine Many considered the Brith Shalom Society representative of the spiritual trend of Zionism This important book examines the aspirations and cultural sources of these men from Central Europe who met in Palestine as members of the Brith Shalom Society during the first half of the twentieth century in the context of the political reality of a pre independent Palestine and the new state of Israel The fact that this circle included well known personalities such as Samuel Hugu Bergmann Gershom Scholem Erenst Simon Hans Kohn and ecumenists such as Martin Buber and Judah L Magnes none of whom was a politician in the ordinary sense makes this study all the more fascinating and compelling

Notes for a Decolonial Political Theology Silvana Rabinovich, 2023-12-29 At the crossroads of ethics poetics and politics this innovative book outlines a series of notes to decolonize political theology The author proposes counter hegemonic forms of reading which deconstruct domination by embracing fragility The book opens with a diapason of prejudicelessness as a decolonial key focusing on prejudices that hinder critical attention to a colonial political theology that perpetuates hatred The first set of notes aims to de orientalize the Semite by reading midrashic and biblical texts in the present context the second seeks to decolonize language by exploring the power of translation and the third ponders decolonial theologies to outline a justice of the other Connecting a number of fields authors and epistemologies the book addresses the Israeli Palestinian conflict and brings together Jewish thought continental philosophy and Latin American perspectives It engages with a range of thinkers including Benjamin and Arendt and features an interview with Enrique Dussel as well as a foreword by Gil Anidjar This is an important methodological proposal for interdisciplinary and intercultural political theology and a valuable contribution towards rethinking the paradigm of political theology beyond its Eurocentric and colonialist premises

Catholic Doctrines on the Jewish People After Vatican II Gavin D'Costa, 2019 This

book addresses three controversial and timely questions related to Catholic Jewish dialogue Jewish ritual Catholic Zionism and mission **Crossing Boundaries in the Americas, Vietnam, and the Middle East** Ron Young, 2014-10-08 Crossing Boundaries in the Americas Vietnam and the Middle East is the personal yet profoundly political first person account of one man's unique interracial and interfaith leadership roles over five decades in movements for civil rights against the Vietnam War and for Arab Israeli Palestinian peace Ron Young's story told with honesty humility and humor gives an insider view of key events in these movements and personalizes a significant strain of modern American history not often afforded sufficient attention in either the textbooks or the mainstream press This book is an important read for anyone interested in these issues and movements It should be recommended reading for students in colleges and high schools **Like Birds in a Cage** David M. Crump, 2021-10-28 When Christians collude in crimes against humanity they betray their citizenship in the kingdom of God demonstrating that Christ's Lordship does not rule over every area of their lives The popular ideology known as Christian Zionism is a prime enabler of such widespread discipleship failure in western Christianity As the state of Israel continues to violate international law with colonial settlement in lands captured by warfare legalized racial discrimination and the creation of what many have called the world's largest open air prison in Gaza Christian Zionists continue their unqualified support for Zionist Israel Though Israel advertises itself as the only democracy in the Middle East it is actually a rigid ethnocracy its entire society built on the foundations of Jewish supremacy over a Palestinian underclass History will eventually judge Christian Zionist support for Israel's crimes against the Palestinians in the same way people of conscience now condemn the Christian church in the American South for its defense of slavery and hostility towards the civil rights movement Just as the Southern Baptist church finally repudiated its pro slavery past so everyone genuinely devoted to Jesus Christ must repudiate both the ideology and the legacy of Christian Zionism Martin Buber Sam Berrin Shonkoff, 2018-08-07 Martin Buber His Intellectual and Scholarly Legacy is a collection of contemporary reflections on one of the most pivotal figures of modern Jewish thought Born in Austria and reared in Galicia Buber 1878-1965 became a spiritual representative of Judaism in German culture before emigrating to Jerusalem on the brink of the Shoah His prolific writings on matters spanning the Hebrew Bible and New Testament to Hasidism and Zionism inspired diverse audiences throughout the world In this volume Sam Berrin Shonkoff has curated an illuminating array of essays on Buber's thought by leading intellectuals from five different countries Their treatments of Buber's dialogues with Christianity politics philosophy and Judaism exhibit Buber's ramified legacy and will surely stimulate fruitful discussion in our own time
