**Seven Chakras of Leadership** Zohra Damani, Neal A. Bakshi, 2025-08-29 Seven Chakras of Leadership is a transformative guide for leaders seeking to align their inner energy with their professional impact. It connects ancient wisdom with modern leadership science, offering a powerful framework for navigating the complexities of today's workplace while staying grounded in authenticity and purpose. At the book's core is the concept of The Journey, a practice inspired by Shamanism inviting leaders to explore their inner world and align their energy centers or chakras to unlock their fullest leadership potential. The authors provide actionable tools rooted in ancient traditions such as meditation, breathwork, energy healing, and chakra alignment tailored to the demands of modern leadership. Using the chakra system as a framework, the book maps each chakra root, sacral, solar plexus, heart, throat, third eye, and crown to critical aspects of leadership development. By linking chakra principles to evidence-based practices such as emotional intelligence, mindfulness, and transformational leadership, leaders will gain practical insights into how balancing their energy centers can enhance decision making, foster resilience, and improve team dynamics. Addressing both the empowering and shadow aspects of these energy centers, the book equips leaders with practical tools, reflective exercises, and action steps to navigate challenges, build self-awareness, and drive meaningful transformation in their organizations. With templates for energy management and chakra assessment, whether you're a corporate executive, manager, or entrepreneur, this book equips you with practical strategies to balance your inner compass and develop conscious, compassionate leadership.

He explores the shaping influence of culture, call, community, conflict, and the commonplace. Offers guidance for church leaders to let God shape their hearts from the inside out. Reggie McNeal is the author of the bestselling book *Missional Renaissance*. Gives reassurance for maintaining perspective while doing the demanding work of ministry. **Our Character at Work: Success from the Heart of Servant Leadership** Todd D. Hunter, 2016-01-27 Many leaders need to win and thus humiliate others, need to get their way and thus threaten others, need to be seen in a positive light and thus blame others, need to give good news to those they report to and thus intimidate others into fudging reports when necessary, and need to be seen as powerful in every setting and thus speak condescendingly to others. *Our Character at Work* demonstrates that leadership is more effective and ethical

when done in servant led ways How do you become a servant leader It begins with your heart Put everything you have into the care of your heart the hidden causative motivational you for everything you do flows from it It is the real source of your outward life It determines what your life amounts to Proverbs 4 23 author s paraphrase Our Character at Work leads you on a personal journey guiding you to an interior renovation of heart and soul that produces genuine and consistent servant leaders
