Textual Transformations in Children's Literature

Benjamin Lefebvre, 2013 This book offers new critical approaches for the study of adaptations abridgments translations parodies and mash ups that occur internationally in contemporary children's culture It follows recent shifts in adaptation studies that call for a move beyond fidelity criticism a paradigm that measures the success of an adaptation by the level of fidelity to the original text toward a methodology that considers the adaptation to be always already in conversation with the adapted text This book visits children's literature and culture in order to consider the generic pedagogical and ideological underpinnings that drive both the process and the product Focusing on novels as well as folktales films graphic novels and anime the authors consider the challenges inherent in transforming the work of authors such as William Shakespeare Charles Perrault L M Montgomery Laura Ingalls Wilder and A A Milne into new forms that are palatable for later audiences particularly when for perceived ideological or political reasons the textual transformation is not only unavoidable but entirely necessary Contributors consider the challenges inherent in transforming stories and characters from one type of text to another across genres languages and time offering a range of new models that will inform future scholarship

Children and Cultural Memory in Texts of Childhood Heather Snell, Lorna Hutchison, 2013-11-07 The essays in this collection address the relationship between children and cultural memory in texts both for and about young people The collection overall is concerned with how cultural memory is shaped contested forgotten recovered and re-circulated sometimes in opposition to dominant national narratives and often for the benefit of young readers who are assumed not to possess any prior cultural memory From the innovative development of school libraries in the 1920s to the role of utopianism in fixing cultural memory for teen readers it provides a critical look into children and ideologies of childhood as they are represented in a broad spectrum of texts including film poetry literature and architecture from Canada the United States Japan Germany Britain India and Spain These cultural forms collaborate to shape ideas and values in turn contributing to dominant discourses about national and global citizenship The essays included in the collection imply that childhood is an oft imagined idealist construction based in large part on participation identity and perception childhood is

invisible and tangible exciting and intriguing and at times elusive even as cultural and literary artifacts recreate it Children and Cultural Memory in Texts of Childhood is a valuable resource for scholars of children s literature and culture readers interested in childhood and ideology and those working in the fields of diaspora and postcolonial studies **The World of Laura Ingalls Wilder** Marta McDowell,2017-09-20 For gardeners botanists and fans of Laura Ingalls Wilder this book looks at the beloved Little House on the Prairie author s relationship to nature Publishers Weekly The universal appeal of Laura Ingalls Wilder springs from a life lived in partnership with the land on farms she and her family settled across the Northeast and Midwest In this revealing exploration of Wilder s deep connection with the natural world Marta McDowell follows the wagon trail of the beloved Little House series You ll learn details about Wilder s life and inspirations pinpoint the Ingalls and Wilder homestead claims on authentic archival maps and learn to grow the plants and vegetables featured in the series Excerpts from Wilder s books letters and diaries bring to light her profound appreciation for the landscapes at the heart of her world Featuring the beloved illustrations by Helen Sewell and Garth Williams plus hundreds of historic and contemporary photographs The World of Laura Ingalls Wilder is a treasure that honors Laura s wild and beautiful life **Seventh Grade Social Science** Terri Raymond,2014-07-10 Over 50 discussion questions and activities and 50 quiz questions fill this comprehensive social science book The book covers the following topics Gathering and Using Evidence Chronological Reasoning Comparison and Contextualization Economics and Economic Systems Geographic Reasoning and Civic Participation If you are homeschooling or if you are just trying to get extra practice for your child then you already know that social science workbooks and curriculum can be expensive Homeschool Brew is trying to change that We have teamed with teachers and parents to create books for prices parents can afford We believe education shouldn t be expensive The Wilder Life Wendy McClure,2011-04-14 For anyone who has ever wanted to step into the world of a favorite book here is a pioneer pilgrimage a tribute to Laura Ingalls Wilder and a hilarious account of butter churning obsession Wendy McClure is on a quest to find the world of beloved Little House on the Prairie author Laura Ingalls Wilder a fantastic realm of fiction history and places she s never been to yet somehow knows by heart She retraces the pioneer journey of the Ingalls family looking for the Big Woods among the medium trees in Wisconsin wading in Plum Creek and enduring a prairie hailstorm in South Dakota She immerses herself in all things Little House and explores the story from fact to fiction and from the TV shows to the annual summer pageants in Laura s hometowns Whether she s churning butter in her apartment or sitting in a replica log cabin McClure is always in pursuit of the Laura experience Along the way she comes to understand how Wilder s life and work have shaped our ideas about girlhood and the American West The Wilder Life is a loving irreverent spirited tribute to a series of books that have inspired generations of American women It is also an incredibly funny first person account of obsessive reading and a story about what happens when we reconnect with our childhood touchstones and find that our old love has only deepened **Too Good to Be Altogether Lost** Pamela Smith Hill, **Playing House in the**

American West Cathryn Halverson, 2013-11-26 Examines an eclectic group of western women's autobiographical texts canonical and otherwise *Playing House in the American West* argues for a distinct regional literary tradition characterized by strategic representations of unconventional domestic life The controlling metaphor Cathryn Halverson uses in her engrossing study is playing house From Caroline Kirkland and Laura Ingalls Wilder to Willa Cather and Marilynne Robinson from the mid nineteenth to the late twentieth centuries western authors have persistently embraced wayward or eccentric housekeeping to prove a woman's difference from western neighbors and eastern readers alike The readings in *Playing House* investigate the surprising textual ends to which westerners turn the familiar terrain of the home evaluating community arguing for different conceptions of race and class and perhaps most especially resisting traditional gender roles Western women writers Halverson argues render the home as a stage for autonomy resistance and imagination rather than as a site of sacrifice and obligation The western women examined in *Playing House in the American West* are promoted and read as representatives of a region as insiders offering views of distant and intriguing ways of life even as they conceive of themselves as outsiders By playing with domestic conventions they recast the region they describe portraying the West as a place that fosters female agency individuality and subjectivity
