Cohen,2023-01-30 Across the social sciences and even in philosophy trust is most often characterized in terms of expectations and probabilities This book defends an alternative conception of trust as a moral phenomenon When one person trusts another to do something the first relies on the second s commitment s So trust reflects and is a product of agreement about the commitments and obligations that bind persons who live and work together These commitments and obligations can be implicit but building or rebuilding trust often requires making these commitments and obligations explicit defining the terms of cooperation Part 1 argues that this account of trust better captures our actual trust practices and it draws out connections with both the philosophy and the social science literatures It also describes the process of creating trust relationships with reference to trust invitations Part 2 addresses practical applications of the account defended here in the context of social relationships economic systems and within business organizations These applications emphasize the material benefits of trust but separate from those Part 2 argues that trust is an intrinsic good so we have moral reason to trust The Nature and Practice of Trust will appeal to scholars and advanced students working in ethics social and political philosophy and the social sciences Chapter 6 of this book is available for free in PDF format as Open Access from the individual product page at [www.routledge.com](http://www.routledge.com) It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license      [Current Legal Problems 2010](#) George Letsas,Colm O'Cinneide,2011-01-30 This year s volume covers topics such as military detention English criminal law terrorism democracy human rights civil liberties the media and international law family law child welfare health feminism economic theory corporate law competition regulation contract law biotechnology biodiversity and more      **Can a Process be Developed to Settle Matters Relating to the Indian Trust Fund Lawsuit?** United States.
