A Short History Of The Early Church:

A Short History of the Early Church Harry R. Boer, 1976 A lucid and concise account of the people, places, institutions, events and ideas that made a difference in the development of the Christian faith. Discussion questions following each chapter aid the reader in reflection and review. *A Short History of the Early Church* Harry R. Boer, 1976 **Short History of the Early Church** John Fletcher Hurst, 1887 **A Short History of the Early Church to A.D. 500** John William Charles Wand, 1961 **Short History of the Early Church** John F. Hurst, 2015-06-26 Excerpt from Short History of the Early Church 1 The History of the Church The visible Church consists of the organized believers in Christ and the followers of his life. General history reveals the constant presence of a superintending Providence. The rise and fall of nations is not an idle play of human passions. Schiller's aphorism is a just recognition of God's constant watchfulness and justice. The world's history is the world's judgment. The wild currents have never been permitted to flow on without divine control. When the hour came for the wrong to cease, the controlling hand intervened. The result was always the triumph of the right. In the history of the Church, the divine superintendence has been far more prominent. While in secular history the spiritual forces lay largely in the background, in the life of the Church they have come out boldly into the clear foreground. Though often in the wrong and divided in opinions, the Church has been saved from fatal error and downfall by divine interposition. Short History of the Early Church John Fletcher Hurst, 2019-03-27 *A Short History of Christianity* J.M. Robertson, 2018-05-15 Reproduction of the original *A Short History of Christianity* by J. M. Robertson *A Short History of Christianity* Martin E. Marty, 1987-01-01 For the non-specialist, Martin Marty traces the church's quest through twenty centuries for unity, sanctity, universality, and authentic witness. He delves into the disparity between the ideals of the church and historical reality in order to provide a brilliant, instructive, and eminently fair statement of the history of Christianity from its founding to the present day. In this second edition, revised and expanded, Marty has added an entirely new section entitled Postscript and Prescript in which he discusses the recent past and prospects. Fresh insights and revisions based on the most recent contemporary developments keep this volume abreast of the times, making it an up-to-date survey of the history of Christianity. *Short History of the Early Church* HardPress, Hurst J. A Short History of the Roman Mass Uwe Michael Lang, 2024-10-10 This book is a short introduction to the development of the Roman Rite of Mass the most widely used of the Church's liturgical rites from its origins in early Christianity until the present day Over the centuries the form of Mass most Catholics are familiar with has been shaped by the Apostolic See of Rome in contact and exchange with other local churches Understanding this rich and complex history will help not only the clergy in their sacramental ministry but all the faithful in participating consciously and fruitfully in the liturgy of the Church In the wake of the liturgical reforms initiated by Pope Pius XII in the mid 20th century fully embraced by the Second Vatican Council and implemented in the postconciliar period there has been an intense and often controversial debate on continuity and rupture in liturgical development Amid this debate the long and complex history of the Roman liturgy is not always sufficiently acknowledged The refinement of the Roman Mass as this book shows has been marked both by continuity and by change From its formative period in late antiquity the ritual shape of the Roman Mass was affected by religious social cultural political and economic transformations But changes are to be expected over such a long period of time and the wide geographical area where this rite has been used It is the essential continuity that stands out This work challenges the conventional narrative that the liturgy of the Western church moved from early dynamic development through medieval decline to early modern stagnation and was only revived in the wake of the Second Vatican Council a narrative that still has considerable traction both in academic publications and among the wider public

The Art of the Roman Catacombs Gregory S. Athnos,2023-07-07 Every story in catacomb art is a tale of deliverance a tale of the powerlessness of death and the certainty of the resurrection Looking back through fifteen hundred years of Christian art it appears the crucifixion of Jesus holds the highest place We haven t looked back far enough Go back to the first three centuries after Jesus walked among us Walk the dark corridors of those subterranean burial chambers of the persecuted Christians There we find a much different theology at work a theology with resurrection hope and power at the center If catacomb art were all we had of Christian theology and practice from the first three centuries AD no Scriptures we would have no choice but to conclude that the first message of the Christian faith was the Easter gospel

Without Absolutes, God is not God Ronald A Train,2013 Absolutes As a Christian it is foundational I believe to hold to absolutes For example a Christian should have absolutes about God s ontology the principle of being absolutes about theology the study of God absolutes about Christology the study of Christ and absolutes about pneumatology the study of the Holy Spirit Each of the foregoing absolutes I believe impact upon how one constructs a world view and how one considers the wider implications of God s kingdom work hence why I have titled this collection of essays Without absolutes God is not God I guess the reader will be asking him or herself why is there a requirement to hold to absolutes The need for absolutes is not complex In reality the argument determines whether one is a believer or non believer in the triune God A believer will weigh whether God revelationally speaks into this world generally and specifically A non believer will object to such a proposition and as a consequence leave him or herself open to other belief systems To perhaps put it another way a non believer is faced

with the choice of deciding whether God is a reality or whether God is a creation of human imagination Decision making then is crucial when accepting the triune God and his work Does one make a decision to believe in God empirically or does one make a decision to believe in God from a position of faith It is my view that God cannot be known empirically i e by trial or experience but rather he can only be known by faith However it depends on how we define faith Those who accept other belief systems would argue that they too have a faith or a belief in some god or person In the Christian context however faith is an action based on the accepted evidence In other words if one accepts that the written word of God is substantially true 2 Peter 1 20 21 and that the Word of God Jesus of Nazareth is who he is recorded as being or is who he claims to be John 1 1 5 14 6 7 then faith is given substance But I would go further and argue that authentic faith is derived from a spiritual encounter with God which then enables the recipient s faith response to be one which is prompted or ignited by God My argument is supported from Scripture 1 Corinthians 12 9 Ephesians 2 8 9 and from personal experience Both of the foregoing references I suggest argue that faith is a gift which has its origin in God Hence faith is not only prompted by God but also sustained by him The analysis of such faith is that it is revelatory and constitutes an utter reliance on who God is and why he exists Revelatory Faith Evangelicals argue that faith is a gift from God However this argument is treated with caution by others Existentialism suggests that faith is made possible and so granted by the gracious approach and self disclosure of being Interestingly at this point there is no great variance between the latter perspective and Martin Luther who argued that faith originates with or is at least aroused by God Contemplating the third article of the Apostle s Creed he wrote I believe that I cannot of my own reason or strength believe in Jesus Christ my Lord or come to him But the Holy Spirit has called me by the Gospel enlightened me with His gifts sanctified and kept me in the true faith Modernists also argue that faith constitutes a person s response but only after having been drawn to God s work of salvation This argument suggests faith to be an a priori act of God an act that prompts recognition that in the Christ God is endeavouring to share his own life This arousal of faith then affects worship praise and prayer and the practise of Christian discipleship The same argument suggests further that the prior love of God and the response of love that it generates are what shape a person s Christian faith Biblical support for these theological reflections is found in Ephesians

Christian History Diarmaid MacCulloch, 2013-01-03 First published in 1987 this book has been a primer for theological college students undergraduates lay readers and all interested in the history and development of Christianity Now published in a new and attractive edition with an updated bibliography Diarmaid MacCulloch still manages to argue his case convincingly that history need not be boring He takes his readers from the earliest days of the fledgling Christian Church to the end of the twentieth century and enables readers to put characters movements and places in their wider context and make connections between them

Evangelicals and the Early Church George Kalantzis, Andrew Tooley, 2011-10-12 In this volume noted Evangelical historians and theologians examine the charge of the supposed ahistorical nature of Evangelicalism and provide a critical historical examination of the relationship between

the Protestant evangelical heritage and the early church In doing so the contributors show the long and deeply historical rootedness of the Protestant Reformation and its Evangelical descendants as well as underscoring some inherent difficulties such as the Mercersburg and Oxford movements In the second part of the volume the discussion moves forward as evangelicals rediscover the early church its writings liturgy catechesis and worship following the temporary amnesia of the earlier part of the twentieth century Most essays are accompanied by a substantial response prompting discussion or offering challenges and alternative readings of the issue at hand thus allowing the reader to enter a conversation already in progress and engage the topic more fully This bidirectional look understanding the historical background on the one hand and looking forward to the future with concrete suggestions on the other forms a more full orb ed argument for readers who want to understand the rich and deep relationship between Evangelicalism and the early church
