## **A Soul Remembers Hiroshima:**

A Soul Remembers Hiroshima Dolores Cannon, 2020-03 A case of reincarnation where a Young American girl relives the life and death of a Japanese man through regressive hypnosis      Bottoming Out the Universe Richard Grossinger, 2020-04-07 An exploration into consciousness the universe and the nature of reality Draws on transdimensional physics and biology reincarnation and past life memories animal consciousness multiple identities thoughtforms soul pictures and paranormal phenomena like crop circles and poltergeists Explores the riddle of personal identity and how it differs from consciousness Reveals that consciousness is more than encompassing all that exists it also speaks to what has yet to manifest Scientific orthodoxy views the universe as conceived of matter protons neutrons electrons down to the smallest particle quarks But when you keep digging what is beneath quarks The scientific worldview does not take into account consciousness or life itself How did consciousness become part of the material universe Is it a by product of brain chemistry or a constituent of reality Or to dig deeper which is more fundamental the existence of an objective physical universe or our subjective experience of it In this investigation into consciousness the universe and the nature of reality Richard Grossinger offers a wide ranging foundation for reimagining the universe as based in consciousness rather than matter He presents in depth analysis of the standard scientific description of the universe revealing the holes in its theories Exploring the interpenetration of matter and all reality by consciousness the author looks at reincarnation and past life memories examining famous and lesser known but verifiable accounts He then explores the nature and origin of consciousness with accompanying explorations of animal consciousness the brain as a computer multiple identities thoughtforms soul pictures and paranormal phenomena like UFOs faeries and poltergeists He also examines concepts from physics that combine elements of both consciousness and matter such as collapsing waveforms and the uncertainty principle of quantum mechanics Examining nonlocal and transpersonal modes of consciousness Grossinger looks at the difference between consciousness and personal identity He expands this discussion with reflections on Sethian cosmology using Seth's own words and Jane Roberts's and John Friedlander's interpretations He reveals that consciousness also encompasses what has yet to manifest and explains why the universe exists at all why there is something rather than nothing Skewering the materialist paradigm and placing consciousness alongside mass gravity and heat as an essential component of the universe Grossinger proposes that reality is a thoughtform where sentient beings collaborate to bring about a concrete realm vibrating at their own frequency      **Beyond Our World, Book 1 - Stellar Soul** David Rousseau, 2023-09-05 I am a stellar soul from the Great Central Sun experiencing earth through this human avatar I quickly remembered that I was not from this world From the age of six to forty six very few knew of my experience except for those close to me It all began one evening in the summer of 1981 when I was playing outside I saw a bluish white light come down from the sky and position itself right above me It just stood there motionless The moment seemed to last forever When the object had gone back to the vertical

and at an incredible speed I found myself in front of a being which was obviously not terrestrial humanoid in shape bluish skin with slight silver highlights large green eyes and long deep black hair It was Ezahyel my brother from the Pleiades He would come back to see me so that I would not forget who I was and where I came from Forty years later my first book was published *Au Del De Notre Monde* in which I relate my personal spiritual universal and galactic experiences **Five Lives Remembered** Dolores Cannon,2009 THE BEGINNING What do you do when you discover information that is before its time What do you do when your curiosity takes you on an adventure that is so bizarre that there is nothing normal to relate to This is what happened to Dolores Cannon in 1968 long before she began her career as a past life hypnotherapist and regressionist Travel back with us to that time when the words reincarnation past lives regression walk ins New Age were unknown to the general population This is the story of two normal people who accidentally stumbled across past lives while working with a doctor to help a patient relax It began so innocently yet it crossed the boundaries of the imagination to open up an entirely new way of thinking at a time when such a thing was unheard of It went totally against the belief systems of the time It was so startling that they should have stopped but their curiosity demanded that they continue to explore the unorthodox The experiment changed the participants and everyone involved and their beliefs would never be the same Dolores Cannon is now a world renowned hypnotherapist who has explored thousands of cases in the forty years since 1968 and has written fifteen books about her discoveries Her books are translated into more than 20 languages She is teaching her unique form of hypnosis all over the world When she lectures people ask How did you get started on all of this This is the story of her beginnings The book was written in 1980 her very first book It has laid dormant gathering dust until now waiting Now is the time for it to come forth Enjoy the adventure *Power of the Magdalene* Stuart Wilson,Joanna Prentis,2008 The long awaited compelling sequel of the best selling book *The Essenes Children of the Light* 1 What is the secret of Mary Magdalene s power 2 Who were the female disciples of Jeshua 3 Did Jeshua and Mary Magdalene have a child 4 How can we understand the New Children now being born 5 What changes will the New Consciousness bring into our lives This is the story of the Essenes and the female disciples of Jeshua who were deliberately marginalised and written out of the record This book focuses on the partnership of Jeshua and Mary Magdalene and culminates in the work of the Crystal Children who are just now being born This fascinating story was revealed through the process of past life regression and through the insight of an angelic being called Alariel This is the inner history of our planet as it has never been told before A narrative to inspire the spirit and warm the heart **And Jesus Said: A Conversation** Henry Michaelson,2012-08-28 A conversation with Jesus as channeled by Henry Answers to many questions *Horns of the Goddess* Dolores Cannon,2022-12-06 In 1983 Dolores was working with several individuals who volunteered for sessions to help her hone her craft in hypnosis Over the years she had developed her own technique of hypnosis where the client would go into a very deep state of trance and was able to re live the past life they were seeing When these individuals went back to a time in the past it would be like they were actually there

If there was something in our time that was not in their time they wouldn't know what you were talking about. This book is about the past lives of three of these volunteers who went back to the time of the Druids and were giving information about how it was to live during this time and the difficulties that were experienced while trying to live with the faith of Mother Earth. The Inquisition was always lurking around trying to find these special groups that were not of their religion and were trying to force them to reveal information about their beliefs and practices. The Inquisition believed these special groups had powers and too much influence on the regular people. So come along with us and take the journey into the past. As Dolores would say, "They thought they had gotten rid of us with the torches and burnings but we're back."

**The Custodians** Dolores Cannon, 1998. UFO sightings and abductions by aliens were the beginning, the tip of the iceberg. Dolores Cannon's work in Hypnosis has taken the study beyond abduction. Dolores traces the phenomenon from the simple to the complex. Exploring areas untouched by other investigators, she makes the unbelievable become acceptable and understandable.

*Application of Impossible Things - My Near Death Experience in Iraq* Natalie Sudman, 2021-02-09. Natalie's near death experience when her truck was hit with a roadside bomb in Iraq. She recalls the entire spirit side experience as they repair her body so she could live.

**The Search for Hidden, Sacred Knowledge** Dolores Cannon, 2014-12-21. Many of us lived previous lives as keepers of sacred knowledge that was taught in the ancient mystery schools. Much of this knowledge was lost through time due to disasters and destruction or death. The knowledge was reserved for a select few who devoted their lives to understanding and teaching it.

The Convoluted Universe: Book 4 Dolores Cannon, 2011-01-01. This is the fourth volume in the series in the wildly successful *Convoluted Universe* series. Premier hypnotherapist and psychic researcher Dolores Cannon does it again. Using deep hypnosis and past life regression techniques, she presents mind-blowing theories and concepts originating from other dimensions. In this amazing book, there is more information about the spirit side where we go after we die. Plus new information on the life reviews and preparing contracts and your life plan of what you hope to accomplish on your return to Earth. Cannon uncovers forgotten ancient knowledge that secret mystery schools and ancient civilizations used and is being brought back now. Ancient mysteries such as Atlantis, Lemuria, the original Stonehenge, and the creation of life on Earth are explored.

*The Convoluted Universe: Book 1* Dolores Cannon, 2007. Is it possible that you are living in other universes simultaneously with this one? Do you travel back and forth between other dimensions without your conscious knowledge? Could it be possible that you are only a splinter or fragment of a much larger soul? Do parallel universes exist side by side with this one? Are you living all your past and future lives at the same time? What is the God Source? These questions and many more are explored in this long-awaited sequel to *The Custodians*. This information proceeded beyond abduction into complicated metaphysics, creating the need to explore more mind-expanding.

**The Convoluted Universe - Book 5** Dolores Cannon, 2015-09-10. Book Five in the *The Convoluted Universe* series provides metaphysical information obtained through numerous subjects by hypnotic past life regression.

**Jesus and the Essenes** Dolores Cannon, 1999-12. Originally

published Huntsville Ark D Cannon c1985      **Keepers of the Garden** Dolores Cannon,1993 Dolores Cannon uses information obtained from regressive hypnosis to formulate a provocative viewpoint on the ancient astronaut theory of human origins Her findings indicate that the earth was seeded eons ago by travellers from outer space These visits by ancient extraterrestrials did not end with their intervention in human evolution They have continued up to the present day resulting in a whole class of contemporary humans who have been subject to alien abduction      **The Convoluted Universe: Book 3** Dolores Cannon,2008 This sequel to The Convoluted Universe Book Two provides metaphysical information obtained through numerous subjects by hypnotic past life regression      Between Death and Life Dolores Cannon,1993 Based on forty five years of hypnotic research and past life therapy provides information about the death and rebirth experiences as reported during conversations between the author and hundreds of deceased subjects      **They Walked with Jesus** Dolores Cannon,2011-05-30 Sequel to Jesus and the Essenes The past life memories of two women capture a true and compelling portrait of Jesus the man from the healing miracles he performed to the gentle philosophy he preached This is an INSIDER view direct from Jesus time deep in feeling tones and profound in implications giving a sense of how things truly were This book includes drawings of the Temple and Old Jerusalem and includes scenes at the Temple in Jerusalem visits to homes and leper colonies political intrigues leading to the crucifixion and also the personal feelings of those who met him The realism of this information is astounding      *Journey To The Truth* Nancy Humpel,2013 When thinking about the meaning and purpose of our lives most people eventually come to these questions Who am I really What is the purpose for being here and Where will I go after I die Increasing numbers are contemplating this and so beginning the process of waking up to our original nature true reality versus the illusions we have been led to believe until now This is an introduction and overview to very important metaphysical and world topics It is help for beginners on where and how to start or move forward on their own journey We will explore together the possibility of being an eternal being of reincarnation learn about the human energy centres We will investigate whether extraterrestrial beings are real What can we do to achieve the inner and outer life we desire What are the important issues on the planet and how can we watch out for our physical health Throughout the book the author use examples her experiences and growth from her own journey to date There is a great need for the type of book she has written It differs from others on the market in that it is short with easy to follow chapters and readers can identify which topics stand out as important to them personally where they are drawn to find out more Included is a bibliography and additional resources readers can use for further exploration      Reincarnation Joel Bjorling,2013-08-21 First Published in 1996 You may have lived before As a matter of fact you may have experienced countless lifetimes This statement constitutes the basic premise of reincarnation which is also called transmigration and metempsychosis This volume explores the origins and development of the belief of reincarnation
