A Survival Guide For Bronze Sculptors:

A Survival Guide for Bronze Sculptors Gabe Gabel, 2008-07-31 Gabe Gabel has written the book she wishes she had been able to find when she started her professional career thirty years ago. It is really a two part book. One part concentrates on the bronze sculpture. Art collectors will find the step by step explanation of the casting process extremely educational. Artists who wish to learn more about doing a bronze sculpture will not only like that part but the complete how to do it discussion will cover everything they need to know about taking a sculpture all the way through. It starts with the placement of the armature and finishes with the decision of the number of the limited edition they choose to cast. The information is all there: the basic tools, the different choices they have in methods and materials, and why Gabe prefers the ones she does. There are sources and expenses and many ways to save money that she has learned over the years. Many options are discussed, there are suggestions for solving problems that can occur, and attention is paid to safety concerns that artists face that are rarely mentioned. Nearly any bronze sculptor is likely to learn some tips that they will appreciate no matter how experienced they are. Don't look for how to create your art. The reader has to bring his or her own artistic ability to the sculpture table. This is not the book to show you how to do a horse sculpture, though the book does follow one horse original from armature to bronze. This is a book to show you how to bring your own creations to casting ready sculpture. But if you do want to sculpt a horse, you will come out with some great ideas to make yours even better. For artists who use other media, there is a great deal of wonderful information on all aspects of marketing and managing your art business. It is a business, and Gabe feels that it must be treated as such if an artist wants to make a profit and to make a living selling their work. It is all there: how to start and utilize a mailing list, there is a discussion on show vehicles and various art displays with information on building your own show, clothing and manners, types of shows, galleries, your home office, and computer. Look for letters to Dear Aunt Gabby and her often rather pointed advice. Aunt Gabby has heard it all from artists and buyers to show promoters. Aunt Gabby is not an art critic; she thinks there are enough of those, but she can be highly critical of artists and their behaviors. In short, this is a book by an artist for artists, though Gabe does hope that art collectors will find it irresistible too. Please visit her personal web site gabegabel.com to enjoy her work in full color, see her show schedule, and read her newsletters. She also welcomes comments through e-mail at gabegabel@hotmail.com.

Starving Artist's Survival Guide MARIANNE TAYLOR, 2012-12-11
Passion, humiliation, and depravity are the cornerstones of the artistic spirit. How else to rationalize one's deliberate choice to face a life of unsigned rejection letters, calls from worried parents, and collection agencies and cups and cups of ramen noodles? Being a noble artiste is a rough gig. It's one part denial, one part masochism. And it gets all the respect of being a fry cook without the convenient minimum wage. Only a fool would agree to such soul-crushing until now. *The Starving Artist's Survival Guide* boldly reassures both the dreamer and the doer that you are not alone. Regardless of whether you are a painter, a poet, a musician, a writer, an actor, or simply paralyzed by an English lit or fine arts degree, help has arrived. Topics include

the pros and cons of various artistic day jobs People love clowns except for the 80 percent who want to beat them up and the 20 percent who do coping with form letter rejections through the healing power of haikus You blinking red light A call back from my agent No just goddamn Mom a survey of artists dwellings from the romanticized loft to Mama s rent free attic and most important Holding On Ten Good Reasons to Keep Your Head out of the Oven

Bernini Ephemeral and Preparatory Sculpture Genevieve Warwick, 2025-04-29 Taking up questions of artists materials and technical processes currently at the vanguard of art historical scholarship this book studies the contiguity and interchange of workshop methods in the linked fabrication of both ephemeral and preparatory works by Bernini Genevieve Warwick argues that the ephemeral arts of ritual occasion acted as a locus of artistic experiment for the artist in many respects similar to his use of preparatory models to suggest that Bernini s artistry sprang from the fabric of ritual in both material and cultural terms From processional floats to court stage sets for the ritual occasions of church and state such ephemeral arts were largely made of wax clay papier m ch wood stucco and plaster assembled into scenographic ensembles with textiles canvas and paint Similarly Bernini s preparatory models for marble or bronze sculpture were of plaster and clay even mud and straw or wax and painted wood as plentiful and affordable materials that were readily available for use and reuse as required This book will be of interest to scholars working in art history and Renaissance studies

Guide to Europe N. D'Anvers,1894 **Personal Styles in Greek Sculpture** Όλγα Παλαγιά,J. J. Pollitt,Department of Classics, Yale University Staff,1998 The aim of this 1996 book is to identify and evaluate the distinctive styles of five important ancient Greek sculptors whose work is discussed by ancient writers Its underlying assumption is that the history of Greek sculpture was not simply governed by impersonal evolutionary forces but that like the sculpture of later periods it was shaped by the intuitions predilections and innovations of particular individuals The international group of authors whose essays appear here recognize that the problematical and fragmentary nature of the surviving evidence makes their task a difficult one Nevertheless by drawing upon the evidence of recent archaeological finds and by re evaluating both the ancient literary sources and earlier scholarly literature they expand our understanding of the role of personal styles in ancient Greek art *Paintings and Sculpture in the Collection of the National Academy of Design: 1826-1925* David Bernard
