

A TURQUOISE LIFE

An aerial photograph of a rugged coastline. A person is seen from above, standing on a dark, rocky shore and looking out at the water. The water is a vibrant turquoise color, contrasting with the dark rocks and the white foam of the waves. The overall scene is dramatic and inspiring.

Littell, 1889 **Littell's Living Age**, 1889 **The Living Age**, 1889 **Freud's Trip to Orvieto** Nicholas Fox Weber, 2017-05-09 An unusual meditation on sex death art and Jewishness Weber weaves in musings on his own sexual and religious experiences creating a freewheeling psychoanalytic document whose approach would surely delight the doctor even if its conclusions might surprise him New Yorker Freud's Trip to Orvieto is at once profound and wonderfully diverse and as gripping as any detective story Nicholas Fox Weber mixes psychoanalysis art history and the personal with an intricacy and spiritedness that Freud himself would have admired John Banville author of The Sea and The Blue Guitar This is an ingenious and fascinating reading of Freud's response to Signorelli's frescoes at Orvieto It is also a meditation on Jewish identity and

on masculinity memory and the power of the image It is filled with intelligence wit and clear eyed analysis not only of the paintings themselves but how we respond to them in all their startling sexuality and invigorating beauty Colm T ib n author of Brooklyn and Nora Webster After a visit to the cathedral at Orvieto in Italy Sigmund Freud deemed Luca Signorelli s frescoes the greatest artwork he d ever encountered yet a year later he couldn t recall the artist s name When the name came back to him the images he had so admired vanished from his mind s eye This is known as the Signorelli parapraxis in the annals of Freudian psychoanalysis and is a famous example from Freud s own life of his principle of repressed memory What was at the bottom of this There have been many theories on the subject but Nicholas Fox Weber is the first to study the actual Signorelli frescoes for clues What Weber finds in these extraordinary Renaissance paintings provides unexpected insight into this famously confounding incident in Freud s biography As he sounds the depths of Freud s feelings surrounding his masculinity and Jewish identity Weber is drawn back into his own past including his memories of an adolescent obsession with a much older woman Freud s Trip to Orvieto is an intellectual mystery with a very personal intimate dimension Through rich illustrations Weber evokes art s singular capacity to provoke destabilize and enchant us as it did Freud and awaken our deepest memories fears and desires Nicholas Fox Weber is the director of the Josef and Anni Albers Foundation and author of fourteen books including biographies of Balthus and Le Corbusier He has written for the New Yorker New York Times Los Angeles Times Wall Street Journal Le Monde ARTnews Town Country and Vogue among other publications
