Cherif Bassiouni, 2013-12-09 This groundbreaking new volume provides the first comprehensive review of the Libyan conflict of 2011 The book expands on and complements the report of the Libya Commission of Inquiry to the United Nations Human Rights Council and provides the reader with the information essential to understanding the Libyan conflict its causes and ramifications and the difficulties the country faces as it rebuilds in the wake of 40 years of repression and the effects of a brutal civil war The book provides a historical overview of the country and the ruinous policies of the Qadhafi regime a chronological review of the evolution of the conflict a description of the belligerents and their organizational makeup an account of the NATO intervention and its legality a basic legal characterization of conduct of the belligerents and the various accountability mechanisms pursued thus far and an appraisal of the post conflict period as well as a detailed factual assessment and legal characterization of ten different theaters of conflict including Benghazi Tripoli Misrata Sirte and the Nafusa Mountains Sowing Chaos Paolo Sensini, 2016-05-29 In early 2011 Libya came under attack by NATO countries purporting to engage in a humanitarian intervention to protect the Libyan people In actuality this was part of a larger scale Western strategy to redesign the entire Middle East to suit its interests This book addresses Libyan history of the last hundred years from the main phases of the Italian military occupation 1911-1943 to the dramatic events of our own times including an account of the post war monarchy Gaddafi's rise to power the air strikes on Tripoli and Benghazi ordered by Reagan in 1986 and the Lockerbie affair Sensini exposes the 2011 misrepresentations by the mainstream media major NGOs and even the International Criminal Court that sought to legitimize the NATO attack He takes a close look at the Western organized and financed rebels in Benghazi who provided the pretext for UN approval of Resolution 1973 embodying the new so called responsibility to protect R2P doctrine This criminal intervention devastated Libya unleashing a civil war unlikely to cease in the near future Sensini sheds light on the role of Hillary Clinton and the 11 September 2012 murder of American Ambassador Chris Stevens The R2P upshot Untold waves of migrants seeking to flee the continental chaos leading to thousands of deaths and drownings across the Mediterranean and the potential destabilization of Europe Dismissing the claim that the West's Gaddafi killing intervention in Libya which played a big role in the chaos in the Middle East was for humanitarian reasons this book explains the real reasons Of special interest is the author's discussion of the central role played by the ever destructive Hillary Clinton David Ray Griffin *Libya in Western Foreign Policies, 1911-2011* Saskia Van Genugten, 2016-05-18 Libya has a short volatile history Foreigners played a significant role in shaping Libya's institutions and policies and this book explores longer term trends in the relations between

Libya and the West placing current developments in their historical context Throughout history the globe's most powerful actors have regarded Libya as an outlier state of little significance Libya belonged neither here nor there and never fell under the full protection of any significant global or regional powerhouse Libya's weak national identity its weak institutions and its peripheral position have made it vulnerable to external influences and interventions As a result Libya repeatedly falls prey to foreign powers wanting to flex their muscles As this book narrates this was the case in 1911 in 2011 and several times in between

Human Rights in Islamic North Africa E. Ike Udogu, 2020-02-12 It is one thing to craft superb human rights tenets in a constitution and another to enforce such policies in practice This book explores the contradictions between interpretations of constitutional tenets and the dogmas contained in the penal code of Islamic North Africa particularly in regard to Algeria Egypt Libya Morocco and Tunisia Provided are brief histories of each country that connect the colonial past to present day human rights records The author also suggests ways in which to mitigate human rights infractions to advance peaceful coexistence that could promote political and economic development

A History of Libya John Wright, 2012 This volume is in many ways the culmination of the author's long involvement with Libya tracing its history from pre-historic times through the revolutionary Qadhafi regime that consolidated its rule after 1969 Meticulously researched the different chapters provide analytic summaries of each historic period

The Arab Spring and Arab Thaw Professor John Davis, 2013-12-28 What were the unifying principles or strategies that governed the protest movements that swept the Middle East and North Africa in the spring of 2011 Who were the protestors and how did the different authoritarian regimes respond to them How did regional and international institutions react to a region in turmoil The Arab Spring and Arab Thaw Unfinished Revolutions and the Quest for Democracy addresses these questions by examining a range of successful and unsuccessful protest strategies and counter-revolutionary tactics employed by protestors and autocratic regimes Contributors explore the reactions of the USA EU and Arab League to events in the region and provide insight as to the gendered dimensions of the struggle along with the ethnic and tribal divisions that continue to impact the post-revolt period By addressing these critical queries the book demonstrates how the Arab Spring has evolved into a protracted Arab Thaw that continues to profoundly affect regional and international politics

Libya and the Global Enduring Disorder Jason Pack, 2022-02-15 We no longer inhabit a world governed by international coordination a unified NATO bloc or an American hegemon Traditionally the decline of one empire leads to a restoration in the balance of power via a struggle among rival systems of order Yet this dynamic is surprisingly absent today instead the superpowers have all at times sought to promote what Jason Pack terms the Enduring Disorder He contends that Libya's ongoing conflict more so than the civil wars in Yemen Syria Venezuela or Ukraine constitutes the ideal microcosm in which to identify the salient features of this new era of geopolitics The country's post-Qadhafi trajectory has been molded by the stark absence of coherent international diplomacy while Libya's incremental implosion has precipitated cross-border contagion further corroding global institutions and

international partnership Pack draws on over two decades of research in and on Libya and Syria to highlight the Kafkaesque aspects of today's global affairs. He shows how even the threats posed by the Arab Spring and the Benghazi assassination of US Ambassador J. Christopher Stevens couldn't occasion a unified Western response. Rather, they have further undercut global collaboration, demonstrating the self-reinforcing nature of the progressively collapsing world order.

The Maghreb Since 1800 Knut S. Vikor, Professor of the History of the Middle East and Muslim Africa, University of Bergen. Knut S. Vikor, 2024-10-03. This short history of the Maghreb surveys its development from the coming of Islam to the present day, but with greatest emphasis on the modern period from the early nineteenth century onwards.
