A Life On Hold Crossing Paths With Atrial Fibrillation:

A Life on Hold Kevin J. Kauffman, 2014-08-23 You're going about your daily routine when you suddenly feel an odd squirming in your chest. You quickly realize that it is your heart flopping around like a fish out of water. What do you do? You probably panic. Maybe you also experience dizziness, nausea, or shortness of breath, or maybe you have no other symptoms at all. But it's still very scary because it's your heart. This is how chronic atrial fibrillation starts for many of us, and those who develop it often have little to no prior medical history to speak of. Once the demon of a fib has set in, though, we soon find our lives redirected down a dark, uncharted path, our days consumed by vain attempts to divine the elusive origins of this mysterious malady as we desperately seek a panacea that can give us back our normal, or at least some way to weaken the grasp that this unwelcome beast now has on our lives. Through it all, we put on performances of a lifetime for the rest of the world, acting as though all is well while coping as best we can with this invisible disorder, one that he who has never suffered through it cannot possibly understand. Try as we might, though, our lives and relationships will surely end up the worse for wear. Within the pages of this book lies one man's personal account of how this condition impacted his life, how he managed to overcome it, the valuable knowledge that was acquired along the way, and the permanent marks that the journey has left on his subsequent existence. This medical autobiography is written in an informal, first-person conversational style, with accounts and information presented in such a way that it should be easy for just about everyone to understand and relate to.

Cumulated Index Medicus, 1966 *Undaunted Curiosity* Douglas W. Ayres, 2012-03-12 Enjoy a leisurely cruise in a 54 yacht on the rivers, lakes, waterways, and canals of the United States and Canada from New York City up the Hudson thru the Erie Canal to Lake Ontario, then zigzag down the St. Lawrence River thru the Thousand Islands to Montreal. The cruise then moves across Ontario and Quebec to Hull and Ottawa on the Ottawa River into the historic 1820s Rideau Canal and its 45 colorful Lock Parks. This spectacular scenery of central Ontario leads back to Lake Ontario at Kingston, then via the 55 locks of the Trent-Severn Waterway thru Canada's cottage country lakes to gorgeous Georgian Bay. Here the journey turns south to Detroit via Lakes Huron and St. Clair, then around Michigan's thumb to Sault Ste. Marie and Lake Superior. Moving across the Great Lakes to Chicago leads to the Illinois River into the Mississippi. The entire length of that mighty River then is cruised and described. Other tributary rivers explored town by town are the St. Croix, Ohio, Muskingum, Kentucky, Green, Kanawha, Allegheny, Monongahela, and Arkansas most to their head of navigation. The White, Black, Atchafalaya, the West Gulf Intracoastal Waterway from Morgan City to Mobile, and the Tenn-Tom Waterway from Mobile Bay north to Columbus, Mississippi, then follows in detail. 190 marine charts and illustrations and 23 pages of color photos provide details of the magnificence encompassed in this book. The scenic wonders and delights of 16,000 miles of America's Waterways are explored and exposed, showing off America the Beautiful. Index Medicus, 2003 Vols for 1963 include as pt 2 of the Jan issue.
