Cather was an old fashioned exponent of styles of fiction demonstrating instead that Cather was clearly aware of the experimentation within the modernist movement Illustrative chapters deal with three central novels *A Lost Lady* *The Professor's House* and *My Mortal Enemy* **Sixteen Modern American Authors** Jackson R. Bryer, 1989 Praise for the earlier edition *Students of modern American literature have for some years turned to Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains *American Studies* **The Imaginative Claims of the Artist in Willa Cather's Fiction** Demaree C. Peck, 1996 In this her first book scholar Demaree C Peck assigns Willa Cather her rightful place in our literary history Challenging the assumption that women writers must draw their inspiration from a lineage of female predecessors Peck portrays Willa Cather as a woman who self consciously set out to write within a male literary tradition that she identified as Emersonian Peck explores the psychological underpinnings of Cather's aesthetics to show that her theory of stylistic economy and simplicity was motivated by a desire to reorganize the elements of the artistic stage exclusively around her own romantic ego that inexplicable presence of the thing not named Although Cather's protagonists appear in various disguises clad as pioneers lawyers or priests they are all incarnations of the artist who appropriates people and places as parts of consciousness Cather's imaginative claimants seek to assimilate the world as a reflection of the self in the way that their prototype Emerson's poet landlord enjoys a figurative ownership of the landscape in reward for his integrating vision The novels offer a series of ingenious masquerades beneath whose plots lurk variations of a single story impelled by the artist's quest to take imaginative possession of the world in order to recover the dominion of her soul Unlike critics who have discussed Cather's novels as a series of discrete experiments Peck charts the pursuit for imaginative possession as a continuous theme thereby suggesting a coherence for Cather's art and career as a whole Offering original interpretations of eight of Cather's novels in the light of previously undiscussed letters and other biographical materials Peck explores the relation between Cather's life and art to suggest that she created her central characters as surrogates whose imaginative accumulations could compensate her for various dispossessing experiences in her own life Cather's novels operate according to the psychological laws of wish fulfillment While Cather's romanticism has its historical origin in American transcendentalism its psychological origin derives from the mythic domain of childhood Cather's kingdom of art sanctions the dream projected upon childhood of an original omnipotence that could cheat fate and remain unsoiled by experience Her novels enact a fantasy of return to primal wholeness Peck suggests that the novels serve a restorative function not only for their author but for Cather's readers as well Cather's fiction is significant Peck argues because it performs an important psychological work for its audience *Novelists and Novels* Harold Bloom, 2009 Read what Bloom had to say on the world's great novelists including Miguel de Cervantes Charles Dickens Jane Austen Franz

Kafka Ernest Hemmingway and more **Willa Cather** Laura Winters,1993 Cather s artistic voice speaks for and through the landscapes she loved in life As several critics have noted Cather s mind works by opposition furiously spinning doubles of character experience temperament and place Locating the scenes she imagines in particular places she forces her readers to merge character and place in a way no other American writer has ever done Willa Cather s fiction is also suffused with the notion of exile Her characters often banished from a native or authentic landscape are restless pilgrims who long for home a comforting space a rest from the arduous journey In order to manage the condition of exile Cather s characters must transform secular spaces into sacred places In these sacred places existence suddenly makes sense order is created from chaos as the history of the earth and the history of the individual merge and are reconciled Indeed these sacred places with an aura of resolution and rightness in their very air bring peace *Historical Romances of John Buchan - A Lost Lady of Old Years, Witch Wood, Sir Quixote of the Moors* John Buchan,2015-04-24 John Buchan is one of the finest writers of historical romances novels packed with beautifully described landscapes and rich powerful characters Sixteen Modern American Authors Jackson R. Bryer,1990 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains American Studies *A lost lady* Willa Sibert Catner,1941 *Willa Cather's My Ántonia* Harold Bloom,2008 Willa Cather s *My Antonia* a nostalgic novel about an earlier America portrays the harmonies and disharmonies of the human world and the world of nature This new edition gathers together some of the best criticism available on the text A Life in Letters F. Scott Fitzgerald,Judith Baughman,1994-07-18 These missives which range from brief telegrams to lengthy gospels are divided into five sections by years and major episodes in Scott s life e g Europe The Great Gatsby 1924 1930 **Silent Film and the Formations of U.S. Literary Culture** Sarah Gleeson-White,2024-04-30 Silent Film and the Formations of U S Literary Culture Literature in Motion argues that the emergence of motion pictures constituted a defining moment in U S literary history Author Sarah Gleeson White discovers what happened to literary culture both popular and higher brow when inserted into the spectacular world of motion pictures during the early decades of the twentieth century How did literary culture respond to and how was it altered by the development of motion pictures literature s exemplar and rival in narrative realism and enthrallment Gleeson White draws on extensive archival film and literary materials and unearths a range of collaborative cross media expressive and industrial practices to reveal the manifold ways in which early twentieth century literary culture sought both to harness and temper the reach of motion pictures **A Mirror in the Roadway** Morris Dickstein,2021-08-10 In a famous passage in *The Red and the Black* the French writer Stendhal described the novel as a mirror being carried along a roadway In the twentieth century this was derided as a na ve notion of realism Instead modern

writers experimented with creative forms of invention and dislocation Deconstructive theorists went even further questioning whether literature had any real reference to a world outside its own language while traditional historians challenged whether novels gave a trustworthy representation of history and society In this book Morris Dickstein reinterprets Stendhal's metaphor and tracks the different worlds of a wide array of twentieth century writers from realists like Theodore Dreiser Sinclair Lewis Edith Wharton and Willa Cather through modernists like Franz Kafka and Samuel Beckett to wildly inventive postwar writers like Saul Bellow Günter Grass Mary McCarthy George Orwell Philip Roth and Gabriel García Márquez Dickstein argues that fiction will always yield rich insight into its subject and that literature can also be a form of historical understanding Writers refract the world through their forms and sensibilities He shows how the work of these writers recaptures yet also transforms the life around them the world inside them and the universe of language and feeling they share with their readers Through lively and incisive essays directed to general readers as well as students of literature Dickstein redefines the literary landscape a landscape in which reading has for decades been devalued by society and distorted by theory Having begun with a reconsideration of realism the book concludes with several essays probing the strengths and limitations of a historical approach to literature and criticism
