

It all starts with a sense of urgency

- Urgency means “of pressing importance”.
- People have a true sense of urgency when they think that action on critical issues is needed now and not eventually, when it fits easily into schedule.
 - **Now** means making real progress every single day.
 - **Critically important** means challenges that are central to success or survival, winning or losing.

Reifel, 2012-06 Kitabu The Drum Still Cries is not only the story of a young missionary living in a remote area with an indigenous group of people but also a story of the struggle and the victory as the missionary learns to share the Gospel in culturally appropriate ways so that the men of the African tribe can pass on the truths of the Gospel and transform their own lives This unique story is told by an imaginary troubadour who observes the youthful missionary who seeks to find redemptive analogies and culturally appropriate ways to present the Gospel to a civilization far removed from his own

educational background The African men must take up the challenge of reaching their own people for Christ Kitabu The Drum Still Cries will make you laugh and cry as you walk through the foothills of the mountains with the men who face challenges of planting a truly original church among their own people for themselves and for God **Leading Change in Turbulent Times** Michael S. Lawson, 2010-11-02 This book is for average Americans who want to improve their life the corporation that is preparing for or preventing turbulent times the CEO who is leading a turnaround of his or her company and the healthcare executives that are preparing for upcoming healthcare reform We must be prepared to deal with these challenges This book is about being more prepared to effectively lead change and adapt in turbulent times related to personal and corporate health as well as business relative organizational development and transformation The goal is to land safely and be stronger to handle change in the future Developing a Digital National Library for Undergraduate Science, Mathematics, Engineering and Technology Education National Research Council, Division of Behavioral and Social Sciences and Education, Board on Science Education, Steering Committee for Developing a Digital National Library for Undergraduate Science, Mathematics, Engineering, and Technology Education, 1998-01-29 In 1996 the National Science Foundation NSF released a report about ways to improve undergraduate science mathematics engineering and technology SME T education One recommendation called for establishing a digital library similar to those that are being constructed for many research communities that would make available electronically a wide variety of materials for improving teaching and learning of SME T The NSF asked the National Research Council to examine the feasibility of and issues associated with establishing such a digital national library In response an NRC steering committee commissioned a series of papers and convened a workshop to consider these issues This resulting book delineates the issues that should be considered and provides recommendations to resolve them prior to committing funds *The Black Messiah* Albert B. Cleage, 1989 That white Americans continue to insist upon a white Christ in the face of all historical evidence to the contrary and despite the hundreds of shrines to Black Madonnas all over the world is the crowning demonstration of their white supremacist conviction that all things good and valuable must be white On the other hand until black Christians are ready to challenge this lie they have not freed themselves from their spiritual bondage to the white man nor established in their own minds their right to first class citizenship in Christ s kingdom on earth Cunningly Clever Marketing Andrew Wood, 2009 Grassroots School Reform K. Farnsworth, 2011-01-18 This book walks community activists through the rationale for assuming local responsibility for academic performance outlines steps needed to drive that change and suggests curricular direction and school policy requirements Creating a Sense of Urgency John Baker, 2023 Global Economic Trends and Their Impact to Corporate Development Frank Bezjak, 2010 Without a doubt Global Economic Trends have sustainably changed today s economic and socioeconomic landscape and the transformational power of GETs will drive industries and markets to a new secular destination However there are substantial uncertainties over future economic growth arising from the complex interplay of

domestic and global determinants including such diverse factors as demographics advances in technology capital availability scarcity of resources domestic policies and global trade regimes environmental policies and financial regulations Aligning the right information to successfully plan and to implement management principles is challenging to corporations especially when addressing resource and investment decisions Therefore corporations need to establish organizational measures to incorporate the risks associated to GETs into the strategic management process and to avoid harm to the corporate portfolio The scientific contribution of this thesis is a tool called GET assessment framework which can be applied within strategic business planning to tackle risks associated to GETs The intent of the tool is to analyze the impact of a trend to the actual business situation of the corporation and to help the management to formulate and to establish counter measures within a scenario planning To prove its applicability the GET scarcity of resources is used to demonstrate how the shortage of oil is affecting a virtual corporation that is operating within the chemical industry which is a recent problem to business planning in the industry Using the concept of corporate evaluation which is introduced within the assessment framework potential risks are identified By this means external risks are mapped to the internal environment of the corporation and countermeasures are developed

Unseasonable Sarah Dimick, 2024-10-08 As climate change alters seasons around the globe literature registers and responds to shifting environmental time A writer and a fisher track the distribution of beach trash in Chennai chronicling disruptions in seasonal winds and currents along the Bay of Bengal An essayist in the northeastern United States observes that maple sap flows earlier now prompting him to reflect on gender and seasons of transition Poets affiliated with small island nations arrive in Paris for the United Nations climate summit revamping the occasional poem to attest to intensifying

storm seasons across the Pacific In *Unseasonable* Sarah Dimick links these accounts of shifting seasons across the globe tracing how knowledge of climate change is constructed conveyed and amplified via literature She documents how the unseasonable reverberates through environmentally privileged and environmentally precarious communities In chapters ranging from Henry David Thoreau s journals to Alexis Wright s depiction of Australia s catastrophic bushfires from classical Tamil poetry to repeat photography Dimick illustrates how seasonal rhythms determine what flourishes and what perishes She contends that climate injustice is an increasingly temporal issue unfolding not only along the axes of who and where but also in relation to when Amid misaligned and broken rhythms attending to the shared but disparate experience of the unseasonable can realign or sharpen solidarities within the climate crisis
