A Time To Mourn Expressions Of Grief In Nineteenth Century America:

A Time to Mourn Martha V. Pike, Janice Gray Armstrong, 1980 A Time to Mourn explores in words and pictures the development and decline of urban American mourning customs during the nineteenth century The seven essays in this book treat nineteenth century mourning as a subject of social history The surviving tangible expressions of grief the graveyards silk and wool embroideries jewelry paintings and fashionable mourning costumes are depicted through the abundantly illustrated essays and an extensive catalog of mourning relics Coffin Hardware in Nineteenth-century America Megan E Springate, 2016-06-16 Using data from archaeological excavations patent filings and marketing catalogs this book provides a broad view of the introduction spread and use of mass produced coffin hardware in North America At the book s heart is a standardized typology of coffin hardware that recognizes stylistic and functional changes and a fresh look at the meanings and uses of the various motifs and decorative elements Within the discussion of mass produced coffin hardware in North America is new work connecting the North American industry with its British antecedents and a fresh analysis of the prime factors that led to the introduction and spread of mass produced coffin hardware Extensively illustrated with examples of coffin hardware to aid scholars and professionals in identification *An Emotional History of the United States* Peter N. Stearns, Jan Lewis, 1998 Emotions lie at our very core as human beings How we process and grapple with our emotions how and what we emote and how we respond to the emotions of others constitute the essence of our social universe In a very real sense we exist only through the prism of our emotions And yet the profound effect of human emotion on history politics religion and culture remains underexamined While the influence of emotion in such realms as American foreign policy has been well documented other emotional aspects of American history have escaped notice What role for instance does emotion have in the practice of African American religion How do shame and self hatred influence American conceptions of identity How does our emotional life change as we age To what degree is American consumerism driven by basic human emotion With this landmark anthology historians Peter N Stearns and Jan Lewis provide a road map of the American emotional landscape From the emotional world of working class Massachusetts to the prayers of evangelical and pentecostal women and the gendered nature of black rage these essays provide a multicultural snapshot of the unique nature and evolution of American emotions *Protestant Relics in Early America* Jamie L. Brummitt, 2025-05-30 In this book Jamie L Brummitt upends long held assumptions about religion and material culture in the early United States by recovering the forgotten history and presence of Protestant relics This book will be an essential resource for scholars and students of early American history religion politics art and popular culture **Handbook of Death and Dying** Clifton D. Bryant, 2003-10 Dying is a social as well as physiological phenomenon Each society characterizes and consequently treats death and dying in its own individual ways ways that differ markedly These particular patterns of death and dying engender modal cultural responses and such institutionalized behavior has familiar economical educational religious and political implications The Handbook of

Death and Dying takes stock of the vast literature in the field of thanatology arranging and synthesizing what has been an unwieldy body of knowledge into a concise yet comprehensive reference work This two volume handbook will provide direction and momentum to the study of death related behavior for many years to come Key Features More than 100 contributors representing authoritative expertise in a diverse array of disciplines Anthropology Family Studies History Law Medicine Mortuary Science Philosophy Psychology Social work Sociology Theology A distinguished editorial board of leading scholars and researchers in the field More than 100 definitive essays covering almost every dimension of death related behavior Comprehensive and inclusive exploring concepts and social patterns within the larger topical concern Journal article length essays that address topics with appropriate detail Multidisciplinary and cross cultural coverage

Mourning Dress (Routledge Revivals) Lou Taylor, 2009-07-15 First published in 1983 Mourning Dress chronicles the development of European and American mourning dress and etiquette from the middle ages to the present day highlighting similarities and differences in practices between the different social strata The result is a book which is not only of major importance to students of the history of dress but also to anyone who enjoys social history

Emotional and Sectional Conflict in the Antebellum United States Michael E. Woods, 2014-08-11 This book explores how specific emotions shaped Americans perceptions of and responses to the sectional conflict over slavery in the United States

Rites of Execution : Capital Punishment and the Transformation of American Culture, 1776-1865 Riverside Louis P. Masur Professor of History University of California, 1989-02-16 Between the seventeenth and nineteenth centuries Western societies abandoned public executions in favor of private punishments primarily confinement in penitentiaries and private executions The transition guided by a reconceptualization of the causes of crime the nature of authority and the purposes of punishment embodied the triumph of new sensibilities and the reconstitution of cultural values throughout the Western world This study examines the conflict over capital punishment in the United States and the way it transformed American culture between the Revolution and the Civil War Relating the gradual shift in rituals of punishment and attitudes toward discipline to the emergence of a middle class culture that valued internal restraints and private punishments Masur traces the changing configuration of American criminal justice He examines the design of execution day in the Revolutionary era as a spectacle of civil and religious order the origins of organized opposition to the death penalty and the invention of the penitentiary the creation of private executions reform organizations commitment to social activism and the competing visions of humanity and society lodged at the core of the debate over capital punishment A fascinating and thoughtful look at a topic that remains of burning interest today Rites of Execution will attract a wide range of scholarly and general readers

Artful History Aaron Sachs, John Demos, 2020-02-18 A collection of memorable stirring and eloquent historical essays designed to help any

historian write more artfully Is there any reason serious historical scholarship cannot receive literary expression Even the most committed empiricists and postmodernists might achieve better results by thinking of writing as a craft rather than a means of packaging research This book gathers some of the most compelling efforts to make history writing eloquent stirring and memorable demonstrating that even the most rigorous scholarship can take on a wide range of creative forms With selections from Jonathan Spence Simon Schama Saidiya Hartman Wendy Warren Jill Lepore Louis Masur Jane Kamensky and John Demos among others *International Handbook of Historical Archaeology* Teresita Majewski, David

Gaimster, 2009-06-07 In studying the past archaeologists have focused on the material remains of our ancestors Prehistorians generally have only artifacts to study and rely on the diverse material record for their understanding of past societies and their behavior Those involved in studying historically documented cultures not only have extensive material remains but also contemporary texts images and a range of investigative technologies to enable them to build a broader and more reflexive picture of how past societies communities and individuals operated and behaved Increasingly historical archaeology refers not to a particular period place or a method but rather an approach that interrogates the tensions between artifacts and texts irrespective of context In short historical archaeology provides direct evidence for how humans have shaped the world we live in today Historical archaeology is a branch of global archaeology that has grown in the last 40 years from its North American base into an increasingly global community of archaeologists each studying their area of the world in a historical context Where historical archaeology started as part of the study of the post Columbian societies of the United States and Canada it has now expanded to interface with the post medieval archaeologies of Europe and the diverse post imperial experiences of Africa Latin America and Australasia The 36 essays in the *International Handbook of Historical Archaeology* have been specially commissioned from the leading researchers in their fields creating a wide ranging digest of the increasingly global field of historical archaeology The volume is divided into two sections the first reviewing the key themes issues and approaches of historical archaeology today and the second containing a series of case studies charting the development and current state of historical archaeological practice around the world This key reference work captures the energy and diversity of this global discipline today **American Studies** Jack Salzman, American Studies

Association, 1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of *American Studies An Annotated Bibliography of Works on the Civilization of the United States* published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations

Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00 **Emily Dickinson and Her Culture** Barton Levi St. Armand, 1986-06-27 Attempts to place Dickinson's works in their cultural context by exploring her attitudes toward death romance the afterlife art and nature **Facing America** Shirley Samuels, 2004-03-25 Facing America Iconography and the Civil War investigates and explains the changing face of America during the Civil War To conjure a face for the nation author Shirley Samuels also explores the body of the nation imagined both physically and metaphorically arguing that the Civil War marks a dramatic shift from identifying the American nation as feminine to identifying it as masculine Expressions of such a change appear in the allegorical configurations of nineteenth century American novels poetry cartoons and political rhetoric Because of the visibility of war's assaults on the male body masculine vulnerability became such a dominant facet of national life that it practically obliterated the visibility of other vulnerable bodies The simultaneous advent of photography and the Civil War in the nineteenth century may be as influential as the conjoined rise of the novel and the middle class in the eighteenth century Both advents herald a changed understanding of how a transformative media can promote new cultural and national identities Bodies immobilized because of war's practices of wounding and death are also bodies made static for the camera's gaze The look of shock on the faces of soldiers photographed in order to display their wounds emphasizes the new technology of war literally embodied in the impact of new imploding bullets on vulnerable flesh Such images mark both the context for and a counterpoint to the look of Walt Whitman as he bends over soldiers in their hospital beds They also provide a way to interpret the languishing male heroes of novels such as August Evans's *Macaria* 1864 a southern elegy for the sundering of the nation This book crucially shows how visual iconography affects the shift in postbellum gendered and racialized identifications of the nation *Facing the 'King of Terrors'* Robert V. Wells, 2000 This book examines the roles and perceptions of death in Schenectady New York from 1750 to 1990 **Encyclopedia of Nineteenth-Century Photography** John Hannavy, 2013-12-16 The Encyclopedia of Nineteenth Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century It sets out to be the standard definitive reference work on the subject for years to come Its coverage is global an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication The Encyclopedia presents new and ground breaking research alongside accounts of the major established figures in the nineteenth century arena Coverage includes all the key people processes equipment movements styles debates and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool creative medium and recorder of everyday life which it had become by the dawn of the twentieth century The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth Century Photography an essential reference source for academics students researchers and libraries worldwide *The American Lawn* Georges Teyssot, 1999 The site of political demonstrations sporting events and barbecues and the object of loving if not obsessive care and attention the lawn is also

symbolically tied to our notions of community and civic responsibility serving in the process as one of the foundations of democracy Forget Me Not Geoffrey Batchen, 2006-08-03 *Forget Me Not* explores the relationship between photography and memory and shows how ordinary people have sought to strengthen the emotional appeal of photographs primarily by embellishing them to create strange and often beautiful hybrid objects *Carl Gutherz* Marilyn Masler, Marina Pacini, 2009 The first comprehensive catalog of the life and work of a renowned Memphis artist *The Sphinx and the Lotus* Bernadette M.
