## **A Treasury Of Mahayana Sutras Selections From The Maharatnakuta Sutra:**

*A Treasury of Mahāyāna Sūtras* Chen-chi Chang, 1991 The Maharatnakuta Sutra is one of the five major sutra groups in the Mahayana canon. Of the two great schools of Buddhism, Mahayana has the greatest number of adherents worldwide; it prevails among the Chinese, Japanese, Koreans, Tibetans, and Vietnamese and contains within it a number of movements, notably Zen, which have been of growing interest in the West in recent decades. Yet despite this increased attention and enormous following, translations of Mahayana scriptures have been scarce and fragmentary. Clearly, a comprehensive translation of a major work within the canon was called for.

*A Treasury of Mahayana Sutras* Zhenji Zhang, 1983 **A Treasury of Mah\_y\_na S\_tras** Zhenji Zhang, 1983 The Mah clearly a comprehensive translation of a major work within the canon was called for. This volume addresses that need. It contains 22 of the 49 S\_tras of the Mah\_ratnak\_ta or Treasury S\_tra many translated for the first time in a Western language, selected and arranged to give the modern reader a progressive introduction to one of the world's major religious traditions. Subjects covered include M\_y\_ and miracles, the teachings on Consciousness, Emptiness, and monastic discipline, the Mystical Light of the Tath\_gata, and the devotional practice of Pure Land, making this a comprehensive source book of Mah\_y\_na Buddhism hitherto unavailable in English. The book also includes an introduction to provide historical and interpretive guidance, annotations that assist in the comprehension of difficult passages, and an extensive glossary that will be valuable to specialist and layman alike. A team of scholars working in Taiwan spent eight years translating the Treasury's million words from Chinese using Tibetan texts for comparison and checking each S\_tra with an international board of scholars. In the course of translating from the original, special effort was made to retain both the devotional style appropriate for religious reading and the precision required by the scholar while presenting the material with a clarity and flow that would make it accessible to the Western layman. The editors then selected, arranged, and annotated the 22 S\_tras presented here. Published in cooperation with The Institute for Advanced Studies of World Religions.

*Visions of Awakening Space and Time* Taigen Dan Leighton, 2008-12-31 As a religion concerned with universal liberation Zen grew out of a Buddhist worldview very different from the currently prevalent scientific materialism Indeed says Taigen Dan Leighton Zen cannot be fully understood outside of a worldview that sees reality itself as a vital dynamic agent of awareness and healing In this book Leighton explicates that worldview through the writings of the Zen master Eihei Dogen 1200-1253 considered the founder of the Japanese S t Zen tradition which currently enjoys increasing popularity in the West The Lotus Sutra arguably the most important Buddhist scripture in East Asia contains a famous story about bodhisattvas enlightening beings who emerge from under the earth to preserve and expound the Lotus teaching in the distant future The story reveals that the Buddha only appears to pass away but actually has been practicing and will continue to do so over an inconceivably long life span Leighton traces commentaries on the Lotus Sutra from a range of key East Asian Buddhist thinkers including Daosheng Zhiyi Zhanran Saigyo Mye Nichiren Hakuin and Rykan But his main focus is Eihei Dogen the 13th century Japanese S t Zen founder who imported Zen from China and whose profuse provocative and poetic writings are important to the modern expansion of Buddhism to the West Dogen s use of this sutra expresses the critical role of Mahayana vision and imagination as the context of Zen teaching and his interpretations of this story furthermore reveal his dynamic worldview of the earth space and time themselves as vital agents of spiritual awakening Leighton argues that Dogen uses the images and metaphors in this story to express his own religious worldview in which earth space and time are lively agents in the bodhisattva project Broader awareness of Dogen s worldview and its implications says Leighton can illuminate the possibilities for contemporary approaches to primary Mahayana concepts and practices

Dogen's Pure Standards for the Zen Community D?gen, 1996-01-01 Presents a complete annotated translation of Dogen s writing on Zen monasticism and the spirit of community practice Dogen 1200-1253 is Japan s greatest Zen master

**Asceticism and Its Critics** Oliver Freiberger, 2006-10-19 Scholars of religion have always been fascinated by asceticism Some have even regarded this radical way of life the withdrawal from the world combined with practices that seriously affect basic bodily needs up to extreme forms of self mortification as the ultimate form of a true religious quest This view is rooted in hagiographic descriptions of prominent ascetics and in other literary accounts that praise the ascetic life style Scholars have often overlooked however that in the history of religions ascetic beliefs and practices have also been strongly criticized by followers of the same religious tradition as well as by outsiders The respective sources provide sufficient evidence of such critical strands but surprisingly as yet no attempt has been made to analyze this criticism of asceticism systematically This book is a first attempt of filling this gap Ten studies present cases from both Asian and European traditions classical and medieval Hinduism early and contemporary Buddhism in South and East Asia European antiquity early and medieval Christianity and 19th 20th century Aryan religion Focusing on the critics of asceticism their motives their arguments and the targets of their critique these studies provide a broad range of issues for comparison They suggest that the critique of asceticism is based on a worldview differing from and competing with the ascetic worldview often in one and the same historical context The book demonstrates that examining the critics of asceticism helps understand better the complexity of religious traditions and their cultural contexts The comparative analysis moreover shows that the criticism of asceticism reflects a religious worldview as significant and widespread in the history of religions as asceticism itself is

**Text as Father** Alan Cole, 2005-08-29 This beautifully written work sheds new light on the origins and nature of Mahayana Buddhism with close readings of four well known texts the Lotus Sutra Diamond Sutra Tathagatagarbha Sutra and Vimalakirtinirdesa Treating these sutras as literary works rather than as straightforward philosophic or doctrinal treatises Alan Cole argues that these writings were carefully sculpted to undermine traditional monastic Buddhism and to gain legitimacy and authority for Mahayana Buddhism as it was veering away from Buddhism's older oral and institutional forms His sophisticated and sustained analysis of the narrative structures and seductive literary strategies used in these sutras suggests that they were specifically written to encourage devotion to the written word instead of other forms of authority be they human institutional or iconic
