## **A Handbook Of Public Speaking:**

**A Handbook of Public Speaking** John Dolman,1922      *A Handbook of Public Speaking* John Dolman,2015-06-02

Excerpt from A Handbook of Public Speaking The purpose of this book is to furnish the student of public speaking with a concise statement of the principles he ought to know together with a few hints as to method It is intended to be used in conjunction with platform practice preferably under the critical guidance of a teacher for that reason it is not in the form of graded exercises and assignments but in the form of a series of collateral lectures each covering some fundamental lesson which the student can well afford to learn from the wisdom and experience of others No subject has been covered exhaustively as the size of the book will show and in most cases I have purposely tried to stop at the point of greatest interest leaving plenty of room for further inquiry on the part of the student and for supplementary comment by the teacher The book is confined to public speaking which to me means the communication of one's own thoughts to an audience in one's own words and personality About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**A Handbook of Public Speaking (Classic Reprint)** John Dolman,2017-12-12 Excerpt from A Handbook of Public Speaking It is obvious from the title and size of the volume that it is not intended to be exhaustive I have in fact made a deliberate effort to stop each discussion at the point of greatest interest leaving plenty of room for further inquiry on the part of the student and for supplementary comment by the teacher No student is advised to work without a teacher if he can help it but since many are forced to do so I have tried to present the material in such a way that the student may make something of it for himself and apply it intelligently in practice whether in or out of the classroom I need hardly say that practice in some form is essential and that nobody can learn public speaking from a book alone About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in
