Blood and Village William Palmer,2004 At once a mystery of detection a family history and a rite of passage *Blood and Village* traces the lives of the author s parents from the closing years of the 19th century in a small South German town to the New York neighborhoods where they raised their family Why did they leave their bucolic village the author asks why them and so few others In what sense did the village die after they left And in having left why did the village still have such a hold over them all their lives In his search for some answers the author delves into the social history of this Swabian village and describes his own return to its people vineyards pastures and orchards Along the way he ruminates on his father s World War I service and on his mother s trip back to the village in the turbulent summer of 1934 on his life in the 1940s and 1950s as a first generation American and on how the U S Navy and his research interests in physics brought him back to the village of his parents Wisconsin Karen Zeinert,Joyce Hart,2007-01-30 An introduction to the geography history government economy people achievements and landmarks of Wisconsin Chambers Universal Learners' Dictionary ,1980 Erskine Caldwell Harvey L. Klevar,1993 Since the 1930s Erskine Caldwell s writings have provoked laughter and pathos curiosity and disbelief His perplexing characters comically motivated only by their instincts for survival allowed Caldwell to illustrate the duality of human nature as he explored the social issues of his times in such celebrated novels as *Tobacco Road* and *God s Little Acre* Behind Caldwell s social protest and his comic characters lay a man whose life imitated art A rural southerner who later moved among the movie industry s famous and powerful Caldwell led a life as compelling as any of his fiction As Harvey Klevar weaves the threads of this life into the cultural tapestry of the times he explores the myriad of personal forces and world events that contributed in the 1930s to Caldwell s popular acclaim and later to his descent from literary grace A recluse in both his personal life and in his public writing Caldwell offered little direction to those seeking clues to his literary intentions Klevar argues that Caldwell should have shared more in the accolades heaped upon his contemporaries Faulkner Hemingway and Steinbeck but ultimately his personal idiosyncrasies encouraged his underestimation by the literary establishment Proving that a careful reappraisal of Caldwell s life lends critical insight into his writings and career Klevar s work unveils an inventive artist who skillfully combined social phenomena with personal experience to offer unique insights into the telling of the human story **Common Places** Dell Upton,John Michael Vlach,1986 Exploring America s material

culture Common Places reveals the history culture and social and class relationships that are the backdrop of the everyday structures and environments of ordinary people Examining America s houses and cityscapes its rural outbuildings and landscapes from perspectives including cultural geography decorative arts architectural history and folklore these articles reflect the variety and vibrancy of the growing field of vernacular architecture In essays that focus on buildings and spaces unique to the U S landscape Clay Lancaster Edward T Price John Michael Vlach and Warren E Roberts reconstruct the social and cultural contexts of the modern bungalow the small town courthouse square the shotgun house of the South and the log buildings of the Midwest Surveying the buildings of America s settlement scholars including Henry Glassie Norman Morrison Isham Edward A Chappell and Theodore H M Prudon trace European ethnic influences in the folk structures of Delaware and the houses of Rhode Island in Virginia s Renish homes and in the Dutch barn widely repeated in rural America Ethnic regional and class differences have flavored the nation s vernacular architecture Fraser D Neiman reveals overt changes in houses and outbuildings indicative of the growing social separation and increasingly rigid relations between seventeenth century Virginia planters and their servants Fred B Kniffen and Fred W Peterson show how following the westward expansion of the nineteenth century the structures of the eastern elite were repeated and often rejected by frontier builders Moving into the twentieth century James Borchert tracks the transformation of the alley from an urban home for Washington s blacks in the first half of the century to its new status in the gentrified neighborhoods of the last decade while Barbara Rubin s discussion of the evolution of the commercial strip counterpoints the goals of city planners and more spontaneous forms of urban expression The illustrations that accompany each article present the artifacts of America s material past Photographs of individual buildings historic maps of the nation s agricultural expanse and descriptions of the household furnishings of the Victorian middle class the urban immigrant population and the rural farmer s homestead complete the volume rooting vernacular architecture to the American people their lives and their everyday creations *The Reinvention of Distinction*

Van Nguyen-Marshall, Lisa B. Welch Drummond, Danièle Bélanger, 2011-11-17 This pioneering collection brings together an international group of scholars to explore the Vietnamese middle class From the leisure pursuits of the colonial middle class to the impact of the new urban rich on landscape of the countryside this interdisciplinary volume explores the ways in which middle classness has been practiced in a wide range of contexts throughout the 20th century and into the 21st In addition to offering insights into how middle classness was and is constituted and negotiated this collection illuminates the cultural and social conditions of two distinctive periods in Vietnamese history Three historical chapters consider how middle class status was experienced and displayed under French colonialism and in 1960s republican Vietnam These chapters offer examinations of middle classness through recreation consumption and associational life Six contemporary studies examine the modes of experimentation and practice within middle class urban Vietnam Still a sensitive topic politically the contemporary middle class nascent but increasingly powerful is exerting a strong impact on the shape of contemporary society and culture as well

as on urban and rural landscapes This volume offers a series of studies which critically interrogate the practices of those who engage in or aspire to urban middle class lifestyles in Vietnam both in the past and in the present
