A Human Strategy Toward A Genuine Spirituality:

A Human Strategy Matt Berry,1999-05 A Human Strategy Toward a genuine spirituality It has become increasingly evident to me that it is indecent to reconstruct my life perhaps because I have chosen to set my inherited morality aside and look at the world from an amoral perspective Moreover my neighbor fears the collapse of his own morality through my private concern Can there be a more valuable orientation toward life Perhaps it is a type of death just as real as the final death to cast aside an old identity and become someone new Whatever the reason I have undertaken this experiment and in the process for the process have kept notes and am hereby putting them into some form Let me call it a book Perhaps this is the soft underbelly of a book exposed to the modern world to say that one can be happier and more valuable without a beyond that one can not only learn to be content with reality but can aggressively pursue greater and greater joy **Sense and Goodness Without God** Richard Carrier,2005-02-23 If God does not exist then what does Is there good and evil and should we care How do we know what s true anyway And can we make any sense of this universe or our own lives Sense and Goodness answers all these questions in lavish detail without complex jargon A complete worldview is presented and defended covering every subject from knowledge to art from metaphysics to morality from theology to politics Topics include free will the nature of the universe the meaning of life and much more arguing from scientific evidence that there is only a physical natural world without gods or spirits but that we can still live a life of love meaning and joy **Spirituality and Human Nature** Donald Evans,1993-01-01 Evans philosophy U of Toronto discusses spirituality and depth psychology being open and closed loving oneself sexuality and therapy and spirituality in connection with skepticism positivism and the paranormal positivism and the genuinely spiritual ethics mystical humanism and morality go **The Final Testaments Vol. 3** Uche Ephraim Chuku,2009-02 Lost children can return home safely if they possess critical information their names their parents names and their parents correct address Captive human spirits face a more monumental task since they animate human beings in the material universe incapacitated by the fall from eternal glory of perfection As humans we often give too much of our attention to mundane daily life forgetting our Father s name and where he dwells Worst of all many times we do not even realize we are lost Captive human spirits desiring spiritual salvation must first realize they are lost before they can rediscover their true selves If they don t know where they came from they cannot ask to return They must seek and find a genuine guide and friend who can help direct them along the right pathway Jesus Christ is the Father s sole redeemer for all the lost spirits in the universe He has the divine mandate of our heavenly Father and he is ready to help all who seek help concerning the stark realities of the material world We all live the story of the prodigal son and should choose to return to the true God through Jesus Christ **Real Teens** George Barna,2001-10-03 They are the digital generation the Mosaics a new wave of connected and decidedly upbeat young people who are anxious to make a positive difference in the world around them Skepticism once the hallmark of Generation X is waning as the prevalent attitude among teens As teens

change so must our way of teaching them and reaching them How can we effectively convey the eternal truths of the gospel to high tech information drenched highly mobile youth who believe themselves to be self sufficient What are the challenges we face in reaching out to the Mosaic generation And what are the opportunities they present Once again George Barna points the way

The Sword and the Self: A Guide to Discovering Your Authentic Power Robert W. DeHaven,2025-07-06 The privilege of a lifetime is to become who you truly are Carl Jung Arthur stands before the sword embedded in stone unaware that this moment will change everything Not because he is special but because he approaches it with readiness rather than force service rather than ambition The blade yields to his touch as easily as if it had been waiting for his hand alone What Arthur discovers and what this book reveals is that authentic power cannot be seized but only recognized and consciously claimed His legendary journey from unknown boy to conscious king illuminates the universal path that awaits every human being ready to discover their own royal nature The Royal Road of Development Drawing on Carl Jung s depth psychology and Joseph Campbell s hero s journey this book decodes Arthur s transformation as a living map for your own development The Sword in the Stone Recognizing the authentic authority that exists beneath layers of conditioning and social adaptation Excalibur and the Lady of the Lake Integrating conscious power with spiritual wisdom and receptive intelligence The Round Table Creating communities where individual authenticity serves collective flourishing The Grail Quest Moving beyond external achievement to discover the spiritual meaning that gives life purpose The Return to Avalon Transforming personal development into lasting legacy and consciousness transmission A Technology of Transformation Unlike conventional leadership approaches that focus on managing others Arthur s path emphasizes the inner development that makes authentic authority possible Each stage reveals how psychological integration and spiritual maturity create the foundation for sustainable influence and meaningful service Whether you re leading a family organization or simply seeking to live with greater consciousness and impact Arthur s principles offer guidance for the adventure of becoming who you truly are in service of something greater than personal satisfaction Your Own Adventure Awaits The sword that calls to you may not be embedded in literal stone but the authentic authority you re capable of exercising awaits your conscious recognition Your Round Table however large or small needs your wise and compassionate leadership Arthur s story reminds us that the royal nature we seek was never his alone but represents the archetypal possibility that exists within

every human being willing to undertake the journey from unconscious potential to conscious authority

Towards an Incarnational Spiritual Culture Gordon E. Carkner, 2024-01-29 Rooted in the robust discourse of eminent Canadian philosopher Charles Taylor A Secular Age this book takes the reader on a journey of deep reflection and discovery Many things in today's culture misdirect seduce and confuse younger generations when they actually need wise mentors with integrity The discussion clarifies some of the core issues at stake in the late modern identity quest In the process it unpacks some of the most profound implications of the miraculous incarnation for personal flourishing The author introduces us to the power of dialogue with both divine and human interlocutors We are brought around the table for mutual engagement while receiving a compelling vision for life The discussion is deeply embedded in a rich understanding of the Judeo Christian Scriptures The effect is to spark a lively faith and culture investigation The crucial question we are left with is this Do we intend to be our own gods in some gnostic permutation to invent ourselves from the ground up according to our own individual design Or should we investigate a relationship with God and agape love that can be life transforming freeing and anchoring Which direction will lead to a grounded resilient identity

woven into history not as rivals to His revelation but as signposts pointing back to Him And they all find their fulfillment in the One who declared I AM the truth you've been chasing John 14:6

Your Sun Sign as a Spiritual Guide Swami Kriyananda, 2013-10-07 What sets this book apart from other astrology titles is Kriyananda's focus on the spiritual potential of each sun sign rather than focusing mainly on the karmic limitations It is so common to hear generalizations such as Leo is proud and Taurus is stubborn In his book Kriyananda shows how with awareness, attention, and will one can cultivate the higher potential of his sign leading to greater fulfillment and success Leo can shine as a channel of light and creativity without pride if he remembers that Spirit, not ego, is the doer Taurus can be the essence of loyalty and perseverance without being stubborn if he develops an inner fixity of purpose while practicing an outward flexibility In other words the horoscope shows karmic patterns of energy We can learn to work with these energies and develop their more refined higher octaves which will then magnetize new possibilities into our lives The fundamental point is that the horoscope shows one's karmic energy situation but not who he really is the spiritual Self within Kriyananda's approach is to encourage and inspire one's Self to awaken and to express itself through the sun sign Within each of us is vast potential to be awakened *Your Sun Sign as a Spiritual Guide* is a beautifully inspiring book that will open doors and encourage one in this direction This book also guides the seeker to an understanding of the subtle aspects of the spiritual path as it manifests for him through his particular sun sign Yogic understanding is rich and often runs counter to prevailing thought So too with astrology the reader will find vistas of understanding opening as he takes the words and guidance of this yogic view of astrology to heart This book reassures the reader that sun sign weaknesses can be spiritual strengths if pursued rightly It also warns one not to rest on the laurels of sun sign strengths but to go much deeper Concentrated deep wisdom is available to the seeker in this brief, easy-to-digest book that helps the reader to understand himself and others from a higher perspective
