## **A Hundred Miles Of Bad Road An Armored Cavalryman In Vietnam 1967 68:**

*A Hundred Miles of Bad Road* Dwight W. Birdwell, Keith William Nolan, 1997 Recounts Birdwell's experiences in the tank warfare of the Vietnam War from his early confident days in 1967 through the nightmare of the Tet Offensive to the demoralization in 1968 when he rotated out *Professional Journal of the United States Army*, 1998 **Voices from the Vietnam War** Xiaobing Li, 2010-05-07 Some of this book is heartrending some of it is as gripping as a thriller and all of it will add to our understanding of the war Booklist The Vietnam War's influence on politics foreign policy and subsequent military campaigns is the center of much debate and analysis But the impact on veterans across the globe as well as the effects on individual lives and communities is a largely neglected issue As a consequence of cultural and legal barriers the oral histories of the Vietnam War currently available in English are predictably one sided providing limited insight into the inner workings of the Communist nations that participated in the war Furthermore many of these accounts focus on combat experiences rather than the backgrounds belief systems and social experiences of interviewees resulting in an incomplete historiography of the war Chinese native Xiaobing Li corrects this oversight in *Voices from the Vietnam War* Stories from American Asian and Russian Veterans Li spent seven years gathering hundreds of personal accounts from survivors accounts that span continents nationalities and political affiliations The twenty two intimate stories in this book feature the experiences of American Chinese Russian Korean and North and South Vietnamese veterans representing the views of both anti Communist and Communist participants including Chinese officers of the PLA a Russian missile training instructor and a KGB spy These narratives humanize and contextualize the war's events while shedding light on aspects of the war previously unknown to Western scholars providing fresh perspectives on a long discussed topic Li's achievement is most remarkable for the window he opens onto the lives of Chinese and Russian veterans their rare accounts appear here for the first time in English Publishers Weekly *Quarterly Review of Military Literature*, 1998 *Rolling Coffins* Brian Richard Esher, 2015-01-06 An infantryman's honest account of his experiences during the controversial Vietnam War this book chronicles the courage and dedication that the American soldiers demonstrated while away from loved ones in a foreign land where hanging by a thread was the norm every day It openly discusses the challenges and sacrifices each man had to make in order to survive and protect the lives of his comrades and it casts a light on the shortcomings of the US government and of those in authority who could have abated the terrifying number of casualties through proper planning and sound judgment The author Brian Richard Esher had witnessed firsthand the horrors of the war and had many close encounters with death He was sent to Vietnam in 1968 the worst year in terms of casualties He served with the 25th Infantry Division 4th Battalion of the 23rd Infantry Mechanized and received several medals including the second highest military award for valor the Distinguished Service Cross *Air Force Magazine*, 1997-07 *Armor*, 2001 **Military Review**, 2014 *Sub-Saharan Africa & U.S. National Interests* Anthony D. Marley, 1998-06 Four articles include U S national interests in Sub Saharan Africa a military

model for conflict resolution in Sub Saharan Africa phantom warriors disease as a threat to U S national security and military downsizing in the developing world process problems and possibilities Also includes a 24 page report U S Security Strategy for Sub Saharan Africa 1995     **Parameters** ,1998     *Air Force and Space Digest* ,1996     *Veteran Narratives and the Collective Memory of the Vietnam War* John A. Wood,2016-04-25 In the decades since the Vietnam War veteran memoirs have influenced Americans understanding of the conflict Yet few historians or literary scholars have scrutinized how the genre has shaped the nation s collective memory of the war and its aftermath Instead veterans accounts are mined for colorful quotes and then dropped from public discourse are accepted as factual sources with little attention to how memory no matter how authentic can diverge from events or are not contextualized in terms of the race gender or class of the narrators *Veteran Narratives and the Collective Memory of the Vietnam War* is a landmark study of the cultural heritage of the war in Vietnam as presented through the experience of its American participants Crossing disciplinary borders in ways rarely attempted by historians John A Wood unearths truths embedded in the memoirists treatments of combat the Vietnamese people race relations in the United States military male female relationships in the war zone and veterans postwar troubles He also examines the publishing industry s influence on collective memory discussing for example the tendency of publishers and reviewers to privilege memoirs critical of the war *Veteran Narratives* is a significant and original addition to the literature on Vietnam veterans and the conflict as a whole     **Army** ,1997     [Books in Print Supplement](#) ,2002     **The Journal of Military History** ,1998 Includes scholarly articles and book reviews on topics in military history     **The Publishers Weekly** ,2000     *Search and Destroy* Keith W. Nolan,2010-07-08 Using firsthand accounts from Vietnam soldiers this book tells it like it is warts and all an honest account of a cavalry squadron s experience Military Review The 1st Squadron 1st Cavalry Regiment of the 1st Armored Division deployed to Vietnam from Fort Hood Texas in August 1967 *Search and Destroy* covers the 1 1 s harrowing first year and a half of combat in the war s toughest area of operations I Corps The book takes readers into the savage action at infamous places like Tam Ky the Que Son Valley the Pineapple Forest Hill 34 and Cigar Island chronicling General Westmoreland s search and destroy war of attrition against the Viet Cong and North Vietnamese Army Exploring the gray areas of guerrilla war military historian Keith Nolan details moments of great compassion toward the Vietnamese but also eruptions of My Lai like violence the grimmer aspects of the 1 1 s successes *Search and Destroy* is a rare account of an exemplary fighting force in action a dramatic close up look at the Vietnam War Nolan s research his comprehension of the political as well as the military actions his careful concern for those who were there and most of all his writing are superb Stephen Ambrose     *Historical Dictionary of the War in Vietnam* Ronald B. Frankum Jr.,2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One

way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War *American Indian Culture and Research Journal* ,2004 *Gorgeous War* Tim Blackmore,2019-10-29 Gorgeous War argues that the Nazis used the swastika as part of a visually sophisticated propaganda program that was not only modernist but also the forerunner of contemporary brand identity When the United States military tried to answer Nazi displays of graphic power it failed In the end the best graphic response to the Nazis was produced by the Walt Disney Company Using numerous examples of US and Nazi military heraldry Gorgeous War compares the way the American and German militaries developed their graphic and textile design in the interwar period The book shows how social and cultural design movements like modernism altered and were altered by both militaries It also explores how nascent corporate culture and war production united to turn national brands like IBM Coca Cola and Disney into multinational corporations that had learned lessons on propaganda and branding that were being tested during the Second World War What is the legacy of apparently toxic signs like the swastika The answer may not be what we hoped Inheritors of the post Second World War world increasingly struggle to find an escape from an intensely branded environment to find a place in their lives that is free of advertising and propaganda This book suggests that we look again at how it is our culture makes that struggle into an appealing Gorgeous War

Delve into the emotional tapestry woven by Crafted by in **A Hundred Miles Of Bad Road An Armored Cavalryman In Vietnam 1967 68** .
