Kim Dority, 2012-10-03 A must have guide of professional development resources for library staff at every phase of their career from those just entering the field to paraprofessionals building a career trajectory to seasoned librarians looking to explore additional career options Thousands of students graduate with a Master of Library and Information Science degree every year Unfortunately budget cuts at libraries diminish

available job opportunities and prompt administrators to hire less qualified and less expensive professionals. However, armed with the right information, library science professionals can successfully build and sustain a resilient library and information science LIS career inside or outside the traditional library setting. LIS Career Sourcebook: Managing and Maximizing Every Step of Your Career provides a chapter-by-chapter overview of key career stages and strategies and identifies for each the best information resources to help readers develop a successful LIS career. The author lays out the typical stages that workers are likely to encounter as they move through their professional life, highlighting important issues associated with each stage and providing insights and resources for making smart career choices along the way. Covering the entire career lifespan from entry level to retirement, the resources cited will help readers make informed choices about career options, professional development, and personal career satisfaction.

What Do Employers Want? Priscilla K. Shontz, Richard A. Murray, 2012-06-05. A candid, comprehensive, and insightful explanation of what library school students need to do in order to maximize their chances of getting a professional position immediately after graduation. While library schools provide graduates with a solid understanding of library science concepts, many diploma holders have no clear plan for finding a desirable job with their knowledge. The information in *What Do Employers Want: A Guide for Library Science Students* will be extremely valuable for students currently in a Masters of Library Science program as well as recent recipients of MLS degrees, regardless of what kind of work environment they wish to work in. The book guides readers through the process of planning a job search, step by step. Divided into two major sections, the student experience and the job search, the authors provide critical advice derived from their combined 30 years of real-world field experience. Specific topics include choosing classes, gaining practical experience while in school, establishing a professional image, gaining skills that make applicants more marketable, writing effective resumes and cover letters, interviewing, and negotiating a job offer.
